GIFT CONCERT POSTPONED.—The announcement of the postponement of the last Gift Concert of the Public Library of Kentucky will not surprise the public. In Governor Bramlett's card, published below, he gives reasons for it which will be accepted without question by every one. The management in this instance, consulting the interests of ticket holders and those designing to become ticket holders, have not waited until the last day to make this announcement, but just as soon as they become satisfied of the necessity of this postponement, have promptly made the announcement. It is unnecessary to review the causes which have necessitated this action, as they are fully recited in Governor Bramlett's card. The promptness and frankness with which the public have been made aware of the intention of the manager will meet with the hearty commendation of every one, and excite such a new interest and confidence in the scheme and the ability of the manager to perform what he promises, that there can be no doubt that on the day specified the last concert will be a full one:

POSTPONEMENT LAST GIFT CONCERT - A CARD TO THE PUBLIC.

The announcement of the postponement of the Fifth and Last Concert of the Public Library of Kentucky to the 30th November, I am satisfied, will surprise few and disappoint none of the friends and patrons of the enterprise; indeed, any other course would create dissatisfaction. With a precedent of a postponement of each of the four concerts which have already been given, the public have very naturally and reasonably expected that in this, by far the largest scheme of the series and the largest ever offered to the world, the same course would be followed; and there are thousand all over the country who are only waiting for the setting of a certain fixed day for the drawing before sending in their orders. The sales of tickets to this date have been highly satisfactory, and a large drawing might be had on the 31st of July; but feeling assured that a short postponement would enable us to close out the remainder of the tickets and make the drawing a full one, we have adopted the course which has evidently been anticipated, and which must eventuate most satisfactorily for all.

Now that the day of the drawing is absolutely determined, there remains no further occasion for delay; and I would urge the friends of the enterprise, who intend to purchase tickets, to send in their orders, as it will tax my office to its utmost capacity to accomplish all that is to be done in the short time which remains for the sale of tickets. THOS. E. BRAMLETTE, Agent and Manager.

Sewing Machine Sales of 1873.

The table of Sewing Machine Sales for 1873 shows that our sales last year amounted to \$22,444 (two hundred and thirty two thousand, four hundred and forty-four) Machines, being a large increase over the sales of the previous year (1872).

The table also shows that our sales Exceeded those of any other Company, for the period named, by the number of 113,254 Machines, or nearly double those of any other Company.

It may be further stated that the sales of 1873, as compared with those of 1872, show a relatively larger increase, beyond the sales of other makers, than of any other year.

For instance in 1872 we sold 45,000 more Machines than any other Company, whereas in 1873, the sales were 113,254 Machines in Excess of our Highest Competitor.

These figures are all the more remarkable, for the reason that the sales of the principal Companies in 1873 are less than their sales in 1872; whereas, as has been shown, our sales have largely increased.

The account of sales is from returns made to the owners of the Sewing Machine Patents. It will hardly be denied, that the superiority of the SINGER MACHINES is fully demonstrated—at all events that their popularity in the household is unquestionable.

Table with columns: Name of Machines, No. Sold, Increase or Decrease. Includes Singer Mfg Co., Secor S. M. Co., W. & W. Mfg Co., etc.
