SEWING MACHINES.
THE CELEBRATED
Buck Eye Sewing Machine.

 Price \$45; without table, \$25

Eight reasons why the Buckeye Sewing Machine is superior to all others:
 1. It is the simplest shuttle machine made.
 2. It has less wearing parts.
 3. It has no small springs or compound cranks.
 4. It is better adapted to a large range of work without change.
 5. It has less pieces of machinery.
 6. It is less liable to break needles than any other machine.
 7. The shuttle will wear longer than the shuttle in any other machine.
 8. That it has the best feeding device, which will never wear out, get out of order, break needles, feed unevenly, slip on starched goods, or pucker the seam so that the other side will come out shorter than the other. It makes every stitch of an equal length. It is stronger than other feeds. We can take a strong piece of cloth, and put one end in our machine and the other end in any other machine, and give notice that our machine will take the cloth from the other, in consequence of the superior strength of the feed.
 It is the only feed strong enough to feed thick sole leather, sewing on shoe soles. No scraping the cloth or any other aid is required.
 It has no complicated machinery, and therefore is not liable to get out of order. It has two thousand stitches per minute.
 The Buckeye Sewing Machine makes the lock stitch, the same as the Howe, Wilson, Singer, and Florence, alike on both sides.
 We offer a premium of one hundred dollars for any machine on this coast that will make a stronger or more elastic stitch than the Buckeye. For full particulars address, **MINER & PEARSON,** Gen. Agents, Albany, Oregon.

 ary, 1872, we will present on that

 To the person sending us the largest
 number of new subscribers to the REG-
 ISTER, with the cash (number not to be
 less than one hundred), before the first
 of January, 1872, we will present on that
 day three twenty-dollar gold pieces,
 with two extra copies of the paper.

To the person sending us the largest
 number of new subscribers to the REG-
 ISTER with the cash (number not to be
 less than twenty) we will present on
 that day ten dollars in American gold
 coin.
 Any lady or gentleman wishing to
 avail themselves of the above liberal
 offers, can obtain specimen copies of
 the REGISTER by application to this
 office, without charge.

T. S. ARTHUR'S LAST BOOK.—Is en-
 titled "Six Nights with the Washing-
 tonians, and other Temperance Tales." It
 is a work of 600 pages, with eleven
 beautiful full page illustrations on
 tinted paper. It is one of the most in-
 teresting works yet produced by this
 versatile writer, and of course is sell-
 ing rapidly. For whiling away the
 long winter evenings it is just the book
 you want. The agent will be around
 in a few days, when those who read,
 especially temperance people, should
 procure a copy.

A SUCCESS.—The mush and milk and
 variety festival at Parrish Hall last
 Friday night, and the lunch on Satur-
 day following, were successful ven-
 tures. They proved very pleasant oc-
 casions, and the money received de-
 creased the debt, created by the late
 removal and repair of the M. E. Church
 building, materially. Speaking of the
 mush, we heard this article praised by
 all hands as perfectly splendid—could
 not have been bettered. We are in favor
 of mush and milk festivals all the time.

PUBLIC DINNER.—The temperance
 people in the vicinity of Independence
 School-house, near Shedd's, propose
 giving a basket dinner, on Saturday,
 December 16th, free to all. Good
 speakers are expected on the occasion,
 and the good folks thereabouts invite
 everybody to come, as all will be wel-
 come. The proverbial liberality of the
 people in that section of Linn county,
 will doubtless draw a goodly number
 of people together on the occasion.

THIEVES ABOUT.—The money-box
 belonging to J. Q. Stuart, telegraph
 operator for the O. & C. Railroad Co.
 at the depot, was abstracted from his
 office, either on Saturday or Sunday
 night. Fortunately it contained no
 money. A few doses of buckshot
 would prove beneficial to these light-
 fingered gentry, if well and thorough-
 ly applied.

BLACK SWAN QUILL.—We have re-
 ceived a box of these No. 1 pens from
 Messrs. A. Carothers & Co., and after
 having tried them thoroughly, pro-
 nounce them a success. Poor penmen
 should try a box of them, as, if they
 cannot write a legible hand with one
 of them, there is no use to try further
 —they cannot write with anything.

IMPROVEMENTS.—The foundation
 for a building 50x20 feet have been laid
 on the corner of Ellisworth and First
 street. The building is to be erected
 for Johnny Schmeer, and is doubtless
 to be used as a grocery and confection-
 ery establishment.
CARRIAGE SHOP.—We are in-
 formed that a Chicago gentleman intends
 commencing the manufacture of bug-
 gies, carriages, etc., in this city, on an
 extensive scale, soon. Success attend
 him. This is a good point, and the
 business will pay.
SHEDDS.
 A. Wheeler, dealer in general
 merchandise. A large stock of all
 kinds now in store and for sale at low
 rates. All kinds of produce bought at
 highest market rates.
 Cash paid for Wheat, Oats, Pork,
 Butter, Eggs, &c., &c.
COMPLIMENTARY.—We are pleased
 to acknowledge the receipt of a com-
 plimentary ticket to the temperance
 festival at Good Templar's Hall, Port-
 land, which was to have transpired last
 evening. We hope the festival proved
 a grand success, and are sorry that we
 could not be there and get our share of
 the jollity.
