MAILS ARRIVE:
From Railroad (north and south) daily at 12.30 P. M.
From Corvallis, daily, at 10.30 A. M.
From Lebanon, tri-weekly, (Monday, Wednesday and Friday) at 10.30 A. M.

MAILS DEPART:
For Railroad (north and south), daily, close prompt at 11.30 A. M.
For Corvallis, daily, at 1.30 P. M.
For Lebanon, tri-weekly, (Monday, Wednesday and Friday) at 2 P. M.

Office hours from 7 A. M. to 8 P. M.
Sunday, from 12 M. to 2 P. M.
Money order office hours from 9 A. M. to 6 P. M.
P. H. RAYMOND, P. M.

LINN COUNTY FAIR.—The Fair of the Linn County Agricultural Association opens on Tuesday, September 23d, and will continue four days. The officers of the Association have been busy getting the grounds in readiness for the Fair, making them more attractive and more comfortable to those who attend. Arrangements have been perfect, as we have before stated, with the O. & C. Railroad Company, to pass stock and articles for exhibition at the Fair, over the road at half rates. It is believed that there will be a larger attendance from abroad, and a better showing of blooded stock, agricultural implements, etc., than last year. Money is easier, and the times generally are more propitious now than then, and to make the coming Fair a crowning success—a showing of articles and gathering of people rivaling our State Fair—it only remains with the people of Linn county to take hold of the matter in earnest. Our Farmers have but to exhibit a proper appreciation of the results to be accomplished by such exhibitions, and the coming Fair will prove a grand success in every particular.

SOMETHING IN RELATION TO GRANGES.—A Grange is composed of ladies and gentlemen members, and is governed by twelve officers, as follows: Master, Overseer, Lecturer, Steward, Chaplain, Treasurer, Secretary and Gate-keeper, all males, while Ceres, Pomona, Flora and Assistant, are females. If care is taken to select persons well qualified to discharge the duties of their several positions, there is beauty and sublimity in the work. A general deputy of the National Grange initiates the members and installs the officers, in which, in either case, the installing officer is entitled to traveling expenses and five dollars per diem for the time occupied. The deputy or installing officer keeps a duplicate, and a fee of fifteen dollars is sent to the National Grange at Washington, from which the dispensation, and the necessary books, forms, etc., to enable the Grange to put itself in good shape for work, are obtained.

PANORAMA.—Mr. Reed, Oregon's talented artist, has painted, in first class style, some thirty views or scenes of prominent points in Oregon, on canvas, making a series of panoramic views, said to be unequalled by anything heretofore executed by him. Wherever this panorama has been exhibited, it has been greeted with full houses and high plaudits. Our people will have a chance to throw their eagle eyes upon these visions of beauty, during Fair week, at the Court House, and those who fail to attend will be few indeed. Everybody'll go.

OSWEGO IRON COMPANY.—It is stated that the Oregon Iron Company, after a rest of two years, have decided to start their works at Oswego. They have lately purchased ground on which they propose to erect rolling mills for the purpose of manufacturing leading varieties of wrought as well as railroad iron. The deposits of iron ore are said to be almost inexhaustible, and we hope that no little "freeze-out" game will hereafter be tried to the detriment of one of the manufacturing interests of Oregon.

IN LUCK.—H. C. Clement, of this city, is in luck. Some time ago he purchased a piece of ground in Tacoma for \$100. A day or two since he sold one half the purchase for \$450. If all our friends do as well with their Tacoma property, they certainly won't grumble.

PERSONAL.—We received a visit from our old friend Eph. McFarland, formerly a resident of Linn, but now of Washington Territory. He proposes to remain in Linn among old friends for a couple of weeks.

Dr. King, late of Scio, now of Marion county, called on Saturday.

Mrs. Looney Bond, who, with her husband, has been visiting friends in this county, started for Waitsburg, their home, on Friday—joining her husband at Portland.

We beg pardon—entirely slipped our memory last week—it's a sweet little girl, Wolf says.

Uncle Jerry Driggs and lady arrived in this city from Seattle, W. T., on Sunday. Uncle Jerry is as gay as a lark.

Rev. J. W. Van Cleve and family left for Roseburg, their new home, on Tuesday.

Ex-Sheriff Bob Irvine, with the aid of his little rooster, Lige, got away with 2,000 bushels of wheat this season. Bob is a worker, no matter where you put him.

OCHOCO.—Uncle Jimmy Donhit, who came into the valley from his ranch in Ochoco the first of the week, brings cheering news of the prosperity of that section. The harvest is very abundant, wheat turning out from thirty to fifty bushels per acre, and the yield of oats correspondingly large. The health of the valley is also good. The grass has been abundant, and there is a large amount of fat cattle for sale. The milking interests are looking up, and it is believed that a large amount of virgin ore will be taken from the hills and gulches in the future. Men with rockers have been drifting, making as high as \$5 per day to the hand, and occasionally more. Ochoco suits Uncle Jimmy, and he proposes to make that his future home.

FAIR CROP.—An old friend of ours, one of the best men in Linn county, by the way, in conversation with us on Monday said he had done very well farming this season. His flax had averaged seventeen bushels per acre, and he could get two dollars per bushel for it, and his wheat had averaged between twenty-six and twenty-seven bushels per acre, and was worth one dollar per bushel. Although wheat has turned out exceedingly well in all quarters, flax rather stands over it this season, in the less favored localities.

CUT THIS OUT.—A tea made of chestnut leaves drank in the place of water, will cure the most obstinate case of dropsy in a few days.

A tea made of ripe or dried whortleberries, and drank in place of water, is a sure cure for a scrofulous difficulty, however bad.

A tea made of peach leaves, is a sure cure for a kidney difficulty.

A plaster made of fresh slacked lime and fresh tar is a sure cure for cancer, which, with all its roots, will come out.

A tea made of willow leaves is a sure cure for fever and ague.

THE OLD MAN'S ON IT.—A correspondent at Waterloo writes us that Rev. Yager of that place, a Presbyterian minister, who owns, through his wife, the soda springs there, has torn down the house over the spring, and partially destroyed the walk or bridge leading across the Santiam to the spring, thereby inconveniencing the public and endangering the lives of those wishing to pass to and from the spring. Of course this action is destructive to the business of the place, and meets with the intense disapproval of the inhabitants of the little village.

HUGE TRANSACTION.—On Saturday Mr. N. Baum of this purchased 350,000 bushels of wheat, for which he pays \$1 per bushel, and also pays for sacks and storage. This is equivalent to about \$1 13 per bushel—a good, fair living price, certainly. Our farmers are certainly in luck.

PANORAMA.—Stewart's Panorama gave an exhibition on Monday night at the Opera House. We were not present, but learn that the paintings were good.

NEW ADS.—Special ordinance No. 19. Two chances to bid on city work.

AGRICULTURAL WORKS.—What has become of the subscription books of the contemplated Agricultural Works? No one denies the feasibility or the necessity of a factory for putting up all kinds of farm machinery; and as those who are posted in such matters, say such an establishment will pay, why not push the matter now. The Santiam Canal will be ready to furnish all the power needed in a few days, and if our people are in earnest in their demand that the old and ruinous system of doing business should be abrogated, they will subscribe the stock necessary to build such works without an effort. Throw the stock books in sight.

MARKETS.—Wheat commands \$1 per bushel. A little breeze was started on Monday, by the circulation of a report that \$1 12 was offered; but after tracing the report up through the several warehouses and mills, we couldn't find the party willing to pay it. Oats are worth 30¢@35¢ per bushel. Butter quoted at 25¢ per pound. Eggs 25¢ per dozen. The market is well supplied with apples, pears, plums, potatoes, tomatoes, squashes, melons, onions, etc., at fair rates.

A CURIOSITY.—Dr. Smith, of this city, on Tuesday presented us with a common red fuchsia that was, to say the least, different from any we ever saw. One half of some of the leaves were green, while the other half was red; and while some of the leaves were broad and open, a majority were hooked, presenting the appearance of a parrot's bill, at the end or top. It is a pretty flower, and we are not prepared to say that it is not an improvement on the old style.

PILGRIMS.—Four wagons loaded with pilgrims passed through the city, "going west," on Monday. Two of the wagons were "total" by "bull teams". They hailed from Minnesota, and looked to be in fair condition for another hundred or two miles.

SANTIAM CANAL.—Mr. Ben. Turley commenced operations on his Canal contract on Monday, and will soon have it completed ready to let in the water. Other contractors will finish up as soon as harvest is over. Less than sixty days will see the water running in the Canal, ready to be used.

THE WHEAT RUSH.—Twenty-five teams at one time were waiting to unload wheat at the Farmers' Warehouse, on Monday. The rush to get in the wheat has been tremendous, and our warehouses are fast filling up.

OATS.—As yet there has been but little inquiry for oats, yet prices are looking up. We heard that a party on Monday offered thirty-five cents per bushel for ten thousand bushels.

Missionaries and others sojourning in foreign lands should not fail to take with them a good supply of Johnson's Anodyne Linctum. It is the most reliable medicine for all purposes there is in the world.

Contagious diseases, such as horse ail, glander, &c., may be prevented by the use of Sheridan's Cavalry Condition Powders. Persons traveling with horses should take note of this.

Ed. Fox, of the N. Y. Herald, and J. H. Baker, of the S. F. Post, have gone to Fort Klamath to be present at the execution of the Modocs.

On the afternoon of the 15th, two retnos confined in the jail at Eugene broke out and escaped, leaving the third one stuck between the iron sheeting in the roof of the jail. This is the third time these fellows have escaped.

From Chicago we learn there was a severe frost throughout the west on Saturday night, but no serious damage was done to crops.

Gov. Stanford's horse, Occident, on the 10th, at Sacramento, California, trotted a half mile in 1.06 1/2, and twenty minutes afterward trotted a mile in 2.17 1/2.

W. Lair Hill, present editor of the Oregonian, was a bolter when Geo. L. Woods was a candidate for Governor. If the Rev. Boykin were interviewed he could tell why.—Statesman.

NEXT TUESDAY.—Linn County Fair opens, remember.

MUSIC.—We are under obligations to Mr. M. Gray, music dealer, Portland, for two pieces of late music, etc. This establishment is under the management of Prof. G. L. De Prans, and always has for sale the latest music and best musical instruments in the market. Order of G. L. Deprans, Portland, Oregon.

CAMPAIGN OPENED ON MONDAY.—Nesmith and Hiram Smith passed up the road on Sunday. Nesmith was to initiate active blackguardism on the stump at Eugene City on Monday.

PUSHING AHEAD.—The cars on the Northern Pacific Railroad have crossed the Nesqually river, and there are but fifteen miles of road to complete to land trains in Tacoma.

FLAX SEED.—Howell, Harper & Co. offer to contract for Flax seed at three cents per pound, furnishing bags and seed. 1.6

"TIME TRIES ALL THINGS," and has proven that Wistar's Balsam of Wild Cherry is the remedy par excellence for the cure of coughs, colds, croup, whooping cough, bronchitis, asthma, phthisis, sore throat, influenza, and "last, not least," consumption. 2w

Undeveloped Vigor.

The feeble and debilitated usually fancy they are in a more hopeless condition than they really are. The resources of nature are not easily exhausted. Even when strength and appetite fall, when the eyes are heavy and listless, the complexion pallid, the nerves tremulous, the body attenuated, and the mind depressed, there is generally a reserve of latent power behind such palpable evidences of weakness. Various modes of treatment are resorted to by physicians in the hope of developing and rendering available this store of sleeping vitality, but the surest, and indeed the only thoroughly safe and reliable means of awakening the dormant energies of the system is a course of Hostetter's Stomach Bitters. Electricity, shower baths, the flesh brush, sea bathing, &c., may be well enough in their way, as auxiliaries, but they do not reach the source of the evil. All physical debility proceeds either from a derangement of the functions of the assimilating, secretive and vital organs, or from a sluggish constitution. In either case, and also in cases where both causes exist, the Bitters will invariably produce an immediate and salutary change in the condition of the patient, and eventually effect a complete cure. None of the dangerous alkaloids, too often administered as tonics, can be otherwise than deleterious under such circumstances, and to give mercury is positively criminal. The direct effect of the great vegetable specific will be manifested in an improved appetite, a more cheerful frame of mind, a gradual return of strength, an increase of flesh, and a healthier complexion. Meanwhile, however, the constitution, if inert and feeble, will have been roused and renovated by the subtle elements of invigoration contained in the Bitters. sep

Ordinance No. 19.

TO AMEND ORDINANCE NO. 18.

Be it ordained by the Common Council of the City of Albany:

Section 1. That section two of ordinance No. 18, be amended so as to read as follows: That said sewer be built of brick, in a complete circle, three feet in diameter on the inside; that the brick be so laid as to make the wall 8 inches thick, and that the brick be of good quality, hard burnt, and well laid in good cement mortar.

Sec. 2. This ordinance to take effect from and after five days after its publication.

Passed the Council, Sept. 13th, 1873.
COLL. VAN CLEVE, Mayor.
Attest: JOS. HANNON, City Recorder.

NOTICE FOR BIDS.

Bids will be received at the Recorder's office in the City of Albany, until 7 o'clock P. M., and opened and considered by the City Council at 8 o'clock P. M., Saturday, Sept. 27, 1873, for the contract, to the lowest bidder, to dig a ditch and build a brick sewer thereon, up the east side of Broadway street; the sewer to be made according to provision of city ordinance, which, together with a part of the survey of the ditch and sewer, may be seen at the office of the City Recorder. The bids must be to take the contract to build the sewer by the 100 feet, the council reserving the right to let the contract for such number of feet, not less than 100, as the Council shall choose; and also reserves the right to reject any and all bids.

By order of City Council, Sept. 13th, 1873.
COLL. VAN CLEVE, Mayor.
JOS. HANNON, City Recorder.

NOTICE FOR BIDS.

Bids will be received at the Recorder's office in the City of Albany until 7 o'clock P. M., and opened and considered by the City Council at 8 o'clock P. M., Saturday, Sept. 27th, 1873, for the contract, to the lowest bidder, to dig a ditch under the sidewalk and crosswalks, beginning at the N. E. corner of block No. 15, thence south to the S. E. corner thereof, thence across 3d street to the N. E. corner of block No. 22, thence west to the N. W. corner thereof, thence south to the S. W. corner thereof, thence across 4th street to the N. W. corner of block No. 27, thence south to the S. W. corner thereof; the ditch to be dug according to ordinance and specifications furnished by committee on streets, and to be completed by Nov. 1st, 1873, the council reserving the right to reject any and all bids.

By order of City Council, Sept. 13th, 1873.
COLL. VAN CLEVE, Mayor.
JOS. HANNON, City Recorder.

FINANCIAL AND COMMERCIAL.

Gold in New York yesterday, 111 1/2. Legal tenders 87 1/2 @ 88 1/2. Liverpool wheat 13s @ 13s 1d; Club, 13s 3d @ 13s 6d.

Wheat is quoted in San Francisco as firm at \$2 27 1/2 @ 30 per cental. Oats, \$1 70 @ 1 20.

Portland quotations show wheat at two cents per pound. Oats, 51 @ 52c per bushel.

Our dealers are offering \$1 per bushel for wheat, and we are informed that about 600,000 bushels have been sold at that figure. An immense quantity of wheat is brought to the city daily, and our warehouses will soon be overrunning.

FARMERS!

Take Notice!

THE NEW AND WELL-ARRANGED Warehouse of R. Cheadle, with improved cleaning apparatus of ample capacity, is now prepared to receive grain for the harvest of 1873. Farmers wishing to store or sell wheat, will find it to their advantage to see me before selling elsewhere. All will be furnished with sacks to move their grain by calling on me. The highest cash price will be paid for good merchantable wheat at all times. E. S. MERRILL, an old citizen of Albany, of excellent business qualifications, has taken charge of the warehouse, and will superintend the receiving and delivery of all grain passing through it. E. CHEADLE. Albany, July 23, 1873-6m47ms
