ELECTION DAY—Passed off quietly in this city, much more so than usual. We are proud of the conduct of our people on Monday.

CHERRIES.—To friend Miller, of Tangent, we are indebted for the first ripe cherries of the season. They were luscious. Many thanks.

SCRATCHING.—We have heard of "scratching" at elections, but the way tickets were scratched in this city on Monday, beat anything. There was a "corner" in lead pencils long before noon.

ON HAND.—Nearly everybody was in the city on Tuesday, all anxious to hear the result of the election. Faces were shortened or lengthened as the news was favorable or unfavorable. The weather was cloudy and blustery.

NEW PUBLICATIONS.—We have received Sherman & Hyde's Musical Review, San Francisco. It is a neat monthly magazine, and contains music and matters of interest to musicians. \$1 per year.

The Real Estate Advertiser, of Pottawatomie Reserve, St. Mary's, Kansas, contains interesting information concerning the character and cost of lands in that section.

TANGENT, May 28, 1874.
William J. Miller, alias Willie Webfoot, left Tangent last week, on a visit to his grandmother and aunts, in California. From thence, in company with Mr. John Blevins, he goes to Kentucky, and from there again, he goes to the State of Pennsylvania, where he contemplates residing for some time to come, if it be the will of God. TURVY DROP, FNR.

PROBABLY KILLED.—A young man named Cushman, of Benton county, came into this city on Monday, got into a difficulty with Rexford, whom he hit one or more times, and then got on his horse and scouted for Corvallis. Soon after arriving at Corvallis he got into a difficulty with a man named Blake, whom he beat so badly that he was not expected to live on Monday evening.

AT LEBANON—We hear there was but one fight on election day.

Wm. Herren, of Salem, has lately received a letter from his son living on Willow Creek, Wasco county, and states that crickets look well, but that the crickets have become very annoying, and threaten to destroy everything they have growing. They have tried running a water ditch around the fields with some success, but the dead crickets lodge and make bridges for the live ones to cross on, and the next expedient would be to set a roller in motion to crush them. From every section of our State comes news that crops have unprecedented promise.

James Walters, under sentence of death at Malad, Idaho, for murder, escaped some days ago.

Murder in Albany
HAS NEVER YET BEEN KNOWN, AND
no threatening of it at present.

Death
Is a thing which sometimes must befall every son and daughter of the human family; and yet,

At the Mid-day,
Of your life, if disease lays his vile hands upon you, there is still "a balm in Gilead," by which you may be restored to perfect health, and prolong your days to a miraculous extent.

How?
By calling on
R. C. HILL & SON,
With a prescription, where you can have it compounded by one experienced in that particular line. Also, constantly on hand a good assortment of fresh drugs, patent medicines, chemicals, paints, oils, dyes, stuffs, trusses, etc. Agents for the

The Singer Still Triumphant.

AT THE VIENNA EXHIBITION THE

Singer received the Medal of Merit, the Medal of Progress, and three other Medals for superiority of production.

These are the Highest Sewing Machine Awards at Vienna.

The Singer received all the MEDALS awarded to either of the competing Machines, and two Medals more than any other obtained. Then, in the name of truth, what is it that prompts people to claim recommendations for the Diploma of Honor! The fact is no Diploma of Honor has been given to any Sewing Machine Company. But immeasurably more valuable is

The World's Award

as shown by sales—proved by sworn returns in the owners of the principal Sewing Machine Patents—which last year amounted to two hundred and nineteen thousand, seven hundred and fifty-eight (219,758) machines, nine out of ten of them being for Family Use. This is over 45,000 more Sewing Machines than were sold by any other company during the same period, and over one quarter of all the machines sold in 1872. These enormous sales are owing to the long-tested merits of the SINGER machines, which meet the wants of the public in superiority and simplicity of construction and capability for great variety and excellence of work. That the users of Sewing Machines find these desirable qualities in the SINGER beyond all others, is shown by the sales above given, aside from the awards of International Exhibitions, either at home or abroad.
