HUMOROUS.

The Phoenix was raised in a hot bed, and that's what made him soar. When "doctors differ" they're very apt to lose their patients.

"I say, Jones," said Smith the other day, "what is the meaning of Credit Mobilier? I mean, what is the translation of it?" "Oh," said Jones, "literally translated it is a movable credit." "Ah," said Smith, "a sort of slippery credit. I thought it meant something of that kind, but wasn't sure."

"Why should we celebrate Washington's birthday more than mine?" asked a teacher. "Because he never told a lie!" shouted a little boy.

The father of Wirt Sikes died at Watertown, N. Y., the other day, in the chamber he had slept in every night for forty-one years—a sad warning of the danger of sleeping too long in one place. He was 71 years.

Woman is composed of two hundred and forty-three bones, one hundred and nine muscles, and three hundred and ninety-six pins, fearfully and wonderfully made, and to be handled with care to avoid scratches.

The following is the reason the editor of the Newark Register has been somewhat peculiar in his leaders the past few days:

Ring out wild bells—and tame ones too— Ring out the lover's moon. Ring out the little slips and socks. Ring in the bib and spoon; Ring out the muse, ring in the nurse. Ring in the milk and water; Away with paper, pens and ink— My daughter, oh, my daughter.

"Are you going to make a flower-bed here, Judkins?" asked a young lady of the gardener. "Why, it'll quite spoil our croquet ground!" "Can't help it, mum; them's your pa's borders; he says as 'ow to hev it laid out for 'orticulture, not for 'usbandry!"

The source of the Nile was discovered long ago by the Romans. They maintained that "Ex nihilo nihil nascitur; ecce nihil," i.e. "The Nile rises from the Nile—that's its source."

Oregon has a militia regiment consisting of thirteen Colonels and one private. The Colonels take turns at drilling, and the regiment says he'll be — if he stands it much longer, and is going to disband.

A St. Louis man has invented a peculiar sort of trap for catching type worms. It is a windlass with a steel trap attached, and if you think you have "got 'em" you set the trap in your mouth when you retire for the night. If you feel the trap spring, seize the crank and wind up your worms. It is a great success.

The depraved head of the St. Louis Democrat says: "It is astonishing to see young girls parading the streets of our modest and unassuming town with a tuckup-behind-wiggled-arufobolative-ness larger than they are. But we s'pose it's the fashion."

A young man named Billson, at Grasshopper, Kansas, lately returned from an Eastern town filled with romance and Chesterfieldian airs. He saw a pretty, well-dressed young lady standing ankle deep in the mud, beside her epizootical palfrey, and evidently waiting for assistance to mount. He sprang to her relief, made a temporary stirrup of his two hands, and was rewarded by a kick in the mouth which knocked eight dollars worth of gold plate down his throat, while the gentle one murmured: "I'll learn you to insult me, you pig-eyed slouch of a nasty man, you. For a nickel I'd put a head on you that would make you wear shirts slit down the back for a month."

A German in a western town who has not paid much attention to learning English had a horse stolen from his barn the other night, whereupon he advertised as follows:—"You nite, de oder day, ven I was bin awake in my shleep, I hear somethings vat I thinks vas not just right in my barn, an I out shumps to bed and runs mit the barn ovs; an ven I vas dere come I seaz dat my pig gray iron mare he vas bin tide loose and run mit the stap'e off; and efer who vil him back pring, I just so much pay him as vas bin kushtomary."

When the Democrats and Liberals of Illinois tendered the nomination for Governor to Mr. Trumbull at Springfield last summer, he said to their joint committee: "No, gentlemen, I want to go back to the Senate to confront those miserable apologists of Grant's—Morton, Conklin, Cameron; I don't think any of them will be re-elected, but if they are, I want to be there to face them and fight them." Well, the time for re-election has rolled round, and Trumbull is the only man in the lot who is not sent back to his seat. Conklin, Morton and Cameron are unanimously re-nominated by their party friends, but Trumbull has not even the empty honor of a complimentary vote.—St. Louis Democrat.

From the Olympia Tribune: Col. Wheat and Capt. Tuttle are going next Monday to San Juan and the other islands lately in dispute, for the purpose of taking a census of the population, in the interest of the Northern Pacific Railroad Company. A few months ago these islands contained not more than three or four hundred inhabitants. Now they are said to number two thousand.

People who wear diamonds are said to be "salted;" but those who lately went into the Arizona diamond speculation, are "cured."

PATENT MEDICINE.

VINEGAR BITTERS

VEGETABLE FREE FROM PURELY CALIFORNIA ALCOHOL

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. In these complaints it has no equal, and the bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidney and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Itches, Spots, Pimples, Pastiles, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scour, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: "There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Typesetters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout the entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the bile-colored, bilious matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intricate cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safe-guard in cases of eruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach and bowels, either from indigestion, wind, colic, cramps, etc.

Directions.—Take of the Bitters on going to bed as sugar from a half to one and one-half wine-glasses, Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
