Anthony Indignation Meeting.

Mrs. Susan B. Anthony's numerous sympathizers in New York propose to hold a monster indignation meeting on account of her conviction and sentence for an act which she consi ered legal, and which her counsel told her was legal. The projectors of the meeting desire the ladies attending to attire themselves in mourning. If the irrepressible Susan thought it was legal for her to vote, her trial and conviction have demonstrated how mistaken she was, and now what is the use of indignating about a thing which can only be remedied by changing the law? The spirit, proposing the black dressing indignation meeting, looks much like that which justifies mobs and other insubordinate and unlawful enterprises, and forces the opinion that the participators would hardly be safe persons in whom to entrust the elective franchise, or the execution of law. The friends of Susan ought not to ask that the executors of the law regard her case any more favorably, than that of any other person who chooses to violate the law.

Jefferson Davis is said to be writing a history of the rebellion. We wonder if the divil doesn't sit astride of his ink-horn and spit brimstone and fire at him every time he is inclined to write any thing but personal malice.

An Irishman, a thirsty and not particular soul, went into the Harlem railway depot the other day, put down his money, and said:

"A dhrop of ale, sir, if ye plaze." "We keep no beer here," sternly replied the clerk.

"Well, thin, a dhrop of whisky." "We keep no whisky here; sell only bits of pasteboard."

"Divil a bit do I care what it is." said the Irishman; "give us a dhrink of pasteboard, thin!"

A bright little boy, hearing his father say that a man "ought to stick to his business," emptied a bottle of mucilage in the old gentleman's office-chair. The old man says he has not been stuck so badly since 1873, and rewarded him by taking him on a whaling trip to the back cellar.

A father in Massachusetts, who grew impatient the other evening at the prolonged stay of an ardent admirer of his daughter, entered the room and invited the young man to remain to breakfast. The young man declined the invitation.

A Baltimore girl says her lover is like a telescope, because she can draw him out, see through him and shut him up.

The man who had "a will of his own" didn't get on very well at home, because his wife had a "won't of her own."

A prisoner at Auburn saved pieces of cloth for two years, and the other day made a suit and walked out.

Mr. Omlett, of Pittsburg, Pa., has been made to shell out for robbing a hen-roost. Bad egg.

A Doublin physician, in speaking of the frail constitution of women of the present day, remarked that we ought to take great care of our grandmothers, for we should never get any more,

PATENT MEDICINE.

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and awestened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Atonohic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all polsonous matter, and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Byspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Indammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsis. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisament.

For Femmle Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Toulc Bitters display so decided an influence that a marked improvement is soon perceptible. For Influencematism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

For Skim Diseases, Eruptions, Tetter, Saft Rheum, Biotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erystpelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. Pin. Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the health, elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no antheiminities, will free the system from worms like these Bitters.

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dz. J. Wallfris Vinggas Bittings, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time aliminating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
