

times and learn her kindly lessons.

One time she went on a visit to Germany—and staid. She bade the thoughtful German lay down his pipe and book and listen—and he did. His blue eye kindled when he saw her standing with her basket of blessings asking him to help unload them. Thus in grand old Germany, the land of Goethe, Schiller and Jean Paul, the work goes on. From Saxony and Belgium and icy Holland we hear her footstep; and up under the cold glaciers of Switzerland she carries her banner, bearing the warm words of FRIENDSHIP, LOVE and TRUTH.

Let, then, the fifty-fifth anniversary be a gala-day while we mingle together to strengthen social ties, and weave around warm hearts the triple cord of Friendship closer yet. From this anniversary let her go forth refreshed on her mission of love, an angel of sympathy, to divide the sorrows and double the joys of life.

As she goes forth again in queenly beauty, bearing the torch of Hope, we bid her good cheer in her glorious mission; and she replies, with smiling face and voice as gentle as Charity:

I will go forth among men, not maled in scorn,
But with the armor of a pure intent.
Great duties are before me and great songs:
And whether crowned or crownless when I fall,
It matters not so as my work is done.

SYNCHRONOLOGICAL CHART.—Mr. S. C. Adams exhibited to us one of these maps or charts on Monday. It is twenty-two feet in length, and contains a full and complete history of the world. It is unique, picturesque, valuable. Every student, professional man, man of letters, should have one. In no other shape can so much valuable information be obtained so cheaply. The first addition of 1,000 copies will soon be exhausted, and those wishing copies should apply at once.

FINE CHURCH.—The members of the Methodist Church South have about completed their new church edifice at Tangent, in this county. The building is of rustic finish, 32x48 feet, we believe. It has a lofty steeple, the top of the spire being some eighty feet from the ground. The building will cost in the neighborhood of \$1,500, and is a credit to the society.

EXCITEMENT.—The arrest of Lorentz, the comb maker, on Monday, created great excitement on First and Ferry street, on Monday. Lorentz's whole family (wife and five children), accompanied him to jail, declaring they would not be separated from him. It was indeed an effecting sight. He was arrested for disorderly conduct, we believe.

PERSONAL.—Rev. Mr. McCain gave us a friendly call on Tuesday. Wm. Talley talks of going into billiards at Salem.

The Singer Still Triumphant.

AT THE VIENNA EXHIBITION THE Singer received the Medal of Merit, the Medal of Progress, and three other Medals for superiority of productions.

These are the Highest Sewing Machine Awards at Vienna.

The Singer received all the MEDALS awarded to either of the competing Machines, and two Medals more than any other obtained. Then, in the name of truth, what is it that prompts people to claim recommendations for the Diploma of Honor! The fact is no Diploma of Honor has been given to any Sewing Machine Company. But immeasurably more valuable is

as shown by sales—proved by sworn returns to the owners of the principal Sewing Machine Patents—which last year amounted to two hundred and nineteen thousand, seven hundred and fifty-eight (219,758) machines, nine out of ten of them being for Family Use. This is over 45,000 more Sewing Machines than were sold by any other company during the same period and over One Quarter of all the machines sold in 1872. These enormous sales are owing to the long-tested merits of the SINGER machines, which meet the wants of the public in superiority and simplicity of construction, and capability for great variety and excellence of work. That the users of Sewing Machines find these desirable qualities in the SINGER, beyond all others, is shown by the sales above given, aside from the awards of International Juries, either at home or abroad.
