DR. VANCEEVE'S Galvanic Abdominal Supporter

-AND STERINE REGULATOR.

THE MERITS OF THIS INSTRUMENT consist principally in the survor? if rives to the ablonom and soine. The belt is broad, supported by suspenders passing over the shoulders, and kept in shane by self-generating Galvanic Plates, which give a pleasant current.

The Regulator is also Galvanic; its Curand Norzies are made of Silver; its Stem, of Copper and Zine, is hollow, that injections may be thrown through it, or into the neck of the Guerus. It can be so regulated by its thumb-serew as to meet any multiposition of the Guerus, and is unequalled in meeting any form of female disease.

PATENT MEDICINE.

Vinegar Bitters are not a vile Paney Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics." "Appetizers," "Restorers," &c. that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the unive roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigoration of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition, enriching it refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

and the vital organs wasted beyond the point of repair.

Dyspepsin or Indigestion, Head-ache, Fain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Ernetations of the Stomach, Bad Taste in the Month, Billons Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

vertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonie Ritters display so decided an induce that a marked improvement is soon perceptible.

For Inflammatory and Chrenie Rheumatism and Gout, Dyspepsin or Indigestion, Billous, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Eryspelas, Itch. Scurfa, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the usof these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitlated Blood whenever you find its impurities bursting throughthe skin in Pimples, Eruptions, or Sorear cleanse it when you find it obstructed an aluggish in the veins; cleanse it when you find it obstructed an alugish in the veins; cleanse it when it foul; your feelings will tell you when keep the blood pure, and the health of the system will follow.

Pin. Tape and other Worms, lurking in the system of so many thousands are effectually destroyed and removed. Says a distinguished physiologist; There is scarcely an individual on the face of the carth whose body is exempt from the presence of worms. It is not upon the healthy clements of the body that worms exist, but upon the discussed humors and slimy deposits the breed these living monsters of discare. No system of medicine, no verminges, no antheininities, will free the system from worms like these Bitters.

Bilious, Remittent and Intermistent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entirecountry during the Summer and Autumn, and remarkably so during scasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedly remove the dark-colored viscid matter with which the bowels are loaded, at the same time simulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
