CITY Council-Met on Wednesday evening.

huge ones, a half dozen or so, sliced up and smothered in cream, being amply sufficient for a mod-8. That it has the best Feeding device, which will never wear out, get out of order, break needlinever wear out, get out of order, which all other feeds are liable to do. It makes every stitch of an equal length. It is stronger than other feeds. We can take a strong piece of cloth and put one end in our machine and the other end in any other machine, and guarantee that our machine will take the cloth from ticket agents have not all got in to the office at Omaha, the drawing has been postponed a few days, until full returns are all in. The drawing will doubtless transpire about the middle or latter part of the present month. Enough tickets have already been disposed of to insure the success of the enterprise. So say the Omaha papers, and so write Messrs. Lyford & Ca., the agents.

It has no complicated machinery, and therefore is not liable to get out of order. It has a beautiful movement, making nearly two thousand stitches per minute.

The BUCKEYE SEWING MACHINE makes the lock stitch, the same as the Howe, Wilson, Singer and Florence—slike on both sides. We predict that the St. Charles, under his management, will prove a big thing—exactly mesting for any machine on this coast that will make a stronger or more clastic stitch than the BUCK-EYE. For full particulars address,

MINER & PEARSON,

We predict that the St. Charles, under his management, will prove a big thing—exactly mesting the wants of the traveling community, and paning out well for Mont. Success to the old boy, anyhow.

New Paper.—Mr. Eli Carter issues to-day the first number of his Real Estate Special, a monthly journal which will be distributed free. It contains much valuable information with regard to Linn county, &c., which will be highly appreciated by all, especially people at the East who are
