Easy Fortune.

A postponement of the Fifth Concert of the Public Library of Kentucky has been so generally anticipated, and is so mani-festly for the interest of all concerned, that festly for the interest of all concerned, that it must meet the approval of all. The day is now absolutely fixed, and there will be no variation from the programme now announced. A sufficient number of tickets had been sold to have enabled us to have had a large drawing on the 31st of July, but a short postponement was considered prefemble to a partial drawing. Let it be borne in mind that the

Albany, Or., Sept. 25, 1874.

Sewing Machine Sales of 1873. The table of Sewing Machine Sales for 1873 shows that our sales last year amounted to 232-444 (two hundred and thirty two thousand, four hundred and forty-four) Machines, being a large increase over the sales of the previous year (1872.) The table also shows that our sales Exceed those of any other Company, for the period named, by the number of 113-254 Machines, or nearly double those of any other Company.

It may be further stated that the sales of 1873, as compared with those of 1872, show a relatively larger increase, beyond the sales of other makers, than of any other way. ther year.
For instance in 1872 we sold 45,000 more For instance in 1872 we sold 45,000 more Machines than any other Company, whereas, in 1873, the sales were 113,254 Machines in Excess of our Highest Competitor.

These figures are all the more remarkable, for the teason that the sales of the principal Companies in 1873 are less than their sales in 1872; whereas, as has been shown, our sales have largely increased.

The account of sales is from morn returns The account of sales is from sworn veturns ande to the owners of the Sewing Machine

Patents.
It will hardly be denied, that the superiority of the SINGER MACHINES is fully demonstrated—at all events that their popularity in the household is unquestionable. | Name of No. Sold. or | No. Sold. or | Name of No. Sold. or | Singer Mfg Co... 219,758-232,444 In. 12,688 | Secor S. CARD. AFTER THANKING OUR FRIENDS AFTER THANKING OUR FRIENDS And the public for the liberal patronage we have received from them during the present season, we desire to say that we have noticed from time to time in the Albany Register and Domocral, advertisements of other Sewing Machines purporting to have outstripped us in bonors conferred at the Vienna Exposition, 1873, and also setting forth tables of enormons sales of their machine in 1873, the same claimed to be "sworn retries"; and by such a course of advertising and array of figures, tend to mystify purchasers, and naturally discourage those who had not purchased that particular machine—that they had not the best and most popular one. We tesire to say that printers' ink is cheap, and we

CHALLENGE:

rely principally on the MERIT of our machine to recommend it to purchasers, and without boasting we can say we are not aware of any Company in the State of Oregon selling more machine property at the present time than the Wheeler & Wilson.

We stand upon our Record, winner at London, Paris and Vienna, and we challenge any Family Sewing Machine in the State to meet us and take the ribbon. With reference to our honors at Vienna, we claim them and got them, and challenge any machine company, for

One Hundred Dollars. that the Wheeler & Wilson Sewing Machine Company received the Highest Honors conferred on any Sewing Machine Compa-ny at the World's Exposition, Vienna, 1873.

And again, as regards sales. The Wheel-er & Wilson deny the existence of any Sworn Returns showing greater sales of Sewing Ma-chines in 1873 than by their Company, and we challruce, for

One Hundred Dollars, any Agent or Company to show and prove it by their sworn returns. by their secorn returns.

Again, we challenge any machine in the Sate, for ONE HUNDRED DOLLARS, to show against us on Mechanical Simplicity and Durability. And again, if any of the sewing Machine Fraternity in the State feel agrieved at our good success with the World Renowned Wheeler & Wilson Rotary Sewing Machine, and desire to get even, we challenge any Shuttle Family Machine in the State, for ONE HUNDRED DOLLARS, to do the same amount and mage of work, in the same time, we can on the Draw Feed Wheeler & Wilson.

Now then, gentlemen, show your hand; we will fight you any way, and prove that the Wheeler & Wilson stands to-day in Oregon, as it does elsewhere, the Champion.
