FINANCE AND COMMERCE.

Gold in New York, 111 1/2. Legal tenders, 89 1/2. Wheat in Liverpool—Average, 13s 5d @ 13s 8d; Club, 13s 9d @ 14s 3d.

Thus far in the new year business has been fair, though the lack of funds retards somewhat the movement of our grain. Or perhaps it would be nearer the truth to say that want of ready money prevents cash purchases, to a considerable degree. The vessels in the river are receiving cargo as rapidly as circumstances will admit, from lots previously purchased. The only change of character we have to note, is the advance in tonnage rates from Pacific ports, within the past few days. There is apparently no reason for this as there are about as many ships on the way as can get grain charters. Corner or ring influence, no doubt, has brought about the advance. The rates from San Francisco to Liverpool are now £3 15s as against £3 5s a short time since.

The following vessels have cleared at the Custom House in Astoria, and are ready for sea:

British bark Powhattan, for Queens-town, with 12,525 cents wheat—\$25,450.

British bark Prof. Airy, for Queens-town, with 13,728 cents wheat—\$27,450.

British bark Disco, for Queenstown, with 27,005 cents wheat—\$54,902.

British bark Navigator, for Cork, 18,875 cents wheat—\$37,752.

Haw. bark Mattie Maskey, Forbes, for Honolulu, assorted cargo of Salomon and domestic produce, valued at \$8,850.

The general trade of Portland is as good as could be expected at this season of the year, and flattering for a heavy spring trade.

Our Salmon business is growing into a large trade.

The Commercial Herald says: "A largely increased business in Salmon curing is promised in 1874 on the Columbia river, as well as upon Rogue river and other streams in Oregon. At present the market is well stocked with barrel Salmon from the North; also, salmon bellies in kits from Rouge river. There is considerable interest by large Liverpool dealers for Pacific salmon for the year 1874. The good quality of that bought and shipped last year has been productive of good results in every way, and the trade prospects are exceedingly encouraging. A very large capital will be employed this season in the prosecution of this interest in Oregon waters and some of our merchants, as agents of the packers, are prepared to do a large business in the way of making contract sales." The prices paid for next year's catch has not yet transpired.

COLEMAN'S No better evidence of the efficiency of Dr. J. S. Coleman's Compound Extract of Eucalyptus can be desired, than the following summary of cases, treated with this remedy alone, by that eminent physician, Dr. DAVID WESTON, in the U. S. Marine Hospital, San Francisco, reported in the August No. 1873 Pacific Med. Journal:

EUCALYPTUS No Cases Treated. Cured. Badly Remittent Fever..... 5 5 Chills and Fever..... 19 19 Typhoid Fever..... 9 9 Infant. of Intestines..... 4 4 Diuretic..... 10 7 Incontinence of Urine..... 3 3 Stricture..... 6 4 Inflamm. of Bladder..... 27 25 Menorrhagia..... 13 10 Dysentery..... 7 7 Chronic Diarrhoea..... 4 3 Gonorrhoea..... 12 9 Dropsy..... 8 3 Completely corroborative of that above, are the reports of the experiments with Eucalyptus by Dr. Lorrimer, of Berlin, Prussia, and Dr. Keele, Chief Physician of the Austrian Railway Co., published in the Am. Med. Jour. July, 1873.

It will be found very efficacious in obstinate cases of Dyspepsia, Bronchitis, Hoarseness, Chronic Sore Throat, Leucorrhoea, etc., and in nausea during pregnancy.
