

Albany Register.

At a special meeting of Brownsville Lodge, I.O.G.T., Sunday, August 3d, 1873, the following preamble and resolutions were unanimously adopted:

In as much as it has pleased Almighty God in his mysterious providence, to remove from our midst by the hand of death our beloved sister, Mrs. Isabella Bassett, and

WHEREAS, We desire to give some expression to show our sorrow at our loss, therefore be it,

Resolved, That we deeply deplore the loss of our sister, and sadly miss her from our society. We loved her for her virtues and feel that we have lost a sincere friend and helper; but though her pleasant companionship is lost to us forever on earth, her influence shall live, and the memory of her virtues will ever be sacred to our hearts.

Resolved, That while we endeavor to bow in meek submission to the decree which has called her hence, we deeply mourn her death, yet not without hope, for we truly believe that though her life has closed on earth her immortal spirit dwelleth in the "angel land."

Resolved, That by this sad event we are admonished that we, too, shall cease from our labors; and if we would accomplish anything for the cause in which we are enlisted, we must be diligent, and earnestly improve the present.

Resolved, That we offer to the relatives of the deceased the sympathies with which our hearts are filled, and trust that He who tempers the winds to the shorn lamb will guard the little ones she has left, comfort the afflicted father and husband and friends, and when this life of death is over, will reunite in heaven the links of love now severed on earth.

Resolved, That these resolutions be spread upon the records of the Lodge, surrounded with mourning border, and that a copy of them be sent to the Albany papers for publication, and also to the family of our lamented sister, Isabella Bassett.

COLEMAN'S Compound
Dr. J. S. Coleman's Compound
Extract of Eucalyptus is a preparation combining all the valuable medicinal properties of the Eucalyptus which is cultivated in nearly every California garden for its medicinal utility, having become the household remedy for all diseases of the kidneys, bladder and urinary canal, and seminal weakness. It seems to have a direct affinity for the genito-urinary organs and their surroundings, and cures them by its astringent, heating and balsamic properties more effectually than any other known remedy.
It is also an invaluable remedy for all diseases of the mucous and serous membranes, such as:
Bronchitis, Hacking Cough, Nausea during Pregnancy, Dyspepsia, Leucorrhoea, Etc.
This preparation is the result of Dr. Coleman's experiments with the medicinal properties of the tree in the U. S. Marine Hospital in San Francisco, in 1871 and 1872, where he had unusual facilities for testing the various methods of preparing the remedy, and its uses. It can be relied upon as certain to give the promised results, and hundreds of testimonials of its efficacy can be seen at his office, 46 Kearney St., San Francisco.
Coleman's Double Extract of Eucalyptus is a powerful, yet harmless, febrifuge, and is a special preparation for the treatment of the malarious fevers of our interior valleys, and is warranted to cure any case of Fever and Ague treated with it according to directions, while the beneficial results of the use of the usual Quinine and arsenical remedies for those diseases are entirely avoided. Beware of imitations, and take none but Coleman's.
