She's got doubts and hars, sir, and she thinks she sees avil sperrets, sir." At this the parson refused to go, but the halfes all said: "Oh, poor Mary! now do go." CURISTIAN COURTESY .- I FAW SOME where the other day, a sentence like this: "The truest courtesy is the truest Christianity." This is not simply to say I take it, that a Christian will be a gentleman; it teaches that the spirit of selfdenial, of foregoing personal advantages for the sake of favoring another, is the root and substance of the regenerated life. Now, here is a practical test, brought near to us in all the scenes of our intercourse with our fellows, showing what manner of spirit we are of. If we are truly, that is, succerely courteous and polite, we are serving Christ, showing his example, and exhibiting his spirit. If in the conclusion of personal interests through the day, we are more careful to favor ourselves, to secure the best, to be served first, to gratify our own wishes and tastes, than to gratify and serve others, I care not what names we bear, or what profes sions we make, or what religious exercises we engage in, the spirit of the Master is not in us. - Fa.
