SAN FRANCISCO—AGRICULT.

In the Field Again.

TREADWELL & CO.
with the old standard
HARVESTING MACHINES
so popular with all California farmers, with all the latest improvements, and many new ones for the harvest of '72.

The Wood's Prize Mowers

and Wood's Improved Self-Rake Reapers.

These machines are indisputably
THE BEST IN THE WORLD.

As a harvester, the Wood's Improved Prize Mower is confessedly without an equal yet before the country. These machines have been improved since first introduced, and they are now almost entirely a new machine. They are made by Walter A. Wood, the largest manufacturer of Farming Machinery in the world—a man who keeps "up with the times," and who now builds and sells over twenty-five thousand of the World's Prize Mowers annually. It led the world at the Paris Exposition, and has found no peer since.

The Wood's Improved Prize Mower is especially adapted to Oregon. It has a folding or jointed bar with hand lever, two wheel, spring seat, and is made almost entirely of malleable iron, hard wood and steel. It is heavy, strong and durable, and though compact and powerful, is of lighter draft than the other machines of equal weight. It is every way just the Mower for Oregon, as every farmer will say who has one. And its price (\$120) is from \$15 to \$25 less than is asked for an inferior machine. Farmers, will you pay that difference? Investigate before you buy, and see if you are getting anything for that extra price—for it is proof, no Mower costs more to build than does Wood's. Send for a pamphlet before buying.

"Buy the Best."
Buy the Wood's Improved Prize-Mower!

We offer also the
GENUINE HAINE'S HEADERS,
from 10 to 15 feet cut, improved by Walter A. Wood, having not only all the advantages of the old Illinois machine, but Wood's improvements, and also **Bonne's Adjustable Reel.**

No other Header has these improvements, and no other parties sell them. They are made especially for this coast, by Wood, at Hoesick Hill, N. Y.

The Kirby Self-Rake Reaper and Mower.

These machines are too well known to need description. Also the "KIRBY CLIPPER MOWER"—price \$75—the cheapest and for many purposes the best in the market.

All Sizes Hoopley's Portable Engines
TREADWELL & CO. Sole Agents

"The Hoopley" is the perfection of the Portable Engine. As a Threshing Engine they have long led all others, until now scarcely any other is to be found.

Taken with the
Russell's Thresher, (IMPROVED)

they make the most complete set of threshing machinery in the world. "The Russell," as improved, cannot be equaled in the country. We are sole agents for the sale of these celebrated threshers, and have had them built expressly for this coast. Ask any farmer who has a Russell Thresher, what he thinks of it.

OFFICERS ELECT.—Following are the names of the successful Patriarchs who were elected to run Orgeana Encampment, No. 5, I. O. O. F., on Friday evening last, for the ensuing term: J. W. Williams, Chief P.; J. F. Backenstow, High P.; Fred. Graf, S. W.; W. S. Newberry, S.; R. Saltmarsh, T.; M. C. George, J. W. The new officers will be installed on the evening of July 12th, 1872, by Boss Stinson, of Salem.

STILL COMING.—We are informed that a number of fast horses have been entered, within the past few days, at the Fairgrounds, for the races on the 5th and 6th, and that more are expected. As the day approaches the interest increases, and the indications now are that a very full turn out will be had on those days, and that the fun will be fast and furious.

FINE CHERRIES.—We are again laid under obligations to Mr. James Finlayson, for several gallons of large, luscious cherries. Mr. Finlayson has the reputation of raising the largest and finest flavored cherries in the county, and we know him to be one of the largest hearted and most liberal men in Oregon. He never fails to remember the printer. May his shadow never grow less.

BUSINESS MEN.—See new card of Messrs Kirk, Hume & Co., Brownsville. These gentlemen have added to their fine stock of general merchandise, and now have a horse full of the latest and most genteel styles in dry goods, boots, shoes, hats, caps, fancy goods, as well as fresh groceries, hardware, notions, etc. Always up to the times, fair and honorable dealers, it is no wonder they are constantly widening and extending their circle of customers. Visit their store when you wish to purchase.

TIGHT MONEY MARKET.—The general complaint is that money has not been so scarce and hard to obtain for years. In our case "tight" doesn't begin to express it; but then we are in hopes this "stringency" will be followed soon by a "looseness" that will enable all to feel of a piece now and then.

NEW.—At Geo. Turrell's the community will find an excellent assortment of goods, the latest styles in clothing, rich dress goods and trimmings for the ladies, a fine assortment of hardware, fresh groceries, etc., which he will exchange for produce or cash at low rates. Corner First and Broadalbin streets.

CASE'S POLITICAL CHART FOR 1872.—This is a large, neatly printed map, in colors, giving the vote in each State, for President and Vice President, for the last fifty years; also, showing the vote of each State for Governor and other State officers; the political classification of State Legislatures; the names of the present Governor and capital of each State and Territory; number of population as shown by census of 1870; salaries of Governors, and when their terms expire; times of State elections, and when each Legislature convenes; population of the United States from 1790 to 1870; leading agricultural productions of each State and Territory; population of every principal city in each State and Territory, together with other valuable information. It is a map that everybody wants, embodying a vast amount of information both interesting and useful. The map is for sale by Mr. E. B. Purdum, at the Post Office, at the low price of \$1 50. Secure one and be happy.

GLOBOUS RAIN.—The long looked for rain commenced falling on Thursday night of last week, and continued, with intervals, through Friday and Saturday. The rainfall is of immense value to the people of the Willamette valley, and the fear of a failure in the wheat crop is a thing of the past.

GONE TO THE BAY.—Our junior editor, accompanied by his family, started for Yaquina Bay, the first of the week, to enjoy for a brief span the invigorating zephyrs that come laden with health across old ocean's bosom. We wish them all the pleasures such a trip can give.

ALBANY, JUNE 28, 1872.—Taken from my residence, a picture—likeness of myself. Was in a black gutta percha case, seven by five inches, with representation of cannon on both sides. The case cost \$4. Any person leaving it at the REGISTER office, with information as to who took it, will be well paid for their trouble.
2w. FRELING CHOATE.

BALL.—A ball will be given at Parrish Hall on Thursday evening, July 4th, where those inclined can spend a merry evening. Tickets, \$3 00.

ONE BEAR.—Mr. Clement returned from the mountains, a day or two since, with a barrel of trout. He reports that Jerry Winter killed a big brown bear, weighing some six hundred pounds, a day or two before he left the party. Clean returns to the hunting grounds next week.

LITERARY EXERCISES.—Of Albany Collegiate Institute transpired on Friday evening last. The house was crowded, and the performances throughout gave marked satisfaction. The recitation by Miss Libbie Halbrook was especially well done, as was the Oration by J. Torrence Tate.

SHOT.—On Saturday afternoon two men "fell out about quarreling," in front of Cannon's livery stable. During the "jaw," a pistol accidentally exploded in the breeches pocket of one of the men, producing quite a scare among those assembled then and there. No serious damage was done. The fight didn't come off.

CHRISTIAN COLLEGE.—Located at Monmouth, Oregon, under the care of President L. F. Campbell, is one of the largest attended institutions of learning in the State, and seems to be gaining rapidly in popularity and usefulness.

CORVALLIS COLLEGE.—Through the politeness of Rev. W. A. Finley, we are in receipt of the catalogue of Corvallis College for 1871-72, which shows the institution to be in a highly prosperous condition.

THE PLACE.—Blain, Young & Co. have received lots of new goods this week. Dolly Vardens, and all other new styles, and more coming in time for the Fourth. Consult your own interest and go and see them.

BRIGHT AND EARLY.—All those going on the excursion Thursday, should be at the depot bright and early, on the morning of that day, as the train will have quick dispatch.

BLACKBERRIES.—Are as plentiful as could be desired, and within sight, almost, of First street. Parties cross the river daily to reach the huge patches to be found in sight of the landing, in Beuton county.

BUSINESS.—Still lags. Wheat all sold, wool crop ditto. Principal business now is swapping knives, and getting up new "sells."

WEATHER.—As we go to press the sky overhead is bright, their balmy—no dust—and everything is lovely, etc.

ENTERPRISE.—Steamboats still visit our wharf, although the river is very low.
