Dr. J. S. Coleman's Compound

Compound Extract of Eucalyptus is a preparation combining all the valuable medicinal properties of the Eucalyptus which is cultivated in nearly every California garden for its medicinal utility, having become the household remedy for all diseases of the kidneys, bladder and urinary canal and scurvy. It seems to have a direct affinity for the genito-urinary organs and their surrounding membranes, and cures them by its alterative, healing and balsamic properties more effectually than any other known remedy.

It is also an invaluable remedy

for all diseases of the mucous and serous membranes, such as:

Bronchitis, Hacking Cough, Nausea during Pregnancy, Dyspepsia, Leucorrhoea, Etc.

This preparation is the result of Dr. Coleman's experiments with the medicinal properties of the tree in the U. S. Marine Hospital in San Francisco, in 1871 and 1872, where he had unusual facilities for testing the various methods of preparing the remedy, and its uses. It can be relied upon as certain to give the promised results, and hundreds of testimonials of its efficacy can be seen at his office, 405 Kearney St., San Francisco.

For sale every where, and by Chas. Langley & Co., Druggists, Agents, San Francisco, Calif.

TRADE MARK

EUCALYPTUS

Extract of Eucalyptus is a powerful, yet harmless, febrifuge, and is a special preparation for the treatment of the malarious fevers of our interior valleys, and is warranted to cure any case of Fever and Ague treated with it according to directions, while the beneficial results of the use of the usual Quinine and arsenical remedies for these diseases are entirely avoided. Beware of imitations, and take none but Coleman's.

For sale every where, and by Chas. Langley & Co., Druggists, Agents, San Francisco, Calif.
