- Jallas, Saturday, October 26.
- Corvallis, Monday, October 28.
- Eugene City, Tuesday, October 29.
- Albany, Wednesday, October 30.
- Salem, Thursday, October 31.
- Oregon City, Friday, November 1.
- Portland, Saturday, November 2.

HON. E. D. SHATTUCK, Liberal Republican candidate for Elector, is invited to join in discussion.

HON. J. H. MITCHELL.—The Court House was jammed full of people, a large portion of whom were of the better half of humanity, on Saturday evening last, to listen to the political issues of the day, as presented by Hon. J. H. Mitchell. The friends of the honorable gentleman were more than satisfied with the effort on the occasion, and those who before were doubtful, were fully convinced that our Legislators did well to select him to represent the State of Oregon in the Senate of the United States for the six years commencing with March 4th, 1873. It was a logical, interesting and eloquent statement of facts, nor word nor sentence of which could be truthfully gainsayed by any. The speaker was frequently interrupted by the hearty and prolonged applause of his audience. We predict for our new Senator a bright and honorable career in his new station, honorable alike to himself and the party that placed him in the front, and that in him Oregon will find an indefatigable laborer for her best interests.

CIRCUS.—The big circus spread its tent on the vacant block in front of the Court House on Tuesday. The parade through the city during the afternoon was creditable, some of our citizens taking a part in it. A large crowd of people filled the seats under the canvass in the evening, a great majority of whom enjoyed the entertainment hugely. The exceeding coolness of the evening detracted from the general enjoyment somewhat. The San Francisco Circus and Hippodrome, taking it all in all, is the best circus that has visited our city during the last decade. 'Ror for the show.

AN INTOLERABLE NUISANCE.—Connected with the circus that visited us on the 22d, are a set of vendors of candy, peanuts, "ice-cold lemonade," etc., who, generally speaking, are not only downright bores, but intolerable nuisances and insolent clowns, that need abating with a club worse than any set of puppies in the world. If the proprietors of circuses can't get along without these hangers-on, they might at least see that they were duly sober during a performance, and teach them to be half-way civil in the use of language.

NEAT AND HANDY.—One of the neatest things in the line of cabinet-ware was received a few days since by Dr. Geo. W. Gray, and is what is called a dental cabinet case. We shall not undertake to describe it, nor state the number of fine instruments for dental work with which it is filled, but would advise those who wish to see something really handsome, to call at the Doctor's rooms.

AT WORK.—A correspondent informs us that it is reported that there is a Greeley corruption fund in Harrisburg, and parishes have been offered as high as \$30 to cast their votes with that party. No takers are reported.

NEW KIND.—We speak now of the "fish" recently imported from South Africa by A. Carothers & Co.

TERRIBLE ACCIDENT.—Mr. Thomas Reed, who resides about eight miles west of this city in Benton county, met with a dreadful accident on Wednesday afternoon, by which the ankle of the left leg was dislocated, the bones of the right leg driven through the right foot, and his back and other portions of the body bruised and lacerated in a painful manner. Mr. Reed, who has seen sixty odd winters, was engaged in walling a well. He stood on a piece of plank, held by ropes passed around each end and fastened at the top of the well. When in the act of finishing the wall, and about thirty-two feet from the bottom of the well, the ropes holding the plank in position became wet from the falling rain, and one of the ropes slipping detached the plank from its support, precipitating Mr. Reed to the bottom of the well, injuring him as above described. At last accounts his physician hoped to get him through without amputating any limbs.

IT STILL WAVES.—It will be no surprise to very many of our readers to learn that that popular family paper, the "STAR SPANGLED BANNER," "still waves." It isn't one of the kind that "suspends," or "sells out." We have received the Nov. number which is better than ever. During 1872, the "Banner" has achieved immense success. Although attacked and abused by rogues, rascals and swindlers, for exposures of their schemes, yet their abuse with the good words of all honest men have run up its circulation to 50,000 copies. The "Banner" is a large, 8 page 40 column paper. Larger size, overflowing with splendid stories, poetry, wit, humor, fun, &c. &c. It is a paper for young and old—in fact FOR EVERYBODY. It "shows up" every quack, swindler, and humbug in "ROGUES CORNER," and is a money saving paper for every man, woman, and child. L. Prang & Co., have just finished a superb, full, genuine CHROMO, expressly for every subscriber to the "BANNER" a perfect beauty, entitled "A BOUQUET OF AUTUMN LEAVES," which in color, tint, shades, and artistic merit, has never been equalled. This leading HOME paper is ONLY \$1 A YEAR. Chromo sent free. Agents are wanted everywhere.

PUBLIC SPEAKING.—Hon. W. D. Hare, Republican candidate for Presidential elector, will address our people at the Court House on Wednesday evening next at "early candle-lighting." Our citizens generally and Republicans especially are requested to turn out and hear him. A special invitation is extended to the ladies. Mr. Hare is one of the leading jurists of the State, and as an orator has few superiors on the Pacific slope. Come out and hear him.

GRAPES.—Mr. John Millard has one of the completest nurseries in the State, filled with all kinds of fruit trees, shrubbery, vines, flowers, etc. He raises as fine flavored and large-sized grapes as are to be found in the State, as we know from the basket full of the delicious fruit he sent us on Wednesday. For the timely present we return our best bow.

ROBBERY.—On Tuesday night the residence of Mr. R. Saltmarsh was entered, during the absence of the family at the circus, and jewelry and clothing abstracted therefrom to a considerable amount. Whoever committed the theft, either for devilry or in the hopes of finding money, turned everything in the house topsy-turvy, adding insult to injury.

POISONED.—Poison is still being thrown around promiscuously for the benefit of canines, quite a number of whom have howled their last howl. We caution people against eating "chicken pie" during the prevalence of this poisoning mania, as chickens are just as liable to gobble up the poisoned meat as dogs.

COMMENDABLE.—The promptitude with which Wheeler's customers generally are paying their bills. It shows two things: First, that people still have some money; second, that they know how to appreciate and sustain fair dealing.

MRS. DENWAY.—Will address the citizens of Albany on the political issues of the day, this (Friday) evening, October 25th, at the Court House. Everybody is invited. Don't fail to attend.

STEAMER DAYS.—The John L. Stephens sails from Portland for San Francisco at five o'clock this evening. The California sailed for Victoria yesterday. The Geo. S. Wright sails for Sitka and way ports on Friday, Nov. 1st.

LAMPS.—W. H. Kuhn & Co. have received an invoice of lamps and lanterns—the latter the very identical thing you want to light your pathway during the dark and stormy nights of winter.

PERSONAL.—Messrs. Smith and Boyes, of Halsey, gave us a call on Wednesday.

N. H. Cranor and wife left for Portland on Saturday. As Mr. Cranor was gradually growing worse, he went to Portland by the advice of friends to get new medical advice.

CAUGHT.—The runaways, Reid and Brown, have turned up in Victoria, where a requisition from our Government will probably catch them, when they will be brought back to enjoy the luxuries of our fine jail with McFadden.

SELLING BY SAMPLE.—New York is early in the field, a drygoods agent from that city having, during the forepart of the week, sold slathers of goods, by sample, to our merchants.

PARAGRAMLETS.—Business slack. The big cistern on First street nearly completed.

Some of the heaviest work on the Santlam dieth completed.

Harper & Co. have received new goods and ordered more. Biz is biz. Sickness through the county, mainly fevers, abating.

That valuable, one-horned cow of J. C. Mendenhall's, died the other night.

A party was bound over, the other day, charged with giving an Indian whisky.

Sickness in our family during the week has shortened our locals.

COME TO SEE US.—All persons owing on subscription or job work. Don't wait on your neighbor, or until "tomorrow," but "see us" today.

RAIN.—On Wednesday the mists opened on us in good shape—drizzle drozzle. About two weeks of rainfall would set our farmers to work in good earnest.

CHIEF COURT.—Convenes next Monday.

In the vicinity of Vancouver on the 21st inst., one of several children playing near some burning logs had its skirts take fire. Its screams brought the mother, near by, to its rescue, who in endeavoring to smother the flames set her own clothes on fire, and both were soon enveloped in the burning element. The child died very soon after and the mother, Mrs. O'Brien, is at the hospital in a very critical condition. From the *Hubicon*.

The President was in New York city on the 21st. Together with Senator Wilson he visited the Republican headquarters.
