THE ALBANY REGISTER

Will hereafter appear as a semi-weekly, and be issued on Wednesday and Saturday mornings of each week.

EXAMINATION OF TEACHERS.—A public examination of teachers will be held in the Albany District School House on Saturday, Sept. 27, commencing at 9 o'clock A. M.

SUGAR CORN.—F. M. Wadsworth has a large quantity of splendid sugar corn, the finest article for roasting and succatash purposes we have seen.

SUCCESSFUL.—Charles Mealey, Hank Mendenhall, John Walton and Jerry Winters, who returned from the Cascade Mountains last week, got away with thirty-six deer.

TO ADVERTISERS.—We have readjusted our rates for advertising, and now offer space in the REGISTER for small, short-time advertisements at much lower rates than heretofore.

BUSINESS.—Has been lively all along the railroad during the week. The wheat excitement extended to Halsey on Monday, and as high as one dollar and two cents per bushel, was offered for wheat.

WHEAT SALES.—A large amount of wheat passed out of first hands, on Saturday last, at one dollar a bushel. Below we give the names of purchasers and amounts bought as reported to us:

Table with 2 columns: Name and Amount. Includes W. S. Newbury, Comstock & Co., Westlake & Howell, R. Cheadle, Beach & Monteth, Jas. H. Foster & Co.

AVERAGE YIELD.—It is stated by those who have had good opportunities of becoming posted in the matter, that the average yield of wheat per acre this season in Linn county will be over forty bushels.

FINISHING UP.—Messrs. Westlake & Howell have about completed their fine warehouse. It is fast filling up with wheat.

Republican County Convention.

At a meeting of the Republican County Convention, at the Opera House in Albany, Aug. 30, 1873, the Convention was called to order by Coll. Van Cleave, Chairman of the County Central Committee.

On motion, the report was adopted.

The following nominations were then made for delegates to attend the State Convention, to be held at Albany, Sept. 11th, 1873: S. Dawson, Geo. F. Simpson, O. P. Tompkins, J. M. Shelley, Robert Glass, J. W. McKnight, J. H. Johnson and Geo. H. Riddell, who, on motion, were declared unanimously elected.

On motion, adjourned. W. H. ROWLAND, Chairman. J. M. SHELLEY, Secretary.

A BIG DAY'S WORK.—On Saturday last, wheat, which had been gradually advancing in price, suddenly jumped from 82c to \$1 per bushel. The news that wheat commanded one dollar, spread like a prairie fire, and the rush and excitement was tremendous.

JUNCTION CITY.—This place, a town that has sprung into existence since the building of the O. & C. Railroad, a few miles south of Harrisburg, is already a place of considerable commercial importance.

THANKS.—Charley Mealey never forgets his friends—he would have been a richer man but for his big soul. We are indebted to him for the present of a pair of venison hams.

GOOD YIELD.—Judge Baber's oat crop averaged sixty bushels to the acre. His wheat crop was also over average.

THE ODD FELLOWS

The excursion to the mountains of the Odd Fellows, Monday, Sept. 2nd, was a most enjoyable one.

The excursionists were provided with tents and "grub," for comfort and sustenance during their stay; with shot-guns, rifles and pistols with which to get away with any enterprising Modocs, and with fishing tackle, especially adapted to imballing grasshoppers, which abound in fair numbers in that vicinity.

The excursionists went provided with tents and "grub," for comfort and sustenance during their stay; with shot-guns, rifles and pistols with which to get away with any enterprising Modocs, and with fishing tackle, especially adapted to imballing grasshoppers, which abound in fair numbers in that vicinity.

On Thursday parties received telegrams from home, informing them that business matters made it imperative that they should immediately return. This being the state of affairs, on Thursday evening it was resolved rather than divide up the party we would all return together on Friday—and thus it was that the excursionists returned several days earlier than at first anticipated.

GOOD TIMES COMING.—The good times so long looked for and anxiously expected. It would seem as if at least in close proximity to this commonwealth now. It is estimated that Linn county will have about one million and a half bushels of wheat to sell, which, should present prices maintain, would put in circulation in the county, for wheat alone, the neat little sum of one million five hundred thousand dollars—a sum which, if equally divided among our people, would afford each man, woman and child quite a little amount of pin money.

PERSONAL.—Mr. A. Wheeler, of Shedd, called on Monday. Dr. Tate and lady, Mrs. Barrows and daughter, and Miss Josie Hamilton returned from their trip to Roseburg on Saturday, professing themselves much delighted and benefited by the excursion, and grateful for the kind attentions shown them by the railroad officials throughout.

Mr. E. B. Purdon, who met with an accident a few days ago, by which he came near losing his right hand, is doing well, and will be ready for work again in a week or two.

Chas. Barnes is able to be upon the street. His arm is getting along finely.

DEED.—The youngest child of Mr. John Parker, of this city, died Saturday. It was buried on Monday.

A. W. S. CANAL COMPANY.

The construction of this gigantic enterprise is now so far advanced, that the Board of Directors are ready to sell the use of the water power to responsible parties, for manufacturing and other purposes, within sixty days from this date.

LOOK BEFORE LEAPING.—It must not be inferred from the fact that A. Wheeler & Co. do not give any guarantee in regard to the price of grain stored with them, that they do not intend to buy. On the contrary, they trust that they will be able to make it for the interest of all who can deliver more conveniently at Shedd, to sell them their grain.

EAGLE WOOLLEN MILLS.—By notice elsewhere in this issue, it will be seen that the regular annual meeting of the stockholders in the Eagle Woollen Mills Company is called for Friday, October 3d, 1873, at the office of the Company in Brownsville, at three o'clock in the afternoon of that day.

BENEFIT.—The charming actress, Mrs. Mart Taylor, takes a benefit at the Pacific Opera House on Friday evening next, Messrs. F. M. Wadsworth, the inimitable, and A. C. Sweet, have volunteered for the occasion.

Wm. Dwyer, pugilist, and Dick Harrington, alias Happy Jack, got into a row in San Francisco on the night of the 6th, when Harrington plunged a knife into Dwyer's breast.

The settlement of the Geneva award by Great Britain, and the final payment by France to Germany on account of the war indemnity, occurred on the 6th inst. The final payment on account of the Geneva award was \$1,000,000.

Col. John Harper, U. S. Collector for the 8th Illinois District, has defaulted in sums variously estimated at from \$50,000 to \$300,000. His bond is for \$200,000, and will probably cover the default.

Undeveloped Vigor.

The feeble and debilitated usually fancy they are in a more hopeless condition than they really are. The resources of nature are not easily exhausted. Even when strength and appetite fail, when the eyes are heavy and listless, the complexion pallid, the nerves tremulous, the body attenuated, and the mind depressed, there is generally a reserve of latent power behind such palpable evidences of weakness.

New To-Day.

Eagle Woollen Mills Company.
