We, the j rors summoned to hold an inquest on a dead body, after being daly sworn proceeded to investigate all the facts, so far as we could ascertain of the deceased. We find as follows: That the decreased was probably about 35 years old, of medium hight, and his name was Richmond or Richardson; that he came to his death by accidental drowning, about — April last, having fallon from a bridge across the Calapoois river, on the line of the Oregon and California railroad, about twelve miles south of Alinany. Dated Albany, July 18th, 1871. S. E. Young, Foreman; P. C. Harper, J. R. Herren, D. Mansfield, W. R. Gannon, A. H. Marshal.

Accident.—An accident happened on last Monday, at the Eugene ferry, by which two horses were drowned. As Mr. Marshal and wite—an aged couple—and a young lady were driving on the ferry boat the rope broke just as the horses gained a footing upon it, thereby letting the team and wagen into the river. Another borse was tied to the back of the wagen, and was also drawn into deep water, but by some chance the halter cam loosened. Mrs. Marshal by this time had become insensible, and Mr. Marshal almost drowned; but when the horse that was free raised to the top of the water he got his head entangled in Mrs. M.'s dress, Mr. M. seized the horse by the taff, and they were both carried safely to the shore, though in a very precarious situation. The young la y was saved by one of the hands on the boat.—Statesman.
