HUMOROUS.

Which would you rather, that a lion ate you or a tiger? Why, you would rather the lion ate the tiger, of course.

"Well, wife, you can't say I ever contracted bad habits." "No, sir; you generally expand them."

"Mother, here is a grammatical error in the Bible." "Kill it! kill it! it is the very thing that has been eating the leaves and book marks!"

A Louisville merchant wants the contract to supply Brigham Young's family with crape and bombazine when he dies.

"Well, Pat, Jim didn't quite kill you with the brick bat, did he?" "No, but I wish he had." "Why so?" "So that I could have seen him hung, the villain!"

"Mike, will you come in and take a drink?" Mike looked at the man for the space of half a minute, and then, rolling his eyes upward, very softly said: "I 't'ot it was an angel spakin' to me."

A Trojan canine recently swallowed \$25 worth of National currency belonging to his master, who wants to know if there is any use in sending the animal to the Treasury Department for redemption.

"My dear," said the sentimental Mrs. Waddles, "home, you know, is always the dearest spot on earth." "Well yes," said the practical Mr. Waddles, "it does cost me about twice as much as any other spot."

A compositor in a Southern printing office was escorted home the other night by a squad of dogs. The only remarkable thing about the occurrence was the rapid time made.

An Irish housemaid, boasting of her industrial habits, said, quite innocently, that she rose at four in the morning, made a fire, put on the kettle, prepared the breakfast, and made all the beds "before a single soul was up in the house."

A Montana man offered to bet his wife \$100 that she couldn't swallow a hot marble. She told him that was too thin—he couldn't get rid of her that way! He says he didn't think she was so darnation cute.

The editor of a Wabash paper wants to know if "the man who sent him a challenge to fight a duel means business" or whether his buzzard soul laughs at the ghastly joke.

"Do you like to go to church?" said a lady to Mrs. Partington. "Law me, I do," replied Mrs. P. "Nothing does me so much good as to get up early Sunday morning, and go to church and hear a popular minister dispense with the Gospel."

A traveler in Texas was invited to drink at a small town where he had stopped. He says; "I woke up next morning and found myself on top of a hay-stack, my horse eating from said stack, with my coat on, and myself with both arms inserted through the stirrups of my saddle, and the string around my neck, as a lariat."

RECIPES.

TO CLEAN GOLD CHAINS.—Put the chain in a small glass bottle, with warm water, a little tooth powder, and some soap. Cork the bottle and shake it for a minute violently. The friction against the glass polishes the gold, and the soap and chalk extract every particle of grease and dirt from the interstices of a chain of the most intricate pattern; rinse in clear cold water, wipe with a towel, and the polish will surprise you.

Those who are about to travel for a few days are sometimes puzzled to know what kind of cake to take in the haversack for a lunch by the way. Such will find the following most excellent and substantial:

JOURNEY CAKES.—One pint sweet cream, half teacup of sugar, stirred into coarse flour to form a stiff dough, roll out to one-fourth inch thick; bake in quick oven.

APPLE SHORT CAKE.—To one quart of sifted flour add two teaspoonfuls of cream tartar and one of soda, half a teaspoonful of salt, quarter of a pound of butter, sweet milk or cream enough to mix it. Have the dough rather stiff, roll and bake in a sheet. As soon as baked, split open the whole cake, spread one piece quickly with butter, cover with well-sweetened apple sauce, pour over some thick sweet cream, grate on nutmeg; place the other half on this (crust side down) spread with butter, cover the apple sauce, cream and nutmeg.

FARMERS' FRUIT CAKE.—Three cups of dried apples, wash and cut each piece into three pieces, then boil in a syrup made of two cups of sugar, half a cup of water, two tablespoonfuls of essence of lemon, until preserved through and tender. Be very careful not to let it burn. When cooked sufficiently, take off and cool; then add one cup of dried cherries, three cups of raisins, two cups of sugar, half a cup of brandy, one cup of butter, six eggs, one teaspoonful of cloves, nutmeg and cinnamon, pulverized and mixed; flour to make a stiff batter; bake one hour.

GINGER CUP CAKE.—Three cups of flour, one of sugar, one of molasses, one of butter, a tablespoonful of ginger, one teaspoonful of soda, and three eggs; bake in pans. A pound of stoned and chopped raisins is an improvement.

PLAIN CUSTARD.—Three well beaten eggs, one pint of milk, three or four tablespoonfuls of sugar, stir well together and bake twenty minutes.

Pie crusts are usually so full of shortening as to be unwholesome and the undercrust is like putty, cement or salve. Here is a recipe for a fine crust that will be fit to eat.

GOOD PIE CRUST.—Sweet cream made into a soft dough with either fine or coarse flour; bake immediately in a quick oven, will make a good crust for any kind of pies.

A gentleman was once riding in Scotland by a bleaching ground, where a poor woman was at work watering of linen cloth. He asked her where she went to church, what she had heard on the preceding day, and how much she remembered. She could not even tell the text of the last sermon.

"And what good can the preaching do," said he, "if you forget it all?"

"Ah, sir," replied the poor woman, "if you will look at this web on the grass, you will see that as fast as ever I put the water on it the sun dries it all up, and yet, sir I see it gets whiter!"

"Well, David," said a poor, but worthy citizen, to one of our city magistrates, "the world has prospered with you, and they say you are immensely rich."

"Well," replied David, "perhaps it is true; but we cannot take our gold with us when we go."

"It would melt if you did," was the quick retort.

PATENT MEDICINE.

VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," etc., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms are the offspring of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scour, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Flea, Tapeworm and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuge, or antiseptics, will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Typesetters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposit) the affected parts receive health, and a permanent cure is effected.

The Aperient and mild Laxative properties of DR. WALKER'S VINEGAR BITTERS are the best safe-guard in cases of eruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach and bowels, either from inflammation, wind, colic, cramps, etc.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
