NEW YEAR'S EVE BALL-By our Fire Company, at Pacific Opera House, will be the feature of the new year. It will be largely attended, and a splendid time is certainly in store for all participants on the occasion.

STEAMERS.—The steamers Grover and Alice came up on Monday night. The first represents the W. T. Co., and the other the old line. The Alice has been remodeled, and is as pretty as a duck.

LEFT ARM BROKEN.-A merchant of Anmsville, named Darby, on Monday last, while in the act of passing a horse hitched to the tence, received a kick from the animal, on the left arm, which broke it badly midway between the elbow and shoulder.

BRASS BAND .- The concert given by the Brass Band at Lebanon last week, was well patronized, and proved an enjoyable affair. Some two hundred tickets were sold, which gives the Band quite a little benefit. We are glad to note the success of so worthy an institution.

AT THE OPERA HOUSE-On Christmas eve, a supper was given to the children and friends of the Methodist Sabbath School. A Christmas tree was also erected, and the large crowd gathered there on the occasion enjoyed themselves hugely. The supper was complete, and gave full satisfaction to the partakers.

AT THE U. P. CHURCH-On Christmas eve, there was a gathering of the members and friends of the Church, for general jolarity. An impromptu concert prepared the way for a general good time, after which the fun grew fast and furious. For good dinners, grand suppers, or massive fun, the U. P.'s always get away with the top persimmon.

WATERMELON. - Postmaster Raymond brought into our onice ye the half of a good sized watermelon. We had just been wishing for melon, and the present was timely. It was one of several purchased of Mr. Dayton Simison, and laid away to see how long 'twould keep and have the regutar taste. It was splendidly preserved, and proves that we can have watermelons nearly all the year round, if proper care is taken in laying them away.

COUNTY MEDICAL SOCIETY .- At a meeting of the undersigned physicians, held at Dr. Tate's office in Albany, December 23d, 1873, after a temporary organization it was resolved to invite and request the regular physicians to meet at Dr. Rice's office in Albany, on Saturday, January 3d, 1874, for the purpose of forming a County Medical Society. Signed by

J. P. TATE, J. L. HILL. A. W. GAMBLE. D. M. JONES, H. J. BOUGHTON,

D. B. RICE.

DONE FOR .- A whole lot of fellows came down from Eugene on Friday. In the evening they fell into the hands of the members of Orgeana Encamp-ment, who corralled them until this (Saturday) morning, in the meantime putting them through some splendid lessons in "camping." We are of the spinion they will never want any moral sussion" as long as life shall bt. Solhh, shared and the

CHRISTMAS.—Our people generally observed Christmas in the old style, refraining from labor and indulging in roast turkey and trimmings. There were not as many fire-crackers exploded as usual, our youth seeming to think the most sensible way of spending their spare cash was to invest in something of substantial value, such as books, wearing apparel, etc. We hear of no accidents to mar the pleasures of the day.

THE LITERARY SOCIETIES-Of Albany Collegiate Institute gave an entertainment to the citizens of this city, on Tuesday night, which was largely attended. We were unable to attend, owing to pressing business, but learn that those who attended were amply repaid for their time and trouble. Our unavoidable absence on the occasion prevents a detailed notice, and we can only reiterate the general sentiment, that, as a whole, it was a decided success, one of which the Aesthetics and Sigma Phis may well feel proud of.

DISSOLVED .- The late firm of Claughton & McKnight, druggists, Lebanon, has been dissolved, Mr. Claughton retiring from the business.

GRAND : True - The young lady triends of Albany Fire Company propose to take charge of the decorations of the hall for the grand ball of New Years eve, and you may invest your spare cash in wagering it will be elegantly done. The East Portland String Band has been secured to furnish music, and the gay and festive Sam Parrish will do the calling. No wonder everybody wants to go-it's to be the biggest lay out ever offered in the live terpsichorian.

A Busy Day .- One afternoon recently, Elder (Doctor as well) Clark, of Syracuse precinct, was called upon to perform two marriage ceremonies and assist at one birth, thus getting two wedding dinners and one supper. Syracuse precinct is ahead, so far as heard from.

BOATS .- Since the rain-fall, giving plenty of water in the Willamette, we have had steamers every day, and our warehousemen have had to git up and git to throw their wheat in sight for shipment. The railroad, also, has been busy, carrying off tons of wheat for Portland, to be placed on board ships loading for Liverpool.

SOCIABLE.—The sociable at Odd Fellows Hall on Christmas night, given by the Daughters of Rebekah, was, like all similar occasions, there perfectly splendid.

PERSONAL.-Capt. Gray, of Astoria, has been in the city for two or three days. He is looking after the interests of the Astoria Farmers' Company.

HALF SHEET .- Brown gets out but half a sheet since the fire. However, his readers get a better paper than when issued as a full sheet.

GAME-Such as ducks and geese, are very plentiful, much too thick to please the farmers, who complain a good deal of the damage done by them.

The Liverpool Wheat market remains quiet at 13 s 5d@13 s 8d for average, and 13 s 9d@14 s 3d for club. No change in our markets. Portland quotations still give \$2@2 05 per cental, while San Francisco pays \$2 30@2 321/2

WHAT TO DO IN CASE OF ACCIDENTS. WHAT TO DOIN CASE OF ACCIDENTS.

—Professor Wilder, of Cornell University, gives the following short rules for action in case of accident which will be found useful to remember:

For dust in the eyes, avoid rubbing; dash water in them; remove cinders, etc., with the round point of a lead-sancil

Remove wax from the ear by tepid water; never put a hard instrument

If any artery is cut, compress above the wound; if a vein is cut, compress

If choked, get on all fours and

cough.

Por slight burns, dip the part in cold water; if the skin is destroyed, cover with varnish.

water will often spread burning oil and increase the danger. Before passing through smoke take a long breath and then stoop low; but if carbonic acid gas is suspected, walk erect.

Suck poisoned wounds unless your

mouth is sore; enlarge the wound, or better, cut out the part without delay, hold the wounded part as long as can be borne to a hot coal or end of a ci-

In case of poisoning, excite vomit-ing by tickling the throat, or by warm water and mustard.

For acid poisons give alkilles; for alkaline poisons, give acids; white of egg is good in most cases; in a case of opinm poisoning give strong coffee

and keep moving.

If in water , float on the back, with the nose and mouth projecting.

For apoplexy, raise the head and body; for fainting, lay the person flat.

President Saget, of Hayti, will not vacate his office unless Gen. Domin-ique is declared his successor, and a portion of the House of Representa-tives say he shall not be President. Trouble in consequence is imminent.
