As this movement is entirely in the interests of the people, it is to be hoped that the people will take interest enough in it to at least attend the primaries in large numbers, and aid in selecting such delegates to the County Convention as will fully represent the sentiment and feeling in the precincts from which they hail. If you attend to your duty in this matter, you will have no complaint to make of the ticket selected to fill the county offices.

4. July 18 - 20

AT THE VIENNA EXAIBITION THE Singer received the Medal of Merit, the Medal of Progress, and three other Modals for superiority of productions.

These are the Highest Sewing Ma-chine Awards at Vienna.

The Singer received all the MEDALS awarded to either of the competing Machines, and two Medals more than any other obtained. Then, in the name of truth, what is it that prompts people to claim recommendations for the Diploma of Honor! The fact is no Diploma of Honor has been given to any Sewing Machine Company. But immeasurably more valuable is

The World's Award

as shown by sales proved by sworm returns to the owners of the principal Sewing Machine Patents — which sast year smounted to two hundred and nineteen thousand, seven hundred and fifty-eight-678,739 machines, nine out of ten of them being for Family Use. This is over 45,000 more Sewing Machines than were sold by any other company during the same period and over the Quarter of all the machines sold in 1872. These enormous sales are owing to the long-tested merits of the SINGER machines, which meet the wants of the public in superiority and simplicity of construction, and capability for great variety and excellence of work. That the users of Sewing Machines find these desirable qualifies in the SINGER, beyond all others, is shown by the sales above given, and de from the awards of International Juries, either at home or abroad.
