Fanning, Organizing Officer for Linn county, on Tuesday, the 21st inst., organized a Grange of the Patrons of Husbandry at Peoria, with twenty-five members, eight of whom were ladies. The following named gentlemen were elected officers of the Grange for the term: S. D. Halsey Master; O. Watt, Secretary; Thos. Perter, Lecturer; H. Murphy, Steward.

OREGON MUSEUM—Persons visiting Portland should not fail while there to call and examine the large collection of rare and beautiful articles on exhibition at the Oregon Museum, on First street, lately opened by Mr. T. A. Woodward. Everything strange and marvelous finds its way to the Museum. An hour or two can be very profitably spent at the Museum, by old and young, all for the small sum of 25cts.

REED'S PANORAMA—From W. H. Lewis, advance agent of Reed's Panorama, we learn that this superior work of art will visit our city for the last time, on its way through the State from the south, on Friday evening, October 31st, 1873, and will be exhibited on that evening at the Pacific Opera House. This will be the last opportunity our citizens will have to see this magnificent painting of Oregon scenery, as it will go from this city on Saturday to Salem, Portland and Astoria, whence it will take its departure on the steamer for the Eastern States. There should be a rousing audience on Friday night.

NEW GOODS—Messrs. Harper & Co. are receiving their new Fall and Winter goods, groceries, etc.—the largest stock ever purchased by the firm. Their new styles of ladies dress goods are beautiful, and will certainly please the taste of the most fastidious. They have a number of novelties in the way of fancy dress goods, gentlemen's clothing and underwear, etc., which should be seen to be appreciated. Sportsmen will find an elegant lot of fowling pieces, of the latest improved make. They extend an invitation to all to call and examine goods and prices.

A. SINGIST—Dr. Steele, proprietor of the "Medical Wonder," who gave street entertainments two or three nights this week to admiring crowds, as a singist and banjoist is exceedingly hard to get away with. The Dr. will probably give an entertainment this evening, upon his return from Corvallis. If you want to be waked up and the dumps knocked out of you, go and hear him. P. S.—We learn that the Dr. has changed his course, going to Portland instead of Corvallis, and will not be here to-day.

TANGENT GRANGE NO. 7—Meets on the second Saturday of each month, at their hall in Tangent. The officers of the Grange are: E. E. Fanning, Master; Andrew Blevins, Overseer; Alfred Blevins, Secretary; W. Benedict, Lecturer, and John Blevins, Steward.

COLEMAN'S EUCALYPTUS—This compound extract seems to be rapidly gaining the confidence of the public, and it we are to believe the published statements of reliable gentlemen, is effecting remarkable cures in difficult cases. For sale by Hodge, Calef & Co., Portland, agents for Oregon.

STORAGE—A little storage room again available in the Farmers Union Warehouse, at Shedd. The managers have made arrangements which they trust will enable them to accommodate all wishing to store there. Oats and barley are wanted in exchange for coin.

CO-PARTNERSHIP—Dr. Boughton, late of Roseburg, has formed a partnership with Dr. Harris, of this city, in the practice of medicine. Dr. B. has been in the successful practice of medicine for years, is a gentleman of culture and refinement, and will make a valuable acquisition to our society.

PERSONAL—On Wednesday, Mr. Wilson Blain and wife, together with their son, Mr. Joseph Blain, residents of Linn county for twenty odd years, started on a trip to Indiana, to visit the old homestead. We wish them a pleasant journey.

Dr. J. L. Hill and family start for Umatilla next Wednesday.
Mr. L. Elkins and lady will visit the Dalles on Wednesday next.

Natural Decay—Protect the System.
The human body is a machine, and therefore cannot endure forever; but, like a watch or a sewing machine, it will last much longer if properly regulated and duly repaired, than if no pains were taken to keep it in order. The great object of every one who desires a long and healthy life should be to put his body in a condition to resist the life threatening influences by which we are all more or less surrounded; and no invigorant and corrective at present known so effectively answers this purpose as the vitalizing elixir which, under the unpretending name of Hostetter's Stomach Bitters, has been for more than twenty years the standard tonic of America. In crowded cities, where the atmosphere is contaminated with the effluvia inseparable from large populations; in marshy regions, where the soggy soil reeks with malaria; on the prairies and in the forests, where every fall the air is tainted with exhalations from rotting weeds and grasses, or decomposing leaves—in short, in every locality where malaria exists, this powerful vegetable antidote is urgently needed. Fever and ague, bilious fevers, dysentery, congestion of the liver, jaundice, rheumatism, and all diseases which are generated by infected air, impure water, or sudden changes of temperature, may be averted by strengthening and regulating the system in advance with Hostetter's Bitters. Autumn is always a season of peril, especially to weak, susceptible organizations. Even the more vigorous are apt to be in some measure depressed by the humid atmosphere, loaded with deleterious gases produced by vegetable decay. The fall is a period of the year when the renovation and regulation of the living machine is peculiarly important, and the Bitters should therefore be taken daily at this critical season.
