RESOLUTIONS ON THE DEATH OF HON. JOS. G. WILSON.

WHEREAS, It has pleased the Almighty God to remove by death our late Republican Congressman, Hon. J. G. Wilson, and as his death is the cause of the meeting of this Convention, we deem it eminently proper that we should express our sorrow and acknowledgment of the great loss we have suffered as a party and a people by his sudden and untimely death.

Resolved by the Republican Convention, That we, as a party, deeply deplore and mourn his death for the reason that, by his integrity and uprightness of conduct as a citizen, the purity of his private life, his ability as a statesman, and above all his high Christian character and scholarly attainments, which elevated him above the mere politician rendered him a credit to the party and State and an eminently fit representative of a moral, intelligent and thrifty people, who fully appreciate the necessity of elevating to office good men only, who are and must be representative men of the party and State.

The Committee on Platform reported, and the report was adopted.

REPORT OF THE COMMITTEE ON RESOLUTIONS.

1. Resolved, That we look with pride and satisfaction upon the prosperous condition of our country as the natural result of its application of the principles controlling the Republican party in the administration of national affairs, and that we reaffirm the principles of the party as heretofore enumerated in its Conventions, and declare that their practical enforcement is essential to the welfare of the country and the maintenance of the rights and liberties of the people.

2. Resolved, That the Chief Executive of the nation has our unqualified and unqualified confidence in his integrity, ability and enlightened patriotism in the administration of the duties of his high office.

3. Resolved, That we point the discordant and chaotic political elements which oppose the Republican party to-day to the grand advance made by our Government on its political standing, financial credit, commercial importance and material development of the resources of the whole country as the direct, natural and inevitable result of the enlightened policy and principles of the Republican party.

4. Resolved, That we denounce the recent act of Congress known as the Back-Pay bill and the voting for an unnecessary increased pay for services already rendered.

5. Resolved, That we denounce all Credit Mobilier transactions, whatever their form, and we heartily approve of the action of the late Congress in exposing and punishing corruption.

6. Resolved, That we favor retrenchment and reform and rigid economy in the expenditure of the public money in the State and National administration, and the reduction of taxation as rapidly as consistent with good government and maintenance of the public credit.

7. Resolved, That we cordially welcome to our shores the oppressed of all countries, and remembering that our adopted fellow citizens have always proved loyal to the flag of the Republic, we demand for them the fullest protection of the laws, and favorable facilities for naturalization.

8. Resolved, That we condemn the State and National administration, and all forms of involuntary servitude, and affirm that the safety and prosperity of free institutions demand more stringent laws to prevent such traffic.

9. Resolved, That the interests of this State, and the demands of its commercial relations with the other States of the Union, both present and prospectively, will warrant a liberal expenditure on the part of the National Government in the improvement of our harbors and river channels, and in the coal trade, and all forms of involuntary servitude, and affirm that the safety and prosperity of free institutions demand more stringent laws to prevent such traffic.

10. Resolved, That we are in favor of Congressional grants of public lands to aid in the construction of a Railroad from Portland, Oregon, to some point of junction with the Central and Union Pacific Railroads in Salt Lake valley, and of a railroad from the Rogue River valley to a junction with the Central Pacific.

11. Resolved, That the interests of commerce demand the construction of a breakwater at Port Orford in this State for that purpose.

12. Resolved, That the protection of the commerce of the Columbia river demands the placing of a steam revenue cutter with all necessary appliances at the mouth of said river.

13. Resolved, That the producing, commercial and industrial interests of the country should have the best and cheapest of transportation possible, and while capital invested in such means of transit should have a reasonable remuneration, these interests should be fully protected, and the facilities for transportation should be adjusted so far as possible to the wants of every part of the State, with no unjust discrimination as to any section, person or class, and as capital and labor are inseparably connected and mutually dependent, the resources of the State will be best developed and the best interests of all classes promoted by mutual concessions and accommodations between labor and capital, and between the producer and carrier.

14. Resolved, That we are opposed to the setting apart of the Waiwala Valley for an Indian Reservation, and the candidate of this Convention is hereby pledged to use his influence to secure to white settlers the lands in said valley; that the Modoc murders of citizen's at Lost river and Tule Lake in November last, should at once be delivered to the civil authorities of this State, that they may be dealt with according to law; that we are in favor of a humane peace policy towards peaceable Indians, but full and complete protection should at all times be given to the settlers on our frontiers against the depredations of hostile and refractory tribes.

Mr. Baker of Union, offered the following resolution:

Resolved, That whatever may have been the misfortunes, faults or short comings of the Hon. J. H. Mitchell, U. S. Senator of this State, in his early private life, we neither apologize, pass judgment upon, nor justify him, but express our unqualified belief that by his many years of consistent, upright and honorable conduct in this State he has outlived any imputations cast upon him and that to-day not only the Republican party but a large majority of the people of this State have entire confidence in his integrity, ability and patriotism, and that he will faithfully and ably represent them in the United States Senate.

A motion to table the resolution was lost, by a vote of 73 against 34.

On a motion to adopt the resolution, Mr. Hinman of Washington made a hot speech against the adoption of the resolution. Said the adoption of the resolution would kill the Republican party—that any man nominated as candidate for Congress by this Con-

vention would be defeated, and more to the same effect.

Mr. Dolph, in a few stirring remarks urged the adoption of the resolution.

Mr. Baker moved the previous question. Mr. Lawson moved to adjourn. Motion lost by 24 yeas to 73 noes.

Mr. Baker withdrawing his motion, the discussion of the resolution was continued, Messrs. Hinman, Cross, Nichols and others participating.

Mr. Cross of Marion, said he believed we were all out of order. We were not sent here to discuss the merits or demerits of Senator Mitchell—were sent here to elect a candidate for Congress.

Mr. Baker of Union, was truly sorry to see this discussion in the Convention. Among other things the Committee adopted resolutions lamenting the death of Hon. Jos. G. Wilson.

Mr. Nesmith was an enemy to Mr. Wilson in the late canvass—now he is a candidate for Mr. Wilson's place. The opposite side of the house—and I am sorry to say there are two sides to this house—predict that the Republican party will be beaten if the resolution passes. We on this side don't threaten to disorganize and break up the Republican party even if the resolution does not pass. Now who are the disorganizers, the opposers of this resolution or those who sustain it? If he, (the speaker), thought Mr. Mitchell was guilty of high crimes and misdemeanors, he would introduce a resolution condemning Mr. Mitchell, and requesting him to resign. That would show at least honesty of principle.

Mr. Baker continued his speech to some length; was interrupted by Mr. Cross of Marion, and Hinman of Washington, several times—the Chair ruled the discussion or colloquy out of order.

Mr. Mulkey moved the previous question, which was followed by a motion to adjourn, the latter motion being negatived by a vote of 72 to 23.

The motion shall the main question now be put, went to the Convention, and was adopted by 72 yeas to 23 noes.

Mr. Nichols, by consent, here offered a substitute for the resolution under discussion: J. W. Watt of Yamhill, was placed in nomination.

Resolved, That we most emphatically condemn official corruption and crime wherever and by whoever committed, and that we cordially endorse the good acts of our public servants, in whatever official capacity.

The Convention refused to entertain the substitute, and the question being on the adoption of the resolution, the vote stood, yeas 65, noes 28—so the resolution offered by Mr. Baker was adopted.

The Convention then adjourned until 8 o'clock to-morrow morning.

FRIDAY, Sept. 12.

Convention convened at 8 o'clock. Nominations being in order, C. P. Cran fell placed in nomination Dr. E. K. Geary of Linn.

Dr. J. W. Watt of Yamhill, was placed in nomination. Hon. Hiram Smith of Linn was placed in nomination, but afterward withdrew.

On motion, four tellers were appointed by the Chair, and "business" commenced. After the ballots had been collected and six votes called, Dr. Geary came forward, and by unanimous consent addressed the Convention. Said he deemed the success of principles paramount to the success of a single man. That the charges against our Senator be neither affirmed or denied—it was a matter upon which he would not decide until the whole testimony was in. Until such time he should hold the matter in abeyance. That the canvass would be but a short one, and that it was due to the party that a young and vigorous man, one thoroughly comprehending the political issues of the day, should be placed in nomination. He was not that man, and after thanking the Convention for the compliment bestowed upon him in placing him in nomination, and renewing his fealty to the Republican party, begged to respectfully decline the nomination.

(The above is barely a synopsis of Dr. Geary's remarks. His speech was full of eloquence and pathos, and proved that the true spirit of Republicanism animated his breast. He was several times interrupted in the course of his remarks by loud and deafening applause.—Rep.)

Upon the conclusion of Dr. Geary's remarks, the ballot-count was resumed, with the following result: Geary 73, Watt 7, R. Williams 2, Ben Simpson 1, blank 4.

The Chair announced that Dr. Geary having withdrawn, another ballot would be had.

On motion, a recess of half an hour was declared.

On the reassembling of the Convention, on motion, the rules were suspended, and nominations declared in order. Dr. Watt declined the nomination. Hiram Smith was placed in nomination. Messrs. Joseph, Williams, Davenport and Boise were each nominated, and each declined.

On motion of Ben. Simpson, Hon. Hiram Smith, of Linn, was declared the candidate of the Convention for Congress, by acclamation.

On motion, the Convention adjourned.

"Jury," said a Western judge, "you kin go out and find a verdict. If you can't find one of your own, get the one the last jury used."

The jury returned a verdict of suicide in the ninth degree.

"Were you guarded in your conduct while in New York?" asked a father of his son, who had just returned from a visit to that city.

"Yes, sir; part of the time by two policemen."
