**SEWING MACHINES.**

**THE CELEBRATED**  
**Buck Eye Sewing Machine.**

Price \$45; without table, \$25

Eight reasons why the Buckeye Sewing Machine is superior to all others:

1. It is the simplest shuttle machine made.
2. It has less wearing parts.
3. It has no small springs or compound cranks.
4. It is better adapted to a large range of work without change.
5. It has less pieces of machinery.
6. It is less liable to break needles than any other machine.
7. The shuttle will wear longer than the shuttle in any other machine.
8. That it has the best feeding device, which will never wear out, get out of order, break needles, feed unevenly, slip on starched goods, or pull the seam so that one part of the fabric will come out shorter than the other, which all other feeds are liable to do. It makes every stitch of an equal length. It is stronger than other feeds and put one end in our machine and the other end in any other machine, and guarantee that our machine will take the cloth from the other, in consequence of the superior strength of the feed.

It is the only feed strong enough to feed thick sole leather, sewing on both sides. No snapping the cloth or any other aid is required.

It has no complicated machinery, and therefore is not liable to get out of order. It has a beautiful movement, making nearly two thousand stitches per minute. The Buckeye Sewing Machine makes the lock stitch, the same as the Howe, Wilson, Singer, and Florence, alike on both sides. We offer a premium of one hundred dollars for any machine on this coast that will make a stronger or more elastic stitch than the Buckeye. For full particulars address,

Daniel Webster squandered a million in his lifetime, the product of his professional and political speculations. He died leaving his property to his children and debts to his friends. The former sold for less than \$20,000—the latter exceeded \$250,000.

Henry Clay left a very handsome estate. It probably exceeded \$100,000. He was a prudent manager and

This City Conventions.—At the call of the Central Committee, the Republicans of this city met at the Court House on Friday evening of last week, and put in nomination the following ticket:

For Mayor—**Dr. E. R. Geary.**  
Recorder—**E. B. Purdom.**  
Treasurer—**Wm. Colwell.**  
Marshal—**Wm. Riley.**

Councilmen—**John Conner, John Briggs, S. E. Young, W. H. Kuhn, C. M. Cartwright and M. M. Harvey.**

Messrs. Kuhn, Briggs and Van Cleve were selected to perform the duties devolving upon a Central Committee the ensuing year.

The meeting was largely attended, and very harmonious.

On Monday, at the earnest request of Dr. Geary, the Committee withdrew his name as candidate for the Mayoralty, and placed the name of our esteemed fellow citizen, J. F. Backensto, in his stead.

On Saturday evening last, our Democratic friends held their convention, and after much tribulation and the largest vote ever polled by the same number of voters, succeeded in getting up the following ticket:

For Mayor—**Rev. A. W. Sweeney.**  
Recorder—**J. R. Herren.**  
Marshal—**J. D. May.**  
Treasurer—**C. C. Kuhn.**

Councilmen—**A. Hackleman, Allen Parker, G. A. Hill, J. Z. Crouse, Leo Fox and C. M. Cartwright.**

**THE RESULT.**  
Monday proved decidedly in favor of Democracy, and as a consequence a full vote was not polled. The old wheel-horses of Democracy were on hand, despite the wind and weather, and every man that could be induced to vote, no matter where he hailed from, was put through in good shape. Republicans "scratched" with a looseness seldom equaled and never surpassed, in consequence of which the ticket put in nomination by them was defeated.

The result is a great surprise to the Democracy, as they had no hopes of electing a single man on the ticket, knowing that the Republicans have a majority in the city of from fifteen to twenty-five votes. We see no practical good sense in a party going into convention, nominating men for office by large majorities, and then on the day of election working and voting against them. If it is "smart," or there is anything to be gained by such
