**WEATHER RECORD FOR SEPTEMBER.**

—Mean temperature for the month, 64 degrees. Highest temperature on the 5th, 75; lowest on the 23th, 53. Highest temperature during the month, on the 6th, 88; lowest on the 29th, 31. Clear days 22, cloudy 8. Wind north 20 days, southwest 4. The mean temperature for September, 1872, was 62 degrees—highest 74, lowest 52. Highest temperature during the month 80, lowest 34. Clear days 19, cloudy 6, showery 5. Wind north 20 days, south 7, northeast 3. J. R. SMITH.

**THOSE PERCHERONS.**—We had the pleasure of meeting, in this city, on Wednesday morning last, Mr. W. C. Myer, of Jackson county, importer of the noted full bred Percheron stock of horses. Mr. Myer had with him, en route for the State Fair at Salem, twelve head of Percherons, among the number two huge stallions—White Prince, nearly white, weighing 1,800 lbs.; Napoleon II., dapple gray, weighing 1,700 lbs.—and several yearlings and two year olds that looked like matured horses, standing from 15½ to 18 hands high, and weighing from 1,070 to 1,500 lbs. A gray colt, seven-eighths blood, foaled April 16th, 1873, stood about 14 hands high and weighed 675 lbs. It was the finest collection of draft horses we have seen on the coast, and we should imagine were just the kind of horses our farmers need for all work. Mr. M. informed us that they not only have the weight and strength, but have the bottom, and what is still more in their favor, have fine action, and therefore make good travelers—an advantage said to be possessed by no other stock of draft horses. From present appearances, a pair of these colts at three years of age would pull down about 4,000 lbs., stand 18 hands high, and would be able to get away with four of our common horses and their load with ease. It will pay our farmers while at the State Fair to call at Mr. M.'s stables and examine his stock.

**HUGE BUSINESS.**—The O. & C. Railroad is now doing an immense business carrying freights. Long lines of cars are almost hourly dashing up and down the valley carrying off the almost limitless amount of wheat awaiting transportation to market. Almost every bushel of grain, so far taken from the valley, has been carried by the railroad, as there is now, and has been for many weeks past, insufficient water in the Willamette river to enable water-crafts to do any carrying business. If it were not for the railroad it would have been impossible to move the grain at this time, and it may be, for months to come; there would have been little or no sale for wheat, and the price offered would doubtless have been less than half that secured by producers of this valley this season. The immense crops of cereals with which this valley has been favored the present season, would not have proved the blessing they have, had we been without railroad facilities. Our people can now, with the experience of the present before them, better understand and decide for themselves the conundrum: Is the railroad a benefit to the producers of the Willamette valley, or is it an injury?

**OBSERVED THE DAY.**—Mr. N. Baum's was the only business house that observed Wednesday—the Hebrew day of Atonement—in this city.

**QUARTZ.**—Mr. McKnight, who arrived in this city from Washington Territory on Tuesday, after an absence of about a year, exhibited to us specimens of quartz, taken from Hangman's Creek, W. T., which are said to be rich in the precious metals. Besides the gold and silver believed to be hid in the mountains and gulches, he says the soil is very productive, producing good crops of cereals, and is as fine grazing land as lays out doors—in fact the farmers' country.

**GONE TO SALEM.**—Gus. Wheeler, who has been in charge of the telegraph office in this city for a year or two past, left us on Thursday to take charge of the Salem office. As the duties of the Salem office are greater and more responsible, and the pay larger, this change is an evidence of the high estimation in which he is held by the officers of the Company. We congratulate Gus. on his advancement, and wish him every success in the future.

**PREPARING FOR WINTER.**—About this time of year, wood-butchers are plying their vocation with assiduity, filling up wood-sheds with neatly sawed stove and fire-wood to keep dry during the Winter rains. If there is anything more musical or enchanting than a two-horse circular wood saw in full blast, we don't want to hear it or of it—it certainly equals a boiler factory.

**WAGONS.**—As an evidence that as good wagons can be made right here in Oregon—wagons that meet the approbation of the tillers of the soil—equal if not superior to those of Eastern manufacture, we cite the fact that Messrs. Peters & Speidel, manufacturers of wagons, thoroughbraces, etc., of this city, have made and sold during the present season thirty-nine wagons, and now have not a single completed wagon on hand. They are manufacturing more, and will soon have a number ready for sale. We will remark also, that their wagon is giving general satisfaction.

**FARMER'S MEETING.**—A meeting of farmers was called at the Court House on Wednesday afternoon, to listen to an address from Mr. Mercer, of Astoria, on the subject of making Astoria the shipping point for the Willamette Valley. Mr. Mercer contended that the farmers of Linn county were losing twenty per cent. every year on their receipts for wheat by not sending their grain to Astoria for shipment to Europe.

**SMOKY.**—The whole country is full of smoke, which, with the clouds of dust filling the air continually, gives nature a somber and gloomy look, very unpleasant to contemplate. Rain is what's wanted to clear the atmosphere, and render plowing successful.

**HALF FARE.**—It is stated that arrangements have been effected with the O. & C. Railway Company materially reducing the rates of fare to those wishing to be present at Salem on the occasion of laying the cornerstone of the State Capitol, which transpires next Thursday. Those wishing to attend will make a note of this fact.

**PERSONAL.**—Capt. J. W. Matthews arrived in this city on Tuesday, from his ranch in Washington Territory.

Al. Wheeler, of Shedd, was in the city on Wednesday.

Mr. McKnight, of Hangman's Creek, W. T., threw himself in view on Wednesday. He speaks well of his new home.

J. W. Bodley, of Eugene, fills the place left vacant by Gus. Wheeler in the telegraph office in this city.

Col. Peter Saxe was in the city on Thursday.

Mr. J. H. Powell has removed from Lane county with his family, to his old home in Linn.

Dr. Whitney, of Siletz Reservation, was in the city on Thursday.

Mr. W. F. Settlementier, of Prairie City, John Day country, called yesterday.

Rev. Mr. Oakes preaches at the Opera House to-morrow.

**OATS.**—Has been selling at 37½¢ per bushel.

**PUBLIC SPEAKING.**—Mrs. Duniway addressed a fair audience, on the political situation, at the Court House last night, in her usual happy style. She addresses the citizens of Eugene this evening. On Monday she will be at Roseburg; on Tuesday at Corvallis; on Thursday at Portland; at Hillsboro on Friday, and Lafayette on Saturday.

**LARGE INVOICE.**—Messrs. A. Carrothers & Co. are receiving a large invoice of drugs, chemicals, paints, etc. For the long winter nights they will have over five hundred cases of coal oil. This firm is doing a large and increasing business.

**SEVERE KICK.**—A son of Mr. James Finlayson, who resides about four miles from this city, aged about seventeen, was severely kicked in the breast by one of his father's horses on Wednesday.

**POTATOES.**—Of excellent quality and large growth are produced on Hangman's Creek in Washington Territory. We have a specimen raised there that is hard to excel in size, and the yield is said to be large.

**STILL THEY COME.**—Another large invoice of goods, for A. Wheeler & Co. at Shedd, by the last steamer. They are troubled for room to store them.

**VERY LOW.**—We learn that Dr. Ballard, of Lebanon, is very low with typhoid fever.

**SICKNESS.**—A good deal of sickness is reported throughout the county, principally fevers.

Oh, come into the garden, Jane,  
And sit beneath the rose,  
And see me prance around the beds  
Dressed in the best of clothes!  
Oh, come and bring your uncles, Jane,  
Your sisters and your aunts,  
And tell them 'twas at A. Wheeler & Co.'s I bought  
My coat, my waistcoat and my pants!  
SHEDD, Or., Oct. 24, 1873.

**THE "SINGER" AGAIN TRIUMPHANT.**—At the Linn County Fair last week the Singer Sewing Machine was awarded the first premium over all others for the best and the greatest variety of work, by a committee of ladies who thoroughly tested the machine and gave the premium understandingly. Messrs. Titus, Bourgardes & Co. are agents for the Singer in this city, and samples of the different styles manufactured can be seen at their jewelry establishment on First street. They also keep for sale all kinds of sewing machine needles, and will furnish on short notice any attachments wanted to sewing machines. Call at their store when you need anything in the sewing machine line.

Go To—Driggs & Carter's Planing Mill, Sash and Door Factory, Near Cherry's Foundry and Hurd & Crouse's Sawmill, Albany, Oregon, for Doors, Sash, Molding, Seasoned Mountain Flooring, Rustic Ceiling and Siding, White and Yellow Fir Finishing Lumber, &c., &c. All kinds of work in our line done to order on short notice.

**FARMERS!**

**Take Notice!**

**THE NEW AND WELL-ARRANGED** Warehouse of R. Cheadle, with improved cleaning apparatus of ample capacity, is now prepared to receive grain for the harvest of 1873.

Farmers wishing to store or sell wheat, will find it to their advantage to see me before selling elsewhere. All will be furnished with sacks to move their grain by calling on me.

The highest cash price will be paid for good merchantable wheat at all times. E. S. MERRILL, an old citizen of Albany, of excellent business qualifications, has taken charge of the warehouse, and will superintend the receiving and delivery of all grain passing through it.  
R. CHEADLE  
Albany, July 23, 1873-5n47m3
