

ALBANY'S FUTURE—A SCENE IN ALBANY IN 1873-4.

HUMOROUS.

"Thomas you should have a place for everything," said Aunt Mary. "I have ma'am—a great many places for everything," replied Tom.

Rector's daughter (to Sunday scholar)—"Oh you have an elder brother; well, how old is he?" School-boy—"Dunno, miss, but he just started o' swearin'."

A judge, reprimanding a criminal, called him a scoundrel. The prisoner replied: "Sir, I am not as big a scoundrel as your honor"—here the culprit stopped, but finally added—"Takes me to be." "Put your words closer together," said the judge.

A youth stepped into a bookstore and asked "What kind of pens do you sell here, mister?" "All kinds, you young rascal," answered one of the clerks. "Do you?" said the little chap, "then give me ten cents worth of pig-pens."

"Come here, Jimmy," said a little girl, "and look at the moon. Half of it is pushed into the sky, and half of it is sticking out."

"Do you keep matches?" asked a wag of a country grocer. "Oh yes, all kinds," was the reply. "Well, I'll take a trotting match," said the wag.

Lawyer: "How do you identify this handkerchief?" Witness: "By its general appearance, and the fact that I have others like it." Lawyer: "That's no proof, for I have one just like it in my pocket." Witness: "I don't doubt that—I had more of the same sort stolen."

"I believe in going to the bottom of things!" as the schoolmarm said when she laid a refractory pupil over her knee.

Horace Greeley recently dreamed a dream, which he wrote into a poem of six stanzas. The following is one of them:

"Oh! sweet were the vanished hours
When I wandered along the glen
And wreathed my brow with tomatoes,
And plucked the ripened hen;
When the donkey climbed on a trellis,
And a cucumber chirped in the grass,
And the sweet potato whistled
To his mate in the mountain pass."

A gentleman of Fremont, Ohio, had a reception at his house the other evening, and when the guests went away it took all night to wash the tar and pick the feathers off his peron.

NOT THAT KIND OF A NOSE.—Even in political matters it is always best to be sure of a man you talk to, as the following shows:

A gentleman of this city dropped into a reading room of a hotel recently, and while sitting there a conversation upon politics grew up between himself and a stranger who is stopping at the hotel. Now, our Dayton friend, we should explain, is blessed with a nose of exceedingly roseate hue. The stranger soon began a tirade of a base against the administration; he denounced President Grant as both a knave and a fool, and asserted that our whole government was a very cess-pool of corruption.

Our friend of the Rubicund nasal organ heard him through, then rising from his chair he astonished the stranger by laying his finger upon his fiery nose and remarking: "See here stranger, I'm not a Democrat; that's a fact!"

WENT FOR HIM.—A rough looking specimen of humanity was recently promenading up Chatham Street, New York, when he came plump upon a Jew, a specimen of his race, upon whom there could be no mistake.

Without a word of warning, the rough knocked him sprawling into the gutter. Picking himself up, and taking his bleeding nose between his thumb and finger, he demanded an explanation.

"Shut up or I'll paste you again," shouted the aggressor, approaching him.

"I nefer done nothings mit you, and what for you mash me in der nose?" asked Abraham.

"Yes yer hev; you Jews crucified the Savior, and I have a mind to go for ye again."

"But, mine Got, dat vas eighteen hundred years ago," said the Jew.

"Well, I don't care if it was, I only heard of it last night," and he went for him again.

Galvanic Abdominal Supporter

—AND—
UTERINE REGULATOR.

THE MERITS OF THIS INSTRUMENT consist principally in the support it gives to the abdomen and spine. The belt is broad, supported by suspenders passing over the shoulders, and kept in shape by self-generating Galvanic Plates, which give a pleasant current.

The Regulator is also Galvanic; its Cup and Nozzles are made of Silver; its Stem, of Copper and Zinc, is hollow, that injections may be thrown through it, or into the neck of the Uterus. It can be so regulated by its thumb-screw as to meet any mal-position of the Uterus, and is unequalled in meeting any form of female disease. Price, \$25. Patented August 15, 1871, by W. S. Van Cleave, Centralia, Illinois.
