THE \$100,000 RAISED .- Portland has succeeded in raising the \$100,000 subsidy asked by Ben. Holladay, and of course her people rejoice thereat. This fact was immediately telegraphed to Ben Holladay at Washington City. We learn that immediately after it was made known that the full amount was raised, Mr. W. L. Halsey, Vice President of the O. & C. Railroad Company, asserted publicly that the West Side road would be constructed and the cars running thereon, to a point beyond Hillsborough, before the first of November next. We rejoice with the people of the West-side that they have at last secured a railroad, and that they will soon be in the enjoyment of all the "privileges and immunities" arising therefrom. It was tough work, to raise that hundred thousand, and for a long time the chances looked exceedingly thin; But a grand final effort was made, and the amount was subscribed. We can all Best brohugh now; but it was really no laughing matter up to almost the very last lour. But now we throw up our cap, and lustily hurral for the West Side Railroad.
