Preamble and Resolutions in Memory of Col. T. Finlayson Class '63, Willamette University.

PREAMBLE.

It was like a prophecy, when a year ago at our last Alumni gathering, our departed brother and class mate said: "This is my last Commencement on earth. Before another Reunion I shall have been laid to rest." His words have been fulfilled and on Dec. 8th, 1873, his immortal spirit was freed from the body and entered into rest.

Resolved, That we will ever remember with mingled feelings of sadness and respect the excellent traits of character which our deceased classmate always made prominent in his intercourse with us in our school life and in his relations in subsequent years with his fellow-men.

Resolved, That our duty and our aims in life are for us to know and pursue; to fulfill and realize rest with God. That the generous ambition of our departed classmate to perform well the part allotted to him here was such as becomes a noble and a gifted man, and that we regret alone the interposition of death between him and his fortunes, not his sense of life's purposes and his zeal and ability to perform them.

Resolved, That to his aged father, his dear children, his brothers and sisters yet sorrowing, we tender our unfeigned sympathy.

Resolved, That the Secretary of this Association be instructed to forward a copy of this preamble and these resolutions to the family of the deceased, and to ask for their insertion in the P. C. Advocate, the Albany Register and the States Rights Democrat.

T. H. CRAWFORD, JOHN B. WALDO, MRS. NELLIE CURT, Com. of Class '63, Salem, June 24, 1874.

TEMPERANCE MEETING. - At the Union Temperance Alliance, at the Court House on Thursday evening of last week, attendance was rather slim. The election of officers resulted in the following excellent selection: President, Mrs. L. M. Stephenson; Vice President, Mrs. M. J. Foster; Secretary, Miss Maria Irvine; Treasurer, Mrs. J. C. Powell; Executive Committee, Mrs. C. U. Godley, Mrs. Walter Monteith and Mrs. D. E. Luper. Speeches were then made by Rev. I. Wilson, Mrs. L. M. Stephenson, and others. A committee was appointed to wait on the City Council and inquire what steps had been taken toward not granting license, and to urge the Council to go on with what it had commenced. Revs. S. G. Irvine and I. Wilson, D. D. Gray, and Mesdames R. M. Robertson, D. E. Luper and L. M. Stephenson, formed the committee. The next meeting of the

society will be held at the Court House on Friday evening, July 17th, on which occasion it is expected a good programme will be offered for the edification of those who attend.

REMARKABLE CURE - HYPNOTISM IN CASES OF STRAIN. - On Monday, Mr. Gearhart, late butcher of this city, called on Dr. Boughton, stating that he was suffering intense pain in the breast, the result of strain received while in the act of lassoing a horse. The Dr. applied the tractors to the parts affected, and in five minutes Mr. G. declared himself entirely free from pain. The Dr. is performing almost miracles with this new principle, hypnotism, and will soon have more patients than time.

If you want a good quality of stock at cheap, go to C. P. Harper & Co. For the Gem Fruit Jar, the very best article you can get in which to put up your fruit, go to Harper's. Go there, also, for choice lines of dry goods, fancy goods, groceries, boots and shoes, clothing, cigars, tobacco, double barreled shot guns, fish hooks, crockeryware, cutlery, glassware, etc. It's the place to tra le.

A lively interest is taken by Linn county farmers in the subject of a narrow gauge railroad between Albany and Yaquina Bay. It seems to meet with the greatest favor, and if the project is put upon a proper basis, they will contribute liberally toward its construction.

Mr. Lucas, of Monmouth, Illinois, visited our city on Tuesday. Mr. Lucas came to Oregon in search of health. Having, so far, gained in health and flesh, he is inclined to think Oregon is the place he's been looking for.

There were two thousand people in attendance at the campmeeting at Roberts' bridge on Sunday.

Tom Scott threw his benevolent countenance in sight on Monday. Tom'll do.

The papers contain a report that L. S. Lang, a wealthy breeder of fine stock in Maine, a relative of J. W. Nesmith, contemplates removing to Oregon, with a view to engage in fine stock raising in the Willamette valley.

Mrs. Marrowfat says, "When a woman's eye begins to look around her in the world, it lights with most satisfaction on some other woman's bonnet that isn't as expensively trimmed as her own!"

A Missouri judge has decided that a woman is not an "old maid" until she is thirty-five years old, and all the women are singing songs in his praise.

A good Kansas boy earned a nice Bible by committing three hundred verses to memory, and then traded the Bible for a shot-gun, finishing up by accidentally shooting his aunt in the leg.

The telegraph announces that the main business of the New Hampshire Legislature up to the 28th of June, was in removing Republicans from office.

Scott County, Minn., contains an extensive Limburger cheese factory. The cheese is declared to be "ripe" when a piece the size of a bean will drive a dog out of a ten-yard level.

The Singer Still Triumphant.

AT THE VIENNA EXHIBITION THE Singer received the Medal of Merit, the Medal of Progress, and three other Medals for superiority of production.

These are the Highest Sewing Machine Awards at Vienna.

The Singer received all the MEDALS awarded to either of the competing Machines, and two Medals more than any other obtained. Then, in the name of truth, what is it that prompts people to claim recommendations for the Diploma of Honor! The fact is no Diploma of Honor has been given to any Sewing Machine Company. But immeasurably more valuable is

The World's Award

as shown by sales - proved by sworn returns to the owners of the principal Sewing Machine Patents - which last year amounted to two hundred and nineteen thousand, seven hundred and fifty-eight (219,758) machines, nine out of ten of them being for Family Use. This is over 45,000 more Sewing Machines than were sold by any other company during the same period and over one quarter of all the machines sold in 1873. These enormous sales are owing to the long-tested merits of the SINGER machines, which meet the wants of the public in superiority and simplicity of construction, and capability for great variety and excellence of work.

That the users of Sewing Machines find these desirable qualities in the SINGER, beyond all others, is shown by the sales above given, aside from the awards of International Jurors, either at home or abroad.
