And would respectfully invite all those wanting a first-class machine to call at our office and examine the different kinds of machines now on exhibition. If you want machines now on exhibition. If you want a Buckeye machine, if you want a Florence machine, if you want a Wheeler & Wilson machine, if you want a Singer machine, if you want an American machine, or if you want to exchange machines, or if you want your machine put in good running order call and see us. We are always ready and willing to show our machines. We will do our best to give satisfaction. Oil and needles kent constantly on hand for sale. Old machines taken in exchange for new ones.

for sale. On the for sale of the sale of the sale of the Buckeye Sewing Machine, the best selfing, the simplest and most durable shuttle machine on this coast. Liberal inducements offered. For particulars address, MINER & PEARSON.

Eight reasons why the Buckeye S wing Ma-chine is superior to all others:

1. It is the simplest shuttle machine 2. It has less wearing parts.
3. It has no small springs or compound

cranks.

4. It is better adapted to a large range of work without change.

5. It has less pieces of machinery.

6. It is less liable to break needles than

any other machine.
7. The shuttle will wear longer than the

7. The shuttle will wear longer than the shuttle in any other machine.

8. That it has the best feeding device, which will never wear out, get out of order, break needles, feed unevenly, slip on starched goods, or pucker the scam so that one part of the fabric will come out shorter than the other, which all other feeds are liable to do. It makes every stitch of an equal length. It is stronger than other feeds. We can take a strong piece of cloth, and put one end in our machine and the other end in any other machine, and guarantee that our machine will take the cloth from the other, in consequence of the superior strength of the feed.

It is the only feed strong enough to feed thick sole leather, sewing on shoe soles. No soaping the cloth or any other aid is required.

It has no complicated machinery, and

It has no complicated machinery, and therefore is not liable to get out of order. It has a beautiful movement, making nearly two thousand stitches per minute. The Buckeye Sewing Machine makes the lock stitch, the same as the Howe, Wisson, Singer, and Florence, alike on both sides. We offer a premium of one hundred dollars for any machine on this coast that will make a stronger or more elastic stitch than the Buckeye. For full particulars address, MINER & PEARSON, Gen. About one year ago I took a cold, which settled on my lungs. A violent cough was the consequence, which increased in severity. I expectorated large quantities of phlegm and matter. During the last winter I became so much reduced that I was confined to my bed. The disease was attended with cold chills and night sweats, A diarrhea set in. My friends thought I was in the last stages of consumption, and could not possibly get well. I was recomcould not possibly get well. I was recom-mended to try

CITY AND COUNTY.

LECTURES.-In the rush of business last week we omitted to mention the fact that the great champion of Woman's Rights, Miss Susan B. Anthony, lectured three times during the week, each time drawing large audiences. Miss Susan told a number of wholesome truths, and her lectures were well received. We wish her ample remuneration for her time, and pleasant and happy sojourn in Or-

Mrs. J. B. Frost, also delighted our citizens by delivering a lecture in the Court-house one evening last week, in which she combatted and entirely overthrew, in her estimation at least, the arguments of Miss Anthony on the woman's wrights question. Mrs. Frost is a lady of considerable ability, and she talks well. The Court-house was well filled on the occasion of her

MASSIVE TURNIP .-- On Saturday, through the politeness of A. N. Arnold. Esq., we were presented with a monster turnip, said turnip measuring thirty-six inches in circumference. It was raised by Mr. S. M. W. Hindman, at Camp Polk, about one hundred miles from this city, out on the Willamette Valley and Cascade Mountain Wagon Road, and, with others equally as large, was on exhibition at our County Fair. Mr. Hindman says that the field from which this monster was taken, was full of similar specimens, some of them even larger. Oregon has long been celebrated for her large red apples, extraordinary squashes and pumpkins, heavy yields of superior wheat and oats, and now she comes in and claims the belt on her massive turnips. Way out in the mountains, where it was thought nothing would grow to any profitable extent, they send us in a few dozen turnips that completly fill a common wagon-

hardly begun to be told. A GOOD WAGON .- On exhibition at the County Fair, was a two-horse wagon manufactured by our friend Mr. Wm. Peters, whose shop is on Ferry street, south of the REGISTER office. It was a strong, durable, wellmade and tastily painted vehicle, just such an one as the farmer wants-a wagon out of which the purchaser can get the worth of the cash invested in it long before it is worn out or unfit gence and refinement. We were for service. Peters is hard to beat in the manufacture of a good, lasting, light-running wagon-and the beauty of it is, he gets them up on the most reasonable terms.

GUIDE BOARDS .- The Willamette Farmer calls attention to this subject, and it should be attended to by all means. Great inconvenience and perplexity, as well as loss of time, would be saved to the traveler, if guide-boards were put up at the cross-roads thoroughout the State. Any one who has experienced the trouble of finding, or keeping in the right road while traveling through an unfamiliar country, will at once see the importance of these boards, and as far as possible contribute to the comfort of the traveling community by putting them up, or seeing that it is done.

PERSONAL .- Billy Tweedale and family arrived home in this city on Tuesday, after an absence of several months in Victoria. Welcome home. Mr. L. C. Hill, who is engaged in delivering lectures on the "Divine right of Kings, State and Church, freedom of speech, the press, liberty of conscience," etc., proposes to electrify our citizens shortly with one of his elegant and chaste essays. Go and

hear him. Miss Annie Bently, we are glad to ee once more among us, much improved in health by her sojourn among

the Britishers. Jason Wheeler, Esq., starts East in a few days on a visit. He goes York State to visit his mother, whom he has not seen for many years. We wish our Democratic friend a high old time, and a safe return.

NEW FIRM.—Our old friends, Messrs. Kirk, Hume & Co., of Brownsville, have formed a business co-partnership and have opened out a large stock of dry goods, clothing, boots and shoes, groceries and general merchandise, in that place, and as they are honest, capable business men, of well known integrity, they are bound to do a large business. Besides their store in Brownsville, they will soon erect a large warehouse in Halsey, and next season will be in readiness to purchase all the wheat, oats, wool, etc., that may be offered by citizens in that por-tion of Linn. It is a strong team and will win, sure. will be bearing and property and will are return trail with the regional

THIEF ARRESTED.—Information having reached Sheriff Irvine, that a robbery had been committed in Gervais on Sunday, together with a partial description of the supposed thief, on Tuesday Bob arrested a party answering the description, lodged him in jail, and sent forward word to Gervais of the fact. The fellow claimed that his name was Edward McBride, although he gave his name as Edward McIntyre when applying for work where he took the money. The man was token to Gervais on Wednesday, where he acknowledged committing the robbery. The facts of the case were thus related to us by Sheriff Bob Irvine: McBride, as we shall call him, applied on Saturday last at Mr. Thos. Hunt's, some three miles below Gervais, for work, stating that he was out of money. Mr. Hunt took compassion on the fellow, and set him to work. On Sunday Mr. and Mrs. Hunt went to church or to a neighbors, and when they returned in the evening, McBride was absent, and \$360 which had been in Mr. Hunt's strong-box, had also disappeared. As soon as possible a warrant was issued, and parties sent out in search of McBride. It seems that the thief took matters very leisnrly. After getting the money, he made his way to Silverton, where he purchased a horse, saddle and bridle, paying \$75 therefor. He also put in an appearance at a dance on Monday evening. Being of a roaming disposition, he soon tried of the "sylvan shades" of Silverton, and in his new "rig," with a pocket full of money. he came on to Albany. Here it seems he met many old acquaintances to whom he was indebted in various sums, varying from \$6 to \$20, and it is said this honest thief paid up all 'round. When arrested and searched by Sheriff Irvine he had on his person \$194 60 in coin, a watch for which he had paid \$20, and the horse above spoken of. He will doubtless soon be enjoying Bill Wad-

VISIT TO SALEM .-- We had the pleasure of meeting with Rev.'s Mr. Nickerson and Stratton, at the residence of the former, in Salem, last Sabbath. Rev. Mr. Nickerson is the popular pastor of the M. E. Church in that place, but is at present disabled bed and make a good load for a span from pastoral work in consequence of of horses? Oregon's possibilities have a contusion of the knee pan, received at the depot last Saturday evening by a fall. The injury is a painful one, and will require careful nursing to heal. The Rev. Mr. Stratton has but recently returned from a visit through the Sound region, where he has been prosecuting his business successfully as agent of the Methodist University at Salem. We were very much pleased with the thrifty appearance of Salem, and its general air of intellishown the plans of the new Mothodist Church, now in the process of erection there, the corner stone of which was laid with appropriate ceremonies to-day. The plan is a beautiful one, and the building, when completed, will be a magnificent structure. It is to cost \$30,000.

kinds' tender care.

ENLARGED .- Our readers will observe that the number of the REGISTER before them is considerably enlarged and otherwise improved. It is now the equal of any paper in Oregon in size. This has been done without any increase in the price, the REGISTER still being furnished to subscribers at \$3 00 per annum. We hope that the increase in circulation will amply justify us in the great expense incurred in the purchase of an entire new office. If the friends of the REGISTER will still continue to speak a good word for it, we shall soon be able to add other new and attractive features soon. In the mean time, how do you like the REGISTER?

JURY LIST .- The following named gentlemen have been drawn to serve as jurors during the October term of the Circuit Court for Linn county: Aaron Condra, J. W. Dawson, Wm. Cyrus, J. A. Pennebaker, A. M. Shelton, Joseph Yates, Miles Cary, I. S. Mansfield, H. G. McDonald, R. Cheadle, F. M. Smith, W. H. Thompson, Geo. Leeper, N. Price, R. B. Willowby, W. W. Ray, A. W. Star. ard, Willowby Churchill, A. S. Bassett, Isaac Hays, H. A. McCartney, Joseph Moist, Jacob Thompson, John Layton, John Tabor, T. J. Stiles, D. M. Thompson, Robt. Montgomery, B. W. Cooper, Joseph Lame, and D. Simison.

IMPROVEMENTS .- The walls of John Conner's new brick Bank, on First street, are up ready to receive the roof. The masons have commenced putting up the walls of Thompson & Irving's brick building on First street. nearly opposite the new bank. By next fall we expect to see the blocks between Ferry and Washington streets built up entirely of brick.

BOUND OVER .- Geo. W. Saxe, the man who shot Zack Hogan in the arm during Fair week, has since had a preliminary trial before Judge Johns. who bound him over in the sum of \$200 to await the action of the Grand
