He informs us that the valley is upon her health. The second daughtmuch more densely populated than er is also afflicted. With the many the Willamette valley, and that there friends of "Mac," we hope that the is no better conarry for stock range on change may prove beneficial to all of the coast. The Colonel was some four or or five days making the trip, and during that time he passed sixty-two wagons, loaded with people and household goods, all heading for "fresh fields and pastures green" in which to locate. Four years ago civilization; now you must travel nearly one lundred miles further to get beyond the "settlements."

WHEAT RECEIPTS .- We learn from Mr. Jas. H. Foster, of J. H. Foster & Co., that there has been received at the Magnolia Mills so far this season, some 75,000 bushels of wheat. Messrs. Beach, Montieth & Co., at the City Mills, have received and contracted for 120,000 bushels of wheat. Messrs. E. Cartwright & Co., at the Froman Buildings, report 120,000 bushels of wheat, 20,000 bushels of flax seed, and between 5,000 and 10,000 bushels of oats. Messrs. C. B. Comstock & Co., report received and contracted of probably 10,000 bushels, which would swell the sum total for this season to 400,000 bushels, and the wheat still comes pouring in. Quite a respectable number of our large farmers still hold their wheat for higher prices.

FINGER AMPUTATED .- On Monday, this city, in attempting to remove a cheap indeed, for an eight page paper. wine cask belonging to Mr. John Ganter, that through some mistake stock up to the standard by ordering and receiving orders by every steamer. RAILROAD SUBSIDY.—Hiram Smith, Esq., of Harrisburg, has a card elsewhere in this issue that is of importance to citizens of Harrisburg and vicinity. Read it carefully, and attend to the business at once.

A MOURNFUL TRAGEDY.-It becomes our painful thity to record another terrible accident, resulting in the loss of life, out on the Willamette Valley & Cascade Mountain Wagon Road. The terrible occurrence transpired on Tuesday evening last, about four miles this side of Clear Lake. Mr. James McKnight, an old and well known resident of this county. together with his family, were en route for Burch Creek, in search of a stock ranch, and briving reached a good camping place, the team had been unhitched from the wagon, and Alvin, son of Mr. James McKnight, was in the act of pulling the tent from the rear end of the wagon, when a gun lying there became entangled in the tent and was discharged, the whole contents thereof striking Alvin in the breast. After receiving the would, he reeled toward where his father was strading in front of the wagon, and with the exclamation, "I am shot," feil into his father's arms, and in a short time breathed his last. The family immediately returned to the old homestead, and the youth so suddenly and unexpectedly called from time to eternity, was buried at Sandridge, on Thursday. The Mountain Wagoa Road seems to be an unfortunate route, as it has been the scene of numerous accidents, a majority of which terminated fatally. The beand mouraful affliction.

BADLY HURT .- On Tuesday night Mr. John Collins, barber, late of New York, in passing down First street, fell over a pile of boards left lying across the sidewalk in front of the new brick in course of erection for Messrs. Thompson & Irvine, and was severely bruised and injured about the shoulders and head—so severely that he has been compelled to keep his room for several days. The most severe hurt was in the left shoulder, which was bruised and jumed up fearfully. Mr. Collins is an old soldier, serving during the rebellion in the famous New York Zonives; and while in service, during an engagement with day. He has a supply which can be the enemy, he was badly wounded by obtained by persons wishing them. a builet or shell in this same left shoulder. We do not know whose obstructed during these dark nights on the principal thoroughfire of the city, but we learn that it is the intention of Mr. Collins to take the necessary steps looking to the procuring of was in town on Thursday, but didn't Pacasant Young vs Rachet Young: di- full durages for the loss of time seem to be doing a thriving business. occasioned him by the severe fall.

Mrs. C. Cartwright, has gone to Polk county on a visit.

Jo. Gray has returned from his trip east of the mountains.

Jake Fleischner came up on Tues-

day or Wednesday, and will tarry here several days. Jack Alphin has moved into his

new saloon on Broadalbin street. CEREALS.—The opinion of our cereal critics is more firm than ever that the best course our farmers can pursue in the valleys of Western Oregon, is to plant as largely as possible of wheat

and cats. The high prices ruling in Europe have drawn most, if not all of the old wheat, and the new is being marketed rapidly. This fact indicates that next year's crop will come upon a market as nearly exhausted of supplies, as any within commercial knowledge, and good prices will therefore prevail.
