The programme consisted of declamations, dialogues and readings, after which the relative standing of the scholars was given. Nine of the pupils came off with the highest average, and received the first prize. The distribution of the prizes caused considerable merriment. COENER STONE CEREMONIES .- At 4:80 P. M. of Monday last, Bishop Morris, ssisted by Rev. J. H. Babcock, laid the corner-stone of the Episcopal church, on the corner of Ellsworth and Fifth streets in this city. Mr. Thomas Monteith, at the desire of the Bishop, made the deposit of the box, containing the articles for keeping, in the corner-stone, said box containing the following articles: Holy bible, book of common prayer, church almanac for the present year, copies of the Churchnan, REGISTER, Democrat, list of subscribers to the lot, small silver and copper coins, business cards of persons doing business in this city, one being the card of the maker of the box; an account of the doings of the Episcopal Convocation of 1875, and the constitution and by-laws of Albany Engine Co. No. 1. The brickwork necessary for the occasion was done by Mr. Jos. Clark, who also plumbed the stone in position. The opening address was made by Rev. J. H. LEG BROKEN.-One day last week, Mr. Mitcheil, agent for the Howe sewing machine, for some time a resident of this city, while traversing Benton county selling machines, met with an accident that resulted in the breaking of his left leg. At the time the accident occurred, his wife and baby were with him in the back. He had left the main traveled road, taking a "near cut" to save time and travel. Just before coming into the main road again, he came to a "sidling" place in the road, a place where the road had been, apparently, stood up on its edge to rest, and in attempting to pass over this place his vehicle throwing the horse over as well.
