

LOCAL MATTERS.

FROM OCHOHO.—A letter from Jas. Elkins, Esq., to friends in this city, dated Ochoho Valley, August 4th, announces his safe arrival at home, although somewhat wearied with the long trip.

APPROACHING.—The last week in next month is the time selected for holding the Linx County Fair. The premium list, which has been printed and placed in the hands of the Secretary of the Association, Mr. A. N. Arnold, is probably the largest and most liberal in its general character ever offered by the Society.

BADLY SCALDED.—SINGULAR CURE.—A few days ago a little five year old daughter of Mr. John McKinney, who resides three miles east of Halsey, ran against a pan of hot grease in the hands of her mother, the hot grease being precipitated over her person from the shoulder down one side of her person, badly burning her shoulder breast and stomach.

RECEIVED.—A committee styling themselves "National Committee Liberal Republicans," E. Allen, Chairman, and Daul R. Goodloe, Secretary, have kindly sent us the portrait of their candidate for the Presidency, the sage of Chappaqua—Horace Greeley. We shall take pleasure in hanging him alongside the portrait of Gen. Thomas A. Davies—another candidate for President.

RELIGIOUS.—The Rev. J. T. Elliott, Unitarian minister of Portland, will preach in the Congregational Church of this city on next Sunday at 11 A. M. All are invited to attend.

THE REV. MR. BABCOCK, of Corvallis, will preach in the Congregational Church on Sunday afternoon, at four o'clock.

PIANOS AND ORGANS.—A note from Portland informs us that Wm. K. Badger, of Portland, has been appointed sole agent for the sale of Hallet, Davis & Co.'s pianos, and George Woods & Co.'s organs, probably the finest musical instruments made.

AN ITEM.—Col. Crocker, of the Bulletin, came up specially to attend the circus—and what he saw, and how he enjoyed it, let him tell! We like a good thing, but a dollar's worth of such a circus would last a man a lifetime—a Methusela at that.

CORRESPONDENCE.—On the fourth page of this issue will be found three very interesting communications, for which we return the authors our best thanks, and hope they will continue to favor us in the future.

ADJUDGED INSANE.—A man named Henry Peterson was examined before Judge Tandy, a day or two since, and pronounced insane. He was taken charge of by Walter Ketchum, Esq., free of expense to the county.

WOODENWARE.—The Oregon Wood-ware Manufacturing Company, of Oregon City, have an advertisement in this number of the REGISTER. The Company, at great expense, have purchased the very best and latest machinery, and are prepared to turn out as fine a bucket, tub, butter firkins, salmon kits, washboards, shuttle bobbins, broom handles, etc., as can be obtained anywhere. Read their ad., and patronize home enterprises first, especially when you can get as good if not superior an article at as low rates, as elsewhere.

DENTAL CARD.—See new card of Dr. Geo. W. Gray, on first page of this issue. The Doctor has built up a large and increasing business, all because he understands, thoroughly, the best manner of extracting and inserting teeth, always doing a first-class job, and charging moderately therefor. Read his card, and call and examine some of those beautiful specimens of his workmanship at his rooms in Parrish brick block, corner First and Ferry streets, up stairs.

SHOD THE HORSE.—The circus company had a horse they said couldn't be shod. Now, S. Dixon, who runs a shop on the corner south of the FIRST-STAR building, said he could shoe that horse. Ryland told him if he would shoe the animal without throwing or lassoing him, he could take the horse. Dixon shod the horse, but those new pants of his, and that peculiar walk, necessitating the carrying of a cane ever since, tells what he knows about shoeing circus horses of Spanish stock.

GOOD ON CONSUMPTIONS.—Speaking about consumptions, the Indianapolis News says a man in that city has decided to cease asking consumptions. He recently asked his wife why he was like a donkey, and she answered without hesitation, because you were born so! This reminds us of a friend of ours who generally is running over with consumptions. He struck a good one, the other day, and thought to surprise his excellent wife with it. Rushing home, he waltzed into the house with the query: "—what is the difference between me and a jackass?" Her instant reply was: "I have never been able to see any!" which reply so knocked the smart out of our friend, that he came back down town without scarcely tasting his hash. Vinian is queer!

SAW MILL SOLD.—Messrs. Gibson and Stearns have purchased the new saw mill recently erected on the Calipoolia river in the suburbs of this city, by Messrs. W. H. Kuhn & Co., and are removing it to Cedar Flat, in the Forks of the Santiam, where they propose to turn out quantities of the finest kind of cedar lumber. Messrs. Gibson and Stearns are both old hands at the business, and will doubtless make it a success.

SERVICES AT THE COURT HOUSE.—Following are the appointments at the Court House, made by the Annual Conference of the M. E. Church South: To-day at 11 A. M., preaching by Bishop H. N. McTyeire; at 3 o'clock P. M., preaching by Dr. E. J. Downe; Saturday at 7 1/2 P. M., missionary meeting will be held; addresses will be delivered by Bishop McTyeire and T. B. Sargent, D. D. Sunday at 11 A. M., preaching by the Bishop; at 3 P. M., Sacrament of the Lord's Supper; 7 1/2 P. M., preaching by Dr. Sargent. All are invited.

RIDICULOUSLY PEEVISH.—Talk about peevish men, why the women can double discount them and give them half a string of beads. Here's a woman in Illinois who asks for a divorce, simply because her husband attempts to get up a little pleasant time in the sacred home circle by beating her over the head with an iron boot-jack! Of course no court will grant a divorce on so whimsical a plea, but it goes to show how overbearing peevish and ill-natured some women can be!

A FIRE ENGINE.—Corvallis has purchased a fire engine at a cost of \$2,000. It arrived here by O. & C. Railroad on Monday, and was taken charge of by a delegation of citizens from Corvallis. It is a double-decker, and in its time has done splendid work. San Francisco first purchased it in Boston, at a cost of \$18,000. It looks as though, after it has received a thorough cleaning up, it would do good work for many years to come.

SAID TO BE FACTS.—Eosoff don't make their bread. Fast men don't get on in the world. Persons who are always "smiling" are not the happiest. Love isn't overly satisfying, even if it does increase a man's sighs. A "joke" fellow isn't afraid of getting tight.

UNIQUE.—Those Dolly Yarden sets, manufactured by Clas. Mealey, are the most stylish and cheapest ever offered in this market; and that they are thoroughly appreciated is proven by the fact that, so far, Charley has been unable to manufacture them fast enough to supply the demand.

SPLENDID.—The finest peaches we have heard of the present season, came from Mr. Hale's orchard, just in the southern edge of this city, California peaches ain't no more.

NOTICE.—We are requested to state that there will be no religious services at the College on Sunday next.

NOTICE.—We are requested to state that there will be no religious services at the College on Sunday next.

"P. O."—A printed circular with the appended heading, from Leon, Iowa, reached us on Wednesday, with a request to publish. The party referred to left Leon, Iowa, about the 15th of May, since when he has not been heard from, and of course his wife, family and friends are most anxious for his return, or for a word from him. If this appeal shall meet his eye, and he does not promptly reply, we shall set him down as a first-class blab:

DEAR BROTHER:—Why do you not write to your Brothers and friends on whom you can depend; who sympathize with you in your troubles and will do all in their power to relieve your embarrassments. There is no obstacle to your coming back and taking your old place in society and business, and being a man. You have friends here who will spend their last dollar to relieve any financial burden under which you may labor. There is no possible necessity for your absence, unless you mean to wilfully desert your family, which Heaven forbid. Be reasonable and write to your family immediately. Think of the situation in which your family is left; in a worse condition than if you were dead. Your insurance for their benefit (which shows you had their future welfare at heart) has been kept up, in view of your return.

Your conscience will not allow you to desert an innocent family, and leave them in suspense. If you do not intend to return, select a location and send for your family. They demand justice at your hands, and we hope you will be prompt to meet it out to them. Let your conscience dictate, not pride. J. P. F., Sr. J. C. S.,—O. A. D.

PERSONAL.—On Tuesday and Wednesday we had the pleasure of swapping jokes with Col. Clas. Crocker, business manager of the Daily and Weekly Bulletin, Portland. The Colonel is a square man, and how the deuce so good a subject for the ministry ever got into the newspaper biz., gets us. But the Colonel will count one anywhere.

Mart. V. Brown, of the Democrat, has returned from Yaquina Bay, looking like a grass-fed colt.

Telegraph operator, Mr. Wm. Rice, returned from his tour east of the mountains on Tuesday.

Mr. R. S. Porter, solicitor for the Portland Bulletin, threw himself in sight on Wednesday. He is a rustler.

High Smith, Esq., drove into the city on Wednesday, as handsome as ever—at least what we could see of him through the dust that enveloped him.

Mr. W. W. Parish and family returned to their old home in this city, the first of the week, after a short residence in Washington Territory. Welcome back.

FLIES IN THE SICK ROOM.—You may drive them out with a brush, but, unless something is done to render the place uninviting to them, they will return immediately. There are many weeds or plants emitting an empyreumatic odor which answers well for the purpose. Of such to be found about the country in this neighborhood I know one more effective than the wild chamomile, a species of anthemis, known as cotula or Mayweed. The odor of this plant is not at all disagreeable, and branches of the weed when in flower, or some of the dried flowers, scattered about a room, will soon rid it of all flies.

ANOTHER MEANS, perhaps quite as efficient and certainly more easily resorted to, is to throw some powdered black pepper on a hot shovel and carry it about the room. The generation of empyreumatic vapors in the same way from other spices will also, it is said, answer the purpose. A few drops of carbolic acid or creosote, on a cloth hung up in a room or used in the dressings, would probably be effectual, but the odor is not usually so acceptable to one's olfactory.

INSTINCT OF TURTLES.—Audubon, the naturalist, states that at certain places on the coast of Florida sea turtles, those huge, stolid-looking reptiles on which Aldermen are fed at the expense of tax-payers, possess an extraordinary faculty of finding places. Working their way up out of the reach of the water with their flippers, quite a deep hole is excavated, in which a batch of eggs are deposited, and then carefully covered up. On reaching the water they not infrequently swim three hundred miles out to sea, foraging for appropriate food. When another batch of eggs are developed, after a lapse of about fourteen days, they will return unerringly in a direct line, even in the darkest night, and visit the buried eggs. Removing the sand, more are deposited and secured. They know instinctively the day and hour when the young brood, incubated by solar rays, will break the shell, and are promptly at the spot to liberate them from their prison. As soon as they are fairly out of the hole, the mother-turtle leads them down the bank to the waves, and there ends her paternal solicitude and maternal care.

CHINESE IDEA OF LIFE INSURANCE.—One of the principal Chinamen of Weaverville, who has his life insured for a large amount, was seriously hurt by falling from a wagon. It appears that his friends had some doubt of his ever getting well, so a few days ago the one seemingly in charge of his affairs sent to one of our business men in whom the sick Celestial had great confidence, and requested him to write to the insurance company that "Charley had died and likee half money."

TANGENT ITEMS.

Our excellent friend, W. J. Miller, furnishes us with the following racy items from Tangent:

The good people of Tangent Station enjoy themselves just now giving and receiving presents, July 30th, the wife of Mr. Jas. Handen presented him with a daughter. This is the first born in our little village; may she live to see it become a great and prosperous city, and inherit the brightest treasure it will afford.

August 6th, the wife of Mr. Thos. J. Beard presented him with a pledge weighing ten pounds—it is a girl. August 14th, the wife of Alonzo Phillips, Esq., presented him with a fine girl. There is general rejoicing among their many friends.

Tangent is now a regular station on the O. & C. R. R. Mr. T. J. Beard has been appointed agent, and is transacting the business of the Company. The first load of wheat stored in the new warehouse this season, was brought by Mr. H. W. Settlefleir, from his farm adjoining the town on the north. The yield on twelve acres was three hundred and sixty bushels, or thirty bushels per acre.

The receipts at the warehouse of J. Beard & Son, for the week ending August 3d, were one hundred and fifty-seven cents. The best wheat brought to the warehouse during the week ending August 10th, was from the farm of Mr. John Scott, who lives about three miles southeast of town. Wheat receipts for the week, 2,655 cents, and amount shipped by Jas. H. Foster & Co. for the same time, four car loads.

THREE DAY'S MEETING.—There is to be a three day's meeting in the M. E. Church, beginning Friday, Aug. 23. Revs. A. F. Waller and L. F. Woodward, of Salem, will be in attendance.

ANNUAL CONFERENCE.—The Annual Conference of the M. E. Church South met in this city, at the Court House, on Wednesday at 10 A. M., Bishop McTyeire presiding.

COOL.—On Tuesday morning it was so cold and chilly, that a fire was necessary before any work could be done in our office. Wednesday morning was almost as cool.

TOO LONG.—A communication signed A. J. D., received, but too late for this issue, on account of its great length.

A THUNDER STORM.—Passed over this city on Tuesday night, just enough rain falling to lay the dust nicely.

MARKETS.—Butter is selling at 25c per pound; eggs, 30c per dozen.

ANOTHER MEANS, perhaps quite as efficient and certainly more easily resorted to, is to throw some powdered black pepper on a hot shovel and carry it about the room. The generation of empyreumatic vapors in the same way from other spices will also, it is said, answer the purpose. EDUCATIONAL.

Albany Collegiate Institute.

FIRST TRIMESTER OF NEXT COLLEGIATE YEAR BEGINS SEPTEMBER 21, 1873. There will be Four principal Departments, as follows: The Department of SCIENCE, LITERATURE and the ARTS; the Normal Department; the Department of BOOKKEEPING and BUSINESS; and the Department of TELEGRAPHY. The Department of Science, Literature and the Arts, embraces the Classical course, the Scientific course, and the Latin and Scientific course. The degrees conferred are, for the first, A. B.; for the second and third, B. S. Elective studies for ladies in each of the above courses. The Normal Department embraces all studies taught in our common schools, together with a thorough drill in the Theory and Practice of Teaching. The Department of Bookkeeping and Business will embrace all the studies necessary for a complete commercial education, and the lecture conferred is M. A. The Department of Telegraphy will be under the special supervision of Mr. O. P. N. PLUMMER, District Superintendent of the Western Union Telegraph Company. A fine hall extends into the College building, and a room furnished with all necessary apparatus will be occupied exclusively by students of this Department. Unsurpassed advantages in Music, Painting and Drawing. For special information, send for Catalogue. Address, R. H. WARREN, A. M., President.

PECULIAR PEOPLE.—People who like bagpipes. People who dislike oysters. People who dye their hair. People who like getting up early in the morning. People who have more money than they know what to do with. People who give donations to street beggars and organ grinders. People who take long walks before breakfast. People who light and leave off fires on fixed days. People who like paying income tax. People who give large parties in small rooms. People who have the ice broken to enable them to bathe in winter. People who keep all their old letters. People without prejudices, weaknesses, antipathies, hobbies, crochets, or favorite theories. People who have nothing the matter with their digestion, and can eat anything. People who take snuff. People who hold their tongues.—Punch.

The Virginia City Enterprise says a strong tea made of sagebrush is a sure cure for flatulism. When the disease is in the feet or ankles, the patient has only to put his feet into a vessel containing the liquid and keep them there for half an hour or so at a time. The liquid must be as hot as can be borne.

DR. VAN DEN BERGH'S Infalible Worm Syrup.

Its value in removing masses of parasites from the stomach and bowels of children, even where worms do not exist, cannot be too highly estimated.

Fever and Ague. Persons becoming debilitated by the presence of worms in the stomach or bowels, are more liable to have a protracted course of chills and fever. The worm remedies have been known to cure when all other remedies have failed, especially in children.

FROM MAINE TO CALIFORNIA.—New WILSON Strait Needle Underfeed Sewing Machine is the BEST MACHINE for all kinds of work on both heavy and light sewing. It runs easy and is simple; a child can use it. It is never out of order, and is ALWAYS READY FOR BUSINESS!

It has lately taken the premium at the great Northern Ohio State Fair for best work done on the Ground. Don't fail to see the New Wilson Machine, and remember that FIFTY DOLLARS now buys the best Sewing Machine in the world. Call at Blain, Young & Co.'s, wholesale and retail dealers in general merchandise, First street, Albany.

FOR SALE.—Having concluded not to go into the farming business immediately, we offer for sale our entire outfit, consisting of two sewing machines and a mowing machine—the clipper. We will sell for cash, ready money, greenbacks, legal tender, horses, cows with calves—in fact most any way to make parties safe. All new and first class.

NEW MAGAZINE.—We propose commencing the publication of a monthly illustrated magazine about the middle of August or first of September. It will be devoted to literary matters, and to illustrating prominent points in the Willamette Valley and other portions of Oregon and Washington Territory. It will be of large size, neatly printed, and will be furnished to subscribers at \$1 per year. As the price is so low, we hope to furnish at least one copy to every family in this valley. A more interesting publication for mailing to friends in the East can not be obtained. Those who wish to stimulate home industries should hand us their names at once, so that we may know how many copies to print for the first edition. A general invitation is extended to everybody to call at the REGISTER office and subscribe for the illustrated monthly.
