U. S. Official Paper for Oregon.

FRIDAY, NOVEMBER 6, 1874.

The citizens of twenty-two States, on Tuesday, quarreled, fought, swallowed heaps of tangleleg—in fact, enjoyed the fullest rights accorded American Freemen on election day. We go to press too early to give any definite results. Nevada is claimed by both parties. In Louisiana the Democrats claim the election by from 3,000 to 5,000, while the Republicans claim it by 10,000. New Orleans has gone Conservative by probably 13,000. In the State the Conservatives claim four Congressmen, but the Republicans do not admit the loss of but one. The Conservatives claim 10 of the 18 State Senators, and at least 60 members of the House, they electing 23 members in New Orleans alone. In a row at the polls in New York, John McKenna, a partisan of Coroner Croker, was shot and killed by the friends of James O'Brien. Croker was a Tammany leader, and O'Brien an outside candidate for Congress, endorsed by the Republicans. Democrats claim that the elections give them a majority of the members in Congress, and we should not be surprised if it should so turn out.

Wm. H. Watkins, Superintendent of the penitentiary, has advertised for proposals to lease the labor of the convicts in said prison. The bids must be for the labor of not less than ten men, for a term not exceeding four years. No bids for a less sum than fifty cents per day per man, will be considered. Bonds in double the amount of money involved in the Proposal will be required of each bidder, as a guarantee of the fulfillment of the contract should it be accepted.

Transfusion of blood, for the cure of consumption, has been successfully accomplished in the case of Hermon DuBoise, at Fall river. About six ounces of the blood of a living lamb were transferred to the veins of the consumptive patient, in the space of one minute and thirty-three seconds, and up to last accounts, with marked beneficial effects.

Prominent business men of Portland have filed articles incorporating "The North Pacific Mutual Life Insurance Co.," with principal office at Portland. The Company will enter at once upon the business of life insurance, and we predict will be a success from the start.

Occident was the winner of the \$3,500 trotting match at Bay District Fair track, San Francisco, last Saturday, beating Fullerton. Time, 2:18 and 2:22 1/4.

Gov. Dix announces himself as opposed to a third term, and says he does not believe Grant desires a re-election. The New York Times, also, opposes the third term idea.

A Norwegian, a Mexican, and two Indians had a misunderstanding in Montana, and after the Norwegian had killed the Indians he in turn was killed by the Mexican.

Hon. J. H. Mitchell and wife have returned to Washington, after a two week's visit at the old homestead in Butler county, Penn.

The relief societies of Omaha are in receipt of large supplies for the grasshopper sufferers, which they are judiciously distributing.

**Election News.**

In Michigan the new Constitution and the Woman Suffrage amendment are overwhelmingly defeated. The Democrats claim two Congressmen—the balance are Republican. The Democrats possibly have a majority of the Legislature.

Pennsylvania State ticket is claimed for the Republicans by 15,000. Democrats claim 12 of the 27 Congressmen.

Rhode Island sends Ames and Ballou, Republicans, to Congress.

The Democrats get away with the six Congressmen in Texas.

Indications are that the ten Congressmen from Kentucky are Democrats.

Vermont elects Denison over Poland to Congress by a large majority.

In Wisconsin the Republicans claim six Congressmen, leaving two for the Democrats, and a majority of 20 in the Legislature.

In Minnesota the Republicans claim the Legislature.

In Missouri and Kansas returns too meagre to give results.

New Jersey elects a Democratic Governor, and four Democrats to three Republicans to Congress. No change in State Senate, but the House is overwhelmingly Democratic.

Mississippi and Delaware elect Democratic Governors. There is a clean sweep of Congressional delegations in Delaware, Alabama, Georgia, Maryland, Texas, Virginia and Tennessee, and five out of six Democratic Congressmen in Louisiana.

Alabama has gone Democratic by 6,000 to 10,000. They elect 5 Congressmen, and possibly 2 others. They also have a majority in the Legislature.

In Massachusetts Gaston, Democrat, is elected Governor by a plurality of 7,187—balance of State ticket Republican.

In New York, Tilden, Democrat, is elected Governor, and the Assembly is Democratic.

Virginia elects five Conservatives and three Republicans to Congress, with one district in doubt.

The Georgia Congressional delegation is probably Democratic.

The Republicans elect their State ticket in Illinois.

The Cincinnati (Ohio) Gazette brings forward the name of Hon. Joseph Medill, of Chicago, as a proper man for President of the United States. The Gazette's argument is: As Medill was the choice of both parties for the office of Mayor of Chicago when that city was suffering from the great fire, her business prostrated, her government demoralized, and an honest, capable man was needed to keep the municipal thieves in check, and when elected he proved to be the right man in the right place, therefore he would make a good President of these United States. Gen. Sherman has also been mentioned in connection with the office, as well as Wm. Orton, present President of the Western Union Telegraph Co.

A circular from the office of the Consul-General of Chile, informs us that the Second International Exposition of Chile will open at Santiago on the 16th of September, 1875. Exhibitors must make application before the 16th of November, and those wishing to become exhibitors can obtain blank applications for space, as also rules, programmes, and other information relating to the exposition by addressing Francisco de Casanueva, Consul-General of Chile, San Francisco, California. It is hoped that Oregon will be fully represented in the Exposition.

Philip D. Moore has been awarded the contract for carrying the mail during three and a half years from January 1st, 1875, between Tacoma, Washington Territory, and Victoria, British Columbia, at \$20,800 per annum.

Hon. George F. Edmunds has been re-elected United States Senator from Vermont from the 4th of March next. Mr. Edmunds has been a member of the Senate since 1866.

B. J. Pengra has gone to Washington City in the interest of the Winemucca Railroad. He is an indefatigable worker, and it is to be hoped will accomplish much for the road.

It is reported that Don Alfonso and wife have returned to France.

A certain bill, allowing a majority of the directors of a railway company to reside out of the State, it is charged by the Oregonian, was passed by both Houses of the Oregon Legislature, received the signature of the Speaker of the House, and was by him forwarded to the President of the Senate, with a message saying that he had so signed it, the bill and message reaching the President's desk before the adjournment of said Senate; but that in the face of these facts, and the further fact that when it was observed that he was about to adjourn the Senate without affixing his signature to the bill, a Senator arose at his desk and called his attention to the fact that the bill was awaiting his signature, and requesting him to affix such signature before adjourning the Senate, the Senate was adjourned by the President without such signature being affixed. The question is not as to the importance of the bill; if the bill was duly passed by both Houses, and properly enrolled, it was the plain duty of Col. Cornelius, the President of the Senate, to sign it the moment it was presented to him in the open Senate—he had no choice in the matter. If the Oregonian's statements are true, then Col. Cornelius deserves the severest condemnation at the hands of honest men of all parties.

All charges against Secretary Struve, of Washington Territory, were dismissed at Washington on the 29th ult., and he was directed to return to his post of duty.

John Laird, the great ship builder, died in London on the 29th ult.

The Postoffice Department is out of stamped envelopes, and likely to remain in that rather unlucky condition for some time. The contract for furnishing stamped envelopes was recently let, but the contractors have not yet had time to provide the machinery for their manufacture, and in the meantime the government has sold out. A circular to postmasters has been issued reciting these facts, and those of the public who desire to buy envelopes will know, after reading this paragraph, the reason why they cannot be had at present.

**BUILDING PAPER!**

Ornamental, Aluminous  
—and—  
Plastering Paper Board.

IN DIFFERENT, BEAUTIFUL DESIGNS, taking the place of Lumber and Plaster in ceiling.

For cheapness, durability, comfort and health, we recommend it.

It costs less than one-fourth the cost of Wall Paper, Plastering or Ceiling.

It is a perfect non-conductor, keeping heat out in Summer and inside in Winter, saving in fuel in one year, the cost of paper.

It is not so easily injured by knocks as plastering; does not shrink, admits no cold winds, and is vermin proof.

**Tarred Sheathing.**  
This is a hard, compact, Straw Board, saturated with tar and other substances to render it WATER, FAT and VERMIN PROOF. It is used under-siding on outside of studding. It is impervious to dampness, cold and heat; and is very much cheaper and better than brick filling or board lining.

**Roofing Felt.**  
Made from woolen rags, and thoroughly saturated with tar—is adapted to all kinds of roofs—does not swell or shrink, thereby cracking the covering; and will not soak water if exposed. We have also light Felt for use under slate, shingles or tin.

**Carpet Lining.**  
Will save one-half the wear of a Carpet—warranted moth proof; can be used for years, and is very cheap. Send for circular.
