Albany Bath House & Barber Shop

THE UNDERSIGNED would respectfully

thank the citizens of Albany, and vi-

sitly for the liberal patronage bestowed

on him for the past seven years, and hope

for the future a continuation of their fa-

vor. For the accommodation of transient

customers, and friends in the upper part

of town, he has opened a neat little boy

next door to Taylor & Montgomery's Sa-

loon, where a good workman will always

be in attendance to wait upon patrons.

FROM THE FORKS.

MARCH 6th, 1875.

EDITOR REGISTER:—It becomes my

painful duty to record another item

from Providence Schoolhouse.

The school is just out, that so much

has been said and written about. The

day that has been long looked for,

came last Friday, and the teacher that

teaches that the earth is flat, as might

be expected, was out of humor with

certain parties—especially the friend

of the forks—and concluded to have

revenge out of somebody. So, for a

very trifling offence, he called up a

little boy some twelve years of age

(son of Charles Charlton), and stripped

him down to a thin shirt, and whipped

him unmercifully, leaving marks that

could be counted fifty yards. The

flesh was badly bruised. It makes my

heart sick to think of it. The father

of the boy had the young teacher

(Franklin Crabtree), arrested and

brought before the Hon. H. Dethick,

and fined fifty dollars and costs, and

everybody said Amen. He has left

for Arizona, and there is many a way

that will not be shed on account of

his sudden departure.

I still remain,

A FRIEND TO THE FORKS.

HERALD FOR HARRISBURG.—As we

informed our readers last week,

articles of incorporation have been

filed inaugurating the Harrisburg &

McKenzie Canal and Water Ditch Co.

The intention of the gentlemen

forming the Company is to secure

stock subscriptions amounting to

\$90,000, said subscriptions to be used

in the construction of a canal conveying

the waters of the McKenzie to Harris-

burg. It is intended to take the water

from the McKenzie at Spore's ferry,

a distance of probably fourteen or

fifteen miles from Harrisburg. We

are told the enterprise is an entirely

feasible one, and the highest hopes of

success are entertained. It is quite

an undertaking for Harrisburg, but

if her citizens are thoroughly aroused

and fully understand the benefits which

will naturally flow from the comple-

tion of such an improvement, they

can doubt of its success! Still the

gentlemen who have it in hand have

a huge work before them—a task

that will require perseverance and

unrelaxing energy. Often those who

are the most benefited by a new

enterprise are the last and most un-

willing to see and aid it. But we

hope that the citizens of Harrisburg

have not only the means but the lib-

erality and energy to successfully

carry out the work, and that the

Harrisburg & McKenzie Canal may

soon become an acknowledged fact.

All enterprises of this character de-

serve at least the good will of every

citizen who is anxious to advance the

best interests of his county and State.

Let us have the Canal, and the sooner

the better.

SHERILL'S SEED SOWER AND CULTI-

vator.—We have called the atten-

tion of our readers to the merits of

this excellent machine more than one

occasion, and we do so again, be-

lieving that it is to the interest of

our agricultural friends to investigate

for themselves, and thus establish the

fact each for himself of its excel-

lence. We may be mistaken in our estimate

of the machine, but we are inclined to

believe, until better evidence is ad-

duced, that it is the best combined

machine made, no matter where it

falls from or who made it, for sowing

and cultivating wheat, oats, barley,

flax seed, etc. To give the farmers of

this portion of the county a chance to

see and examine for themselves, Mr.

Sherill has one of his machines on

exhibition with W. H. Dodd & Co.,

in the Register Building, where all

are cordially invited to come and ex-

amine for themselves.

NICE BUTTER.—On Saturday last

Mr. C. T. Ingram presented us with

some splendid butter, the first real

since that time for weeks. It was

rich, sweet butter. In great yellow

rolls—the kind that makes your mouth

water to look at—and it had been

"put up" sometime last Summer.

Friend Ingram has somebody about

his house that knows how to make

butter.

STOVES AND TRAWLERS.—Those of

our readers who do their trading in

Harrisburg, and who may be in want

of anything in the Stove or Trawl

line, are advised to give our old friend,

Mr. O. P. Tompkins, a call. He has

a varied stock of goods, is a good

workman, a straightforward, honest

and accommodating dealer, who will

serve you well, and at as low prices

as he can and do justice to himself.

Don't fail to give O. P. a call.

MARRIED.

At the residence of the bride's par-

ents, in this city, March 10th, by Rev.

O. Dickinson, Mr. J. J. Murphy and

Mrs. Elizabeth C. Church—both of

Marion county, Oregon.

Some fifty guests were gathered at

the residence of Dr. Lister to witness

the ceremony, and a pleasant social

evening was spent. Our best wishes

attend the happy pair.

Mr. Henderson, of Brownsville,

gave us a friendly call on Monday.
