

Subscribers finding an X after their name will understand that their subscription expires with that number, and they are invited to renew their subscriptions. Terms—\$3 per annum, in advance; six months, \$2; three months, \$1.

LOCAL AFFAIRS

AGENT.—Mr. J. M. Baltimore, general newspaper, advertising and collecting agent, Portland, Oregon, is authorized to act as agent at that point for the REGISTER.

WORK PROGRESSING.—Mr. Jason Wheeler is pushing his contract on the Willamette Valley & Cascade Mountain Wagon Road vigorously. Over five hundred yards of the grading, from the first crossing, has been completed in good shape, and all dispatch will be used in finishing the two miles of grading which he has undertaken.

EARLY ROSE POTATO.—We are indebted to our large hearted friend, Mr. John Luper, for a sack of potatoes of the "Early Rose variety." They are a most excellent variety, are easily cultivated, hardy, grow to a large size, and come into market earlier than any other variety.

GERMAN CIRCULARS ON OREGON.—We have received from Mr. William Davidson a copy of some circulars which he has had printed in the German language, for gratuitous distribution throughout Germany, Denmark, Norway, and Sweden.

CHRISTIAN COLLEGE.—We learn from Mr. F. S. Powell, that work on the new college building at Monmouth will commence as soon as the weather will permit. The building is to be of brick, 74x30 feet, two stories high; the upper story to be used as a chapel, the lower story being divided into two rooms and used for school purposes.

PERSONAL.—Dr. Piesmer left us for Portland, on Monday morning, to commence at that point the work of repairing the telegraph line.

MR. ABE HACKLEMAN, reported drowned last week, arrived home all right.

MR. J. M. ROSE, one of our oldest and best citizens, removed to Watsburg, W. T., during the week.

REV. MR. TODD has resigned the pastorate of the Methodist society of this city.

MR. A. B. PAXTON intends visiting up his business matters in this city shortly, that he may join his family at the old homestead.

MRS. DR. GEARY has returned from her visit to the East.

T. H. OSBORN, Esq., was in the city on Friday—will remain several days.

NEW GOODS.—Blain, Young & Co., have received the bulk of their new stock of Spring and Summer dry goods, etc., which they have placed on exhibition at their large store-room on First street.

P. C. HARPER & CO. have received a portion of their new goods, which they are now opening. These fancy silk dress goods and other novelties will arrive next week.

MEANS, COWAN & CO., also, have been adding new lines to their stock of Broadcloth and N. S. Dubois keeps a first-class stock of groceries and provisions. All orders conveyed to the residences of customers free of charge.

FRESH PRODUCE, etc., at Hillbald & Co's. Geo. W. Young, by fair and liberal dealing, and keeping the best of everything on sale, is building up a lucrative trade. Store on the corner of Broad and First streets.

R. CHEADLE & CO. are constantly receiving large additions to their stock, and are selling the same at very low figures for cash.

UNDERTAKERS grow rich and the grave yards rock with the moldering bones of thousands who prematurely fall as victims to the merciless troyers, Catarrh, Bronchitis and Consumption.

DR. SAGE'S CATARRH REMEDY, while for the cure of the two latter diseases nothing equals Dr. Pierce's Alt. Ext. or Golden Medical Discovery. Both medicines are sold by druggists, or the Catarrh Remedy may be obtained by enclosing sixty cents to Dr. R. V. Pierce, Buffalo, N. Y.

RESIDENCE DESTROYED BY FIRE.—On Thursday night of last week the residence of Mrs. Dinawid, who lives about seven miles south of this city, caught fire from a defective chimney, and burned to the ground. The fire had made such headway before it was discovered by the family that nothing was saved—clothing, furniture, house, and all were burned. We understand that a subscription has been circulated, and \$100 raised to aid the unfortunate family, which consists of Mrs. Dinawid, three daughters and one son.

THE BAR.—The legal fraternity has been well represented here during the week. Among the most prominent legal talent from abroad we notice Messrs. Chenoweth, John Burnett, R. S. Strain, Judge Kelsey, of Corvallis; B. F. Bonham, R. Williams, C. N. Terry, and C. G. Curli, of Salem; J. N. Dolph, E. F. Russell and J. Quinn Thornton, of Portland; N. E. Bates, of Polk county; Judge Thompson, and others whose names have escaped our memory.

MILLINERY STORE.—Mrs. J. G. Reed commences opening a new millinery and dress making establishment, on the corner of Broad and Second streets, about the 16th instant. Mrs. Reed's acknowledged taste and neatness in the selection and manufacture of millinery, will secure her at once a large custom.

TO BE REPAIRED.—The Concert given by the members of the M. E. Sunday School in this city last week, was well received, but there is some talk of a repetition. It will be it.

BUSINESS.—Has been brisk during the week, the pleasant weather and the sitting of the Circuit Court bringing a larger number of people into the city than usual.

AN INCIDENT.—On Wednesday evening, (so the story was related to us), the jury in the case of Marion vs. Linn county, finding it very difficult to agree, by taking up a collection and securing one dollar and a half, and handing the same to Uncle Job Powell, induced him (Uncle Job) to enliven the otherwise tedious hours by singing. Uncle Job has long enjoyed an enviable distinction as a splendid vocalist; and as an evidence of the effect of music on the minds of the most obtuse of mankind, we are told that one or two of his best efforts only were required to soften those obstinate men, and bring them to a unanimous conclusion in the matter before them. Uncle Job, although growing old, has lost none of his power over the hearts of men. Selah.

REAL ESTATE TRANSFERS.—For the week ending March 31st: B. W. Crooks to R. W. Helm; consideration, \$1,000. Mary E. Churchill to W. H. Churchill; consideration, \$1. Martin & Smith, adms. of Thos. Martin, dec'd., to John Love; consideration, \$22. John D. Love to W. H. Greenwood; consideration, \$121. D. B. Hilt to Indiana Hilt; consideration, \$200. W. V. & C. M. W. R. Co. to Jacob Nye; consideration, \$40. E. D. Sloan to E. Cartwright; consideration, \$1,000. Hiram Bond to Joseph Pearl; consideration, \$3,900. A. J. Warner to David Simons; consideration, \$200. J. B. Burnett to Walter Huston; consideration, \$3,500. A. Hackleman to O. C. Railroad; consideration, \$1. Jas. Elkins to O. C. Railroad; consideration, \$1. Indiana Hilt to Thos. E. Grimes; consideration, \$1,800. Miller Morgan to J. B. Roberts; consideration, \$200. State of Oregon to H. Joseph; consideration, \$100. Same to H. Brewer; consideration, \$200. Same to N. Bates; consideration, \$48. Same to same; consideration, \$164 62.

DEATH OF STEPHEN T. CURBER.—The many friends of Mr. S. T. Curber in this vicinity will be pained to learn of his death, which occurred at Santa Clara, California, on the 28th of March. Some weeks since it was announced that he had left his home in Salem for California, soon after followed by his wife, in the hope that a more genial climate would prove beneficial to his health, which had been gradually declining for two or three years. But the fell-deceiver had gained too firm a hold, and Stephen has gone from among us. Peace to his ashes.

SUNDAY SCHOOL CONCERT.—The M. E. Sunday School propose giving a concert on next Thursday evening (April 6th), in the Methodist Church. A splendid program will be offered on that occasion, entirely different from the concert given a few evenings since in that church. As the first concert met with such unanimous praise, we predict for this occasion a still greater popularity, and advise all who wish to spend a pleasant evening to be on hand. The proceeds are to be devoted to the purchase of a library for the Sunday School.

COURT ITEM.—In the matter of the suit of Marion county against Linn county, to obtain judgment for the arrears and expenses incident to the taking care of a sick person, alleged to be a citizen of the latter county, the jury after a prolonged absence, brought in a verdict for Marion county. By this decision Linn county will have to pay Marion county \$431 76.

WATCHES AND JEWELRY.—Mr. J. D. Titus is still to be found at the old stand, ready to take the measure of your pocket book for repairing jewelry, cleaning and making as good as new watches or clocks, or will sell you, at reduced prices, the newest styles of jewelry, solid silver or plated ware, gold or silver time-keepers, etc. He has a good stock, deals on the square, is a clever gentleman, and deserves his present popularity and good success.

QUARTERLY MEETING.—For this charge, will be held at the M. E. Church on Saturday and Sunday (April 8th and 9th) next, Rev. Mr. Doan, Presiding Elder. The eleven o'clock discourse on the 9th will be delivered by Mr. Doan, on the subject of "Reconstruction of the Dead." All are invited to attend.

SENTENCE.—In the United States District Court, Judge J. D. Prentiss, presiding, Andrew Wilby, indicted for selling liquor to an Indian, was sentenced to one year at hard labor in the penitentiary, and to pay a fine of one hundred dollars, March 25th.

GOOD IDEA.—If you want to make your friends back in the East think you have grown handsomely by a residence in Oregon, go to Winter & Paxton, and they will take a "Rembrandt" that will make you look just as handsome as anybody. In the way of handsome pictures these gentlemen are awful reckless.

REMOVAL.—Our musical friend, E. W. Pike, has removed his stock of goods to the store-room formerly occupied by A. Carothers & Co., three doors above the old stand, where those in want of musical instruments, sheet music, stationery, books, toys, etc., should apply.

GIPSIES.—A band of Gipsies have taken up their residence in the vicinity of the grave-yard and are driving quite a business in the fortune-telling line. According to their predictions two of our citizens are to be hung in November.

CONDOLENCES.—Our friend Bill Hand, of the Dalles Mountaineer, has been "poison-oaked." Bill was terribly "swelled" up in consequence, and the boys had to run the paper. He has our sympathy in his sore times.

HANDSOME.—We have reference now more especially to those late style dress patterns at Blain, Young & Co's.; but they have any number of novelties, which all should see to appreciate. Drop in.

U. S. LAWS.—The REGISTER has again been selected to publish the public acts and resolutions passed during the session of the Forty-second Congress. We shall list them, as heretofore, in 12 supplemental forms.

THANKS.—To Judge Williams for various Congressional documents.

TO SENATOR CORBET for copy of the monthly report of the Department of Agriculture.

BEER.—Mr. Wm. Tally brought us a bottle of beer manufactured at his brewery in Corvallis. It was pronounced by a good judge as A. 1. It is rather a pleasant summer beverage.

MR. J. B. BARNFORD, of Peoria, proposes to start on a trip of several months' duration, prospecting the country north and east of Oregon, and has promised to favor us with an item now and then.

PLOWING.—The pleasant weather inaugurated the present week has started our farmers to work and considerable plowing has already been done.

DEPTH OF SNOW.—Last week the snow in the pass on the Wagon Road sixty-four miles from this city, was reported as five feet deep.

GOOD.—Cotton goods are considerably lower than they have been for years, a fact that may interest some of our readers.

ITEM.—In the way of weather we have been specially blessed during the week. With warm sun and bright skies, everybody feels better.

From the Salem Statesman: John Smith, a Wasco Indian, who was sent to the Penitentiary for a larceny in Fitzgerald's store, has been pardoned by Governor Grover. J. A. Johns had a few sheep drowned on the island above Salem during the high water. Sam Parker has purchased the Mansion House in Salem, for \$4,500. He sold eighty acres of land to Peter Miller for \$2,500. The late high water drowned a large number of squirrels and rabbits. The skating rink in Salem attracts large crowds.

From the Corvallis Gazette of March 25th: During the past week the ferry at this place was impracticable by reason of high water. The Corvallis College is in prosperous condition. From the Eugene Journal of the same date: Coyotes are killing sheep to an alarming extent in Lane county. Much interest is felt in the coming charter election. Real estate transactions have been lively in Lane county, at much improved prices. Grass is growing splendidly in Lane. The Springfield Mill Company have four hundred barrels of flour ready for shipment. Wheat is quoted in Eugene at 90 cents per bushel; potatoes, \$1 per bushel; lard, 123 cents, and hams, 16 cents per pound; wool, Spring clip, 22 cents; Fall clip, 18 cents per pound. Under date of the 20th March, a correspondent of the Baker City Democrat writes:

We are now assured of a very good mining season, and the country is financially saved. Hydraulic pipes, pumps, shovels and sluice boxes are brought to the front and are taking position to storm the gravel banks. The canyons are growing somewhat lively, and in the shades of evening exhilarating liquids disappear like a dissolving vial over gay saloon crowds; and the tiger is fought to a small extent by the courageous few. Things indicate that we will want large supplies of flour, beef and bacon from your valley this year. Our quartz and placer mines have been well prospected by assays, mill tests, tunnels and hydraulic mining during the last year, showing them to be rich and inexhaustible, and they are less worked out than any others that I know of on the Pacific side of the continent. The tunnels and shafts of the Rockyfellow mine, some eight miles from here, long since established the fact that it was a permanent paying gold quartz lode, and having in effect prospected this region; for I set it down as a geological fact that where there is one good paying quartz lode others will be found not far off, and recent discoveries here, as in other camps, verify the fact.

The quartz mill at this place has crushed thousands of tons of rock from the Rockyfellow lode, and the product of gold from the same has been enormous. The mine and mill is now owned by Messrs. A. H. Brown and J. W. Vintner. Mining has commenced at Rye Valley; also on Salmon Creek, near Pocatontos, and hydraulic pipes are in full blast with plenty of water. The North Star quartz lode, at Hogon, Eagle Creek, is a huge thing. Carter & Co. are panning out a dollar to the pound from rock. These Union county mines are rich mines, and the Gem City lode, purchased by Packwood, White & Stewart and others, and contract let to Fulford & Co. to take out 400 tons of rock. I saw some of the rock taken from the incline, 170 feet deep, that shows fine gold and looks well. The rock will be crushed on the ten-stamp mill purchased by the Company with the mine. The mill will crush eighteen tons per day. The saw mill, driven by same engine, cuts 6,000 feet of lumber per day. Chinamen are flocking into Eagle Creek.

From the Lagrange Democrat of March 22d: Business has been steadily improving within the last month. The grain sown is already growing fine at the Cove. With an ordinary season, Grande Ronde Valley will have plenty of grain to sell this year. Reports from the Cove state that it is improving very fast, and many new buildings are being erected. Spring travel to the various mining camps of Union and Baker counties has commenced. Parties en route for Eagle Creek and the Shasta mines daily pass through this city, giving everything an appearance of unusual life. The favorable report from the mining districts referred to are the cause of the commencement of travel this early in the season. Many will go to the mines in Eastern Oregon this year, and the indications are but few who really want to return in the Fall. The chances for a brisk business in the mines this present season are altogether favorable, and brisk business, it is very likely, will soon drive away "dull times."

From Mr. D. H. Leavell, recently arrived from the vicinity of Pendleton, we learn that the late thaw in the mountains caused the Unatilla river and McKay's creek to overflow their banks, and do considerable damage to the farmers residing near these streams by washing away their crops, already planted, and in some instances, growing freely. The fences were carried away by the water and things torn up generally. Mr. L. could give us no estimate of the damage done, but thinks it would run up into the thousands. The crops in Unatilla county are reported to be growing finely. The amount of grain sown this year exceeds that of last season, and if nothing unlooked for happens, the yield will be large in proportion. The town of Pendleton, the present county seat of Unatilla county, is rapidly improving, and any number of new buildings are being erected.

British Columbia. The Victoria Standard of March 22d furnishes these: George Pearkes, Esq., a pioneer and noted attorney of Victoria, and formerly Attorney General of British Columbia, died a few days ago. He was a native of Guilford, Surrey, England, and a Freeman of long standing. A concert in aid of the suffering French will be given in Victoria, April 3d, under the patronage of Sir James Douglas.

The rush for the Skeeney river and Germanen mines has commenced. The Cowichan Indians are pestering the white settlers of the Islands in the Gulf of Georgia. The Germans of Victoria had a grand celebration on March 22d. St. Patrick's Day was observed in Victoria. Father Kirley preached the sermon at St. Andrew's Church.

Four sailors belonging to the ship Clarendon, loading lumber at Barrard Inlet, were drowned March 15th, in attempting to desert the vessel, and whilst on the way to reach a port on Puget Sound.

Packet trains for the Germanen-creek mines have been sent to Skeeney river by the steamer Otter, for the trail between the forks of Skeeney and Tattle Landing. The Westminster Guardian reports Mount Baker was in eruption on the night of March 15th.

The Corvallis Sentinel of February 23rd reports a tremendous storm of thunder and lightning, the like of which was never experienced there before.

John Metz, an old Caribouite, had his feet badly frozen recently, while going to Keithley creek.

A Caribou letter of February 27th says: Times are dull here, but promise fairly for the coming season. Peace river fever runs high here, and doubtless many men will shortly leave us for the more exciting gold fields of Ouninea.

The municipal tax for the year is four and a half mills.

Financial and Commercial. Gold in New York at 110. Greenbacks at 90 3/4.

San Francisco markets show little change. We quote: Flour—No change in rates. Wheat—Market inactive but firm at \$3 40 @ 2 1/2. Oats—Sales of light at \$1 55; good at \$1 65. No change in Albany markets worthy note.

MARRIED. In the city of Portland, on Wednesday, March 29, 1871, at the residence of Judge E. F. Russell, by the Rev. Geo. Atkinson, Miss Lizzie Eagles to Mr. Geo. Layton—all of Albany.

We give the parties to the above contract our blessing, with the fervent wish that they may never repeat the step they have taken.

GUSTAVE TOUCHARD, Pres. CHAS. D. HAVEN, Sec'y. J. G. HENDENHALL, Agent for Albany. Albany, 1871-15

THE NEW ENGLAND MUTUAL LIFE Insurance Company of Boston is the only company on this coast, governed by the Massachusetts Non-Forfeiture Law. This company was incorporated A. D. 1835, and has accumulated assets of over \$200,000 00. The following lapsed policies have been paid on this coast under this law:

Table with 4 columns: No. of policy, Over due at time of death, Amt. insured, Amt. paid.

Had the above policies been in any other company, they would have been forfeited. The above facts speak for themselves, and to the wise and prudent further comment is unnecessary. EVERSON & MIDDLEMISS, GENERAL AGENTS, SAN FRANCISCO. L. FLINN, Local Agent, Albany, Oregon. February 22, 1871-25

AGENTS WANTED. We want first-class and responsible Agents in every city and town where we have not already appointed them. We have just Published Our annual Illustrated Pamphlet, which contains a full description of the superior construction of the Patent Arion Piano-Forte, and all the other leading Pianos of the principal makers, illustrated with every detail, and with other first-class Pianos, and proving Why and Where Our Pianos are superior to any in the market. Our pamphlet contains engravings of all the different styles of instruments that we manufacture, giving a full description of each, so that a person can select the style they may desire to order, with the assurance that they will receive just as good a Piano as if they were in our warehouse to select it. We have sold over Five Thousand Pianos, many of them being shipped great distances, and we have never yet received the first complaint. As we give a written guarantee with every Piano we manufacture, for five years, the purchaser runs no risk. Don't fail to write for our pamphlet, which we will send you free, and when you write state what paper you see fit to use for it. N. B.—We caution the public from purchasing a cheap Piano, which has recently been put in the market, bearing the name "Arion." All genuine Arion Pianos bear the name "Patent Arion," and Arion Pianos bear the name "Patent Arion," and can only be purchased from our New York Warehouse, or our authorized Agents throughout the United States. All kinds of Musical Instruments Supplied. ARION PIANO-FORTE COMPANY No. 644 Broadway, New York City.

WISTAR'S BALSAM. The standard remedy for Coughs, Influenza, Sore Throat, Whooping Cough, Croup, Laryngitis, Bronchitis, Hoarseness of the Voice, and every affection of the Throat, Lungs and Chest, including CONSUMPTION. Wistar's Balsam does not dry up a Cough, but loosens it, dissolves the mucus, and allays irritation, thus removing the cause of the complaint. None genuine unless signed I. Wistar. Prepared by Dr. W. W. Wistar & Co., San Francisco, and Sold by Astor, Knickerbocker & Co., San Francisco, and by DeWitt's Family.

NEW ADVERTISEMENTS. PATENT ARION PIANOS. A FEW REASONS WHY THE ARION PIANO-FORTE has Greater Power than any other Piano-Forte manufactured. IT WILL STAND IN TIME LONGER and in its mechanical construction it is more perfect, and therefore, more durable than any instrument constructed in the usual modern style. The arrangement of the Action, the manner of stringing, the peculiar form and arrangement of the Iron Frame, Supercedes all Others. The use of a bar, which is a part of the Iron Frame on a line with the heavy steel stringing, gives Great Strength. Where most needed, and in this respect all other Pianos fail. The construction of the WREST PLANK, into which the Tuning Pins are inserted, is such that it is impossible for the pins to become loosened, or the WREST PLANK itself to split, as is too often the case in other Pianos. THE EXTRAORDINARY EVENNESS, Throughout the entire scale, the excellent Singing Quality, the Length and Purity on Vibration, All go to prove what we claim, viz.: that the Arion Piano-Forte is the Best Instrument Manufactured. In the Best Instrument Manufactured.

THE PATENT ARION PIANOS. Are used Exclusively in the AMERICAN CONSERVATORIES OF MUSIC of New York city. The most expert test a piano can receive is constant use in a Conservatory.

Read The Following: It affords me much pleasure to give you, in these few lines, a very sincere testimonial for the Piano Fortes of your manufacture. We have now used the "Patent Arion Pianos" in our Conservatories for years, and have had a fair opportunity of judging their durability during that time. The Pianos have been played upon almost constantly, from morning till night, and a Piano once indeed by a good one when it will bear such constant use without showing signs of deflection. As for remaining in tune, it not only stays in tune, but stays in tune, as compared to other Pianos with the ordinary metal agraffe arrangement, it is so striking that I have had pupils remark, while playing their lessons, that although they had at home what they supposed to be one of the best makes of Pianos, still that yours was very truly toned compared with the "ARION."

What makes them still more desirable is their uniform volume of tone, which enables an Artist to perform a composition in its proper style. In total, I can conscientiously endorse all that is claimed by the Arion Piano-Forte Company for their superior instruments, and I consider them superior to any other make. Congratulating you upon the great success you have obtained in the manufacture of so perfect an instrument, I remain yours, Very truly, HENRY SCHROEDER, Director. New York, September 2, 1870.

Agents Wanted. We want first-class and responsible Agents in every city and town where we have not already appointed them. We have just Published Our annual Illustrated Pamphlet, which contains a full description of the superior construction of the Patent Arion Piano-Forte, and all the other leading Pianos of the principal makers, illustrated with every detail, and with other first-class Pianos, and proving Why and Where Our Pianos are superior to any in the market.
