Eight reasons why the Buckeye S wing Ma-chine is superior to all others:

1. It is the simplest shuttle machine

7. The shuttle will wear longer than the shuttle in any other machine.

3. That it has the best feeding device, which will never wear out, get out of order, break needles, feed unevenly, slip on starched goods, or pucker the seam so that one part of the fabric will come out shorter than the other, which all other feeds are liable to do. It makes every stitch of an egoal longth. It is stronger than other feeds. We can take a strong piece of cloth, and put one sud in our machine and the other end in our machine and the other end in any other machine, and guarance that our machine will take the cloth from the other, in consequence of the su-
