

Albany Register.

LOCAL MATTERS.

POST OFFICE REGISTER.

MAILS ARRIVE:
From Railroad (north and south) daily at 12.30 P. M.
From Corvallis, daily, at 10.30 A. M.
From Lebanon, tri-weekly, (Monday, Wednesday and Friday) at 10.30 A. M.
MAILS DEPART:
For Railroad (north and south), daily, close prompt at 11.35 A. M.
For Corvallis, daily, at 1.50 P. M.
For Lebanon, tri-weekly, (Monday, Wednesday and Friday) at 2 P. M.
Office hours from 7 A. M. to 8 P. M.
Sunday, from 12 M. to 2 P. M.
Money order office hours from 9 A. M. to 6 P. M.
P. H. RAYMOND, P. M.

The REGISTER is issued twice each week (Wednesday and Saturday mornings) at the low price of three dollars per year, in advance. Call at the office, corner of First and Ferry streets, and subscribe.

WANTED.—School District No. 23, Linn county, wants a school teacher at once. Inquire immediately of John Fagan or John Luper, Tangent.

TO BE CONTINUED.—Owing to the prevalence of bad weather, the State Fair is to be continued three days next week—until Wednesday. Good.

PETERS' MUSICAL MONTHLY.—For October is filled to the brim with new music—waltzes, schottisches, etc. It is the cheapest and most interesting musical magazine in America.

WHO CAN BEAT IT?—Father Freeland, of this city, has a radish raised on his farm in this county that measures twenty-three inches in circumference and weighs six pounds. Beat it who can.

PERSONAL.—John Ganter, we notice, is en route for his old home in this city.

Mrs. Dodd left this city for California, on a visit to friends there, on Wednesday.

Mrs. Brown, the mother of Mart. V. Brown, of the Democrat, is lying dangerously ill at her residence in this city. Mr. Brown was telegraphed for, and came up from Salem overland last night.

DYING.—A report reached this city on Thursday that Dr. Ballard, of Lebanon, was dying. [Just before going to press we learn that the above rumor is incorrect. Dr. Ballard, we are pleased to say, is recovering.]

NEW GOODS AT LEBANON.—Yesterday Mr. Montague, of Montague & McCalley, Lebanon, arrived in this city from Portland, with a large stock of general merchandise, clothing, groceries, &c., &c., which were hauled out to Lebanon in the afternoon. This is one of the most enterprising and energetic business firms in Oregon, and by the display of an accommodating spirit and fair and honorable dealing with customers, added to extremely low prices asked for goods, they have built up, in an exceedingly short space of time, a large and lucrative business. Call at once and see their new and elegant goods.

KILLED BY THE CARS.—On Wednesday night last, Mr. Beard, an elder brother of Mr. John Beard, of Tangent, was killed near that village by the passenger train on the O. & C. Railroad going south. As related to us, deceased was coming into Tangent from the south, walking on the railroad track. As the train approached him, after having left Tangent, he got off the track, and as the last coach of the train was passing him he attempted to get upon the track again, when the steps of the coach, it is supposed, struck him in the side, from the effects of which he died in about fifteen minutes. Deceased was about 60 years of age.

OFFICERS ELECTED.—On the 8th, at Salem, the following named gentlemen were elected as officers of the State Agricultural Society for the ensuing year: C. P. Burkhardt, President; Jas. Talen and A. Luelling, Vice Presidents; E. M. Walte, Secretary, and I. H. Moores, Treasurer.

ARM BROKEN.—Near Tangent, a few days since, a fifteen year old boy, son of Mr. Borchers, fell out of a swing and broke his right arm between the wrist and elbow. Dr. J. L. Hill set the bone, and the boy is doing finely.

PARAGRAPHS.

It has rained pretty continuously during the week.

A large number of our citizens went down to Salem on Wednesday.

C. P. Harper sailed for San Francisco on Thursday.

Circuit Court opens next Monday. The docket is not large.

As there is plenty of water the Magnolia and City Mills have gone to grinding.

Two sixteen per cental has been offered for wheat delivered in Portland in December.

Bran is worth 75c per cental at the mills.

We still have no quotations for wheat, as there are no buyers.

The roads are dreadful sloshy—wheat hauling almost entirely discontinued during the week.

Lots of "free" water in the Santiam Canal now.

The third "call" on Santiam Canal stock was made on the first of the month.

An Odd Fellows lodge is to be instituted at Lebanon next Friday night. Our folks will go over. "Prepare! prepare!"

Balm wood that has laid out in the rain during the week, makes excellent kindling—perhaps!

Mr. John Barrows, wife and daughter, went to Salem on Wednesday. Mrs. Barrows and daughter will extend their trip to Dalles, for the benefit of Miss. Ella's health.

Hickory nuts and black walnuts at Blain, Young & Co.'s.

We are sorry to learn of the illness of our friend, Mr. J. M. Shelley, of Harrisburg. He is afflicted with typhoid fever. We, with his numerous friends in Linn county, wish him a speedy recovery.

Being somewhat behind train time on Tuesday, and wishing to excurs to Salem, we are under obligations to Mr. Arnold and the Bay Team for putting us through in good shape on the double-quick in time to get on board the train. Arnold's a trump.

Fresh eggs are in demand at 25c per dozen, while butter commands 20c per pound. A good article of butter, we may be permitted to remark, is a very scarce article in this market.

The flies are more "bothersome" these days if any difference, than during the dog-days.

The Chief Marshal at the Salem Capitol blow out on Wednesday, came down on Mart. Brown, one of his aids on the occasion, with great severity, for "too much foolishness" while on the claybank cayuse pony, which he bestrode with almost as much dignity as Shacknasty Jim.

Visitors and exhibitors, especially campers, at the State Fair, have had an exceedingly refreshing time there during the week, owing to the prevailing weather. At no time, we are reliably informed, has the mud averaged over three feet in depth on the grounds.

On the 8th, at the State Fair, in the race for Oregon bred horses, single dash of a mile, Mr. Gird entered "Bill Gird," who got away with the race and money in 2:03.

Rebekah meeting this evening at 7 1/2 o'clock.

Mr. J. W. Williams, of Corvallis, visited this city on Thursday to attend the District meeting which met here on that day.

Mart. Luper's team took a spin the other day, and succeeded in smashing the back to which they were attached pretty badly.

Howell, Harper & Co. have purchased the new warehouse erected by R. C. Kinney at Miller's Station.

Rev. S. G. Irvine having resigned the pastorate of the Willamette Church nine miles south of this city, will now devote his entire time to the U. P. Church in this city.

Elias Fanning, of Tangent, and William Cyrus, of Scio, have been appointed Deputies for the organization of Granges in Linn county.

STATE FAIR.—We have no space for comments this week, therefore defer our say until we have had a chance to see for ourself.

ESTRAYS.—A friend informs us that a fine flock of tame geese strayed into his fields two or three weeks since, and although attempts have repeatedly been made to drive them off, they stick to him like poor relatives. He wants the owner to come and get those geese within a week or ten days; or he proposes to "adopt" them as his own. For particulars call at this office.

During the latter part of last week the horizon in a northerly direction from Walla Walla was brilliantly lighted up at night, and had the appearance of northern lights. After admiring this beautiful phenomenon it turned out to be the result of extensive fires in the hills beyond the Touchet. A large scope of country between that stream and Snake river is completely denuded of grass.

At Louisville, Ky., on the 7th, the large bag factory of Richardson & Co., the first of the kind started in the U. S., was totally consumed by fire. Loss, \$75,000, upon which there was an insurance of \$42,000.

A telegram from Madrid, Spain, on the 7th, says: A column of 2,000 insurgents made a desperate sortie from Carthagea to-day, but were driven back with heavy losses in killed and wounded.

Quite a heavy snow storm was prevailing at Pottsville, Pennsylvania, on the 7th.

Two or three doses of Sheridan's Cavalry Condition Powders will cure a horse of any common cough or cold, and the very worst cases may be cured in a few weeks. We know this from experience.

NO WONDER.—So many worthless medicines are advertised for the cure of various diseases, and when tried "found wanting," that the invalid loses all faith in specifics. We have yet to learn, however, of the first failure of Wistar's Balsam of Wild Cherry, to cure coughs, colds, and pulmonary disease.

THE "SINGER" AGAIN TRIUMPHANT.—At the Linn County Fair last week the Singer Sewing Machine was awarded the first premium over all others for the best and the greatest variety of work, by a committee of ladies who thoroughly tested the machine and gave the premium understandingly. Messrs. Tins, Bourgardes & Co., are agents for the Singer in this city, and samples of the different styles manufactured can be seen at their jewelry establishment on First street. They also keep for sale all kinds of sewing machine needles, and will furnish on short notice any attachments wanted to sewing machines. Call at their store when you need anything in the sewing machine line.

Natural Decay—Protect the System.

The human body is a machine, and therefore cannot endure forever; but, like a watch or a sewing machine, it will last much longer if properly regulated and duly repaired, than if no pains were taken to keep it in order. The great object of every one who desires a long and healthy life should be to put his body in a condition to resist the life threatening influences by which we are all more or less surrounded; and no invigorant and corrective at present known so effectively answers this purpose as the vitalizing elixir which, under the unpretending name of Hostetter's Stomach Bitters, has been for more than twenty years the standard tonic of America. In crowded cities, where the atmosphere is contaminated with the effluvia inseparable from large populations; in marshy regions, where the soggy soil reeks with miasma; on the prairies and in the forests, where every fall the air is tainted with exhalations from rotting weeds and grasses, or decomposing leaves—in short, in every locality where malaria exists, this powerful vegetable antidote is urgently needed. Fever and ague, bilious fevers, dysentery, congestion of the liver, jaundice, rheumatism, and all diseases which are generated by infected air, impure water, or sudden changes of temperature, may be averted by strengthening and regulating the system in advance with Hostetter's Bitters. Autumn is always a season of peril, especially to weak, susceptible organizations. Even the more vigorous are apt to be in some measure depressed by the humid atmosphere, loaded with deleterious gases produced by vegetable decay. The fall is a period of the year when the renovation and regulation of the living machine is peculiarly important, and the Bitters should therefore be taken daily at this critical season.

FARMERS!

Take Notice!

THE NEW AND WELL-ARRANGED Warehouse of R. Cheadle, with improved cleaning apparatus of ample capacity, is now prepared to receive grain for the harvest of 1873.

Farmers wishing to store or sell wheat, will find it to their advantage to see me before selling elsewhere. All will be furnished with sacks to move their grain by calling on me.

The highest cash price will be paid for good merchantable wheat at all times. E. S. MERRILL, an Albany, of excellent business qualifications, has taken charge of the warehouse, and will superintend the receiving and delivery of all grain passing through it. R. CHEADLE, Albany, July 23, 1873-5v47m3
