CARD.

To our friends of Calvary Congregation, and others, who planned and successfully carried out the series of pleasant surprises, on the evening of Sept. 15th, we desire thus publicly to express our appreciation of their kindness and generosity. In return for the welcome to our work thus repeated, and strengthened, we can but hope that those who have contributed to make the stranger feel at home, may share the welcome the Lord has promised to all who receive his servants as himself. We especially rejoice in the manifestation of Christian fellowship among the membership of the different churches of our city, as a sweet foretaste of the gathering home into the one fold the one Shepherd. We have no higher ambition than to share with these dear fellow workers the toils and rewards of Christian service. We offer no more earnest prayer than was offered for our mutual helpfulness, and zealous co-operation. We desire that all your wants may be fully satisfied with the Divine blessing which maketh rich and addeth no sorrow. May you be *clothed* with the fair robes of Christ's righteousness and *fed* with the finest of the wheat and the fruits of the heavenly Canaan; may you quaff rich draughts of the water of life, and be fanned with celestial breezes; and when the last sheep comes may your *fellows* be smoothed with tenderest care, and your *names* laid up for you above.

H. W. and M. W. STRATTON.

CARELESSNESS.—On Monday night some one threw the stub of a lighted cigar into a spit-box in Nye's hall. The spit-boxes are made of wood and filled with sawdust. The lighted stub set fire to the sawdust, which burned slowly, eventually burning through the bottom of the box into and through the platform on the east side of the hall. A stranger in search of the City Recorder entered the hall early Tuesday morning, and, discovering the fire, threw the box out of the window, poured a bucket of water on the burning platform and smothered what might have proved a disastrous fire. It was at first thought that an incendiary had been at work, but after a careful examination on the part of Marshal Fox, who went to work immediately to ferrit out the matter, the above facts were elicited. Persons who smoke should be very careful where they deposit the stubs of cigars when lighted. It is but little trouble to throw them down and, placing one foot on them, put out the fire and render a conflagration by this means impossible.

NO. 1 CERTIFICATES DON'T MOST ALWAYS [illegible] up on ferren ridge, between Beaver and Crabtree creeks, in the "Forks," is a school district, and they wanted a school teacher. A young man, well qualified for the posish, armed with a first class certificate from the School Superintendent, repaired to the house of the chief school director of the district, with high hopes of obtaining a school, as his credentials were A. 1. Arrived at his destination the young man made known his business and produced his credentials. That wise old school director took the certificate, and after carefully scanning it, and noting that it was marked "No. 1," he shook his head, saying he didn't like that No. 1 business; he was acquainted with a young lady who held a higher certificate, as hers was marked "No. 2," and he believed he'd have to give the school to her!

SPLENDID WHET YIELD—CLOSE CALL FOR A SAWMILL.—Our Buena Vista correspondent, R. M. R., writing under date of Sept. 14th, says: It will be remembered that Mr. Henry Christian, of Buena Vista precinct, Polk county, three years ago was awarded first premiums for the finest appearing and largest yield of wheat per acre at the Oregon State Fair. This week Mr. Christian comes to the front again with 900 bushels of extra fine white wheat, from another part of his farm, the product of twenty acres. Just go ahead again, Mr. Christian. The sawmill at this place, on the 10th inst., while all hands except the proprietor, Mr. A. P. Bonzy, were gone to dinner, was discovered to be on fire. Mr. Bonzy soon found himself on the roof of the building contending with the angry flame alone, without water or gloves. The mill was saved from a premature ash-bed, and the physicians think that Mr. B's hands will recover without amputation.

THE NEW BOARD.—At the annual meeting on Tuesday, Messrs. Jason Wheeler, J. F. Backensto, Allen Parker, J. H. Foster, D. M. Thompson, C. P. Burkhart and Martin Lupe were elected directors of the Albany & Santiam Canal Company for the ensuing year. At a meeting of the new board on the same day, Jason Wheeler was elected President of the Board, W. Flinn, Secretary, and John Conner, Treasurer. The affairs of the Company are in good hands, and will be efficiently managed.

A. Carothers & Co. have been crowded with business during the week. They have a full invoice of new DRUGS.

PLEASANT OCCASION.—A very pleasant and agreeable surprise party was that at the residence of Rev. M. Stratton, pastor of the Congregational Church of this city, on Wednesday night. The residence was literally crowded with the friends of the excellent gentleman and lady in question, on said evening, Calvary, their absence at prayer meeting, and the house "set to order" for their reception. Of course they were surprised upon returning from church, to find their fortress invaded, but both submitted with grace to the new order of things, and done their best to entertain their guests of the evening. The ladies had provided a splendid feast of good things, and the great multitude was fed as long as they would partake, and still many baskets of delicious cake and things remained untouched. We were not informed as to the amount of money donated to the pastor, or whether other things than money were donated, but we do know that it was a most pleasant and agreeable social gathering, and we hope is only the beginning of a series of social gatherings which will extend through the coming winter. Long life and prosperity to Rev. Mr. Stratton, wife and family, say we.

PUBLIC SPEAKING.—All the candidates for Congress are expected to throw themselves in sight in this city on Tuesday next, when they will address the people on the political issues that now agitate the political parties in Oregon. It is a busy season of the year, it is true, but those who can should be in attendance. It is seldom that our people have an opportunity to hear and choose among so large a number of candidates. Messrs. Lane, Whitney and Dinick are running in the interest of the Democratic party, while Hon. Henry Warren, holding aloft the banner of the Union, the glorious stars and stripes—the Old Flag—is the standard-bearer of the great Republican party. Let all who possibly can come out and hear Mr. Warren.

PERSONAL.—Dr. D. M. Jones, of this city, has been continued as Professor of Materia Medica and Therapeutics in the Willamette University, the Doctor having filled the chair with the highest credit to the institution and himself last year. We congratulate the University on its success in again securing the services of so excellent a gentleman as a member of the Faculty for 1875-6.

SEED WHEAT FOR CHILLICOTHE.—Messrs. Parker & Morris put on board the cars ten tons of wheat, on Tuesday, destined for Chillicothe, Ohio, to be used by agriculturists of that vicinity for seed. The wheat will be forwarded by rail from San Francisco to its destination, and will cost the farmers there probably three dollars per bushel.

HALF FARE TICKETS.—Delegates attending the State Temperance Union at Salem, September 20 to 24, will be passed over the O. & C. Railroad on half-fare tickets. The same courtesy will also be extended to the delegates to the State Grange, which convenes at Portland, September 27th, and holds until October 2d.

AN OCCURRENCE AT BROWNSVILLE.—A misunderstanding occurred at Brownsville, the other day, between Messrs Wilson and Straud Long, in which the former stabbed the latter in the arm and side, while the latter shot a hole through one ear of the former. We await further particulars.

KYLE CUT.—Mr. D. C. Kyle, one of the contractors for the erection of the new Baptist Church, on Tuesday, while hewing a piece of timber, cut himself badly with an axe in the right knee. Dr. Rice was called in, and dressed the wound in good shape.

## PARAGRAMLETS.

There is still considerable sickness in the county, and our physicians are kept busy.

New buildings are going up in every direction, and lumber is in demand.

J. G. Holbert, the candy man from Salem, was in the city Wednesday.

Mr. Luper, of Lane, was in the city a day or two during the week.

See new advertisement in this issue, and if it interests you, treasure it up.

S. L. Young has several novelties in his line that you want to see and purchase.

Roads fearfully dusty now and constantly getting worse.

Jake Fleischner is up from Portland, and may go into business here.

John Briggs will soon be able to occupy his new building.

The water wheel recently put in at Althouse & Co.'s more than fills the bill. Harvesting is nearly over, and the grain is gradually reaching our warehouses.

The Indian Summer now upon us, is perfectly grand.

Wm Gird has several good horses in training for the coming Fair.

James O'Meara Esq., of Portland, came up on Monday.

Jack Titus, of Titus Bros., is a worker, no matter where you put him.

Revs. Nickerson, Fraser and Doane were in the city on Monday.

The Soda business still continues brisk at A. Carothers & Co's.

Mrs. Roland is very ill with bilious remitting fever.

Miss Minnie Allison is quite ill of a fever.

Bishop Kavanaugh preached an excellent sermon on Wednesday evening.

Who wants to purchase a first class Singer [illegible]

Our old friend Foren smiled upon us Wednesday. Foren is a genuine brick.

Dave Prine, of Prineville, Ochoco, called a moment on Wednesday.

Crowds of people visited our city on Wednesday.

The Dollar Store still continues its low prices, Baker's motto being quick sales and small profits.

Jas. Comstock has a pretty gray nifty in training at the fair grounds, that promises well.

There is probably 450,000 bushels of new wheat in the warehouses of the city at present.

Geo. F. Settlemeir returned from California yesterday, looking first rate.

Butter scoots along at 30c, while eggs command 25c.

A couple of our colored people were spliced a few days ago. We are informed they had a away up wedding.

H. Stevens puts a watch in good shape, and can be found at Doc Plummer's drug store.

Judge Jos. Hannon has been laid up during the week with a fever, but is improving at this writing.

The Annual Conference of the Southern Methodist Church has been in session during the week, with a good attendance.

Buy your crockery and glassware at Albany Dollar Store, the cheapest place in the county.

Lovers of a good cigar should try those to be obtained at Messrs. Bell & Parker's drug store.

The general feeling in this community is that the new fire company is entitled to a steamer.

Bishop Kavanaugh presides at the Southern Methodist Conference now in session in this city.

We are away up, and this is the how of it. Mr. Hindman presented us yesterday with a splendid dried venison ham.

Parker & Morris are receiving about fifty loads of wheat daily, the loads running from 50 to 90 bushels each.

If you want finer weather or more lovely, moonlight nights, than the present afford, you can't be pleased anywhere on this globe.

Yes. Backus was united in marriage to Miss La Crabtree, on Wednesday evening, at the residence of Wm. Queener, of this city.

A man somewhat under the influence of liquor was severely handled by a guest of the American Exchange on Monday evening.

We shall send out bills to all owing us, either on subscription or jobwork, and hope all will respond promptly during the coming week. Biz is biz.

Ed Freeland has so far recovered as to be able to get about on crutches. As soon as possible to do so himself and family will return to Ochoco.

Mrs. Harper expects to start, in company with Bishop Kavanaugh and others, overland, for Heald-burg, California, a week from to-morrow.

Allen Parker went to Portland, Thursday morning, to look after a shipment of wheat made by Parker & Morris to Ohio. It was fall wheat.

The Aiden Fruit Dryer is engaged on apples, at present. The supply ran out on Wednesday, but we suppose its all hunky by this time.

As Mrs. P. C. Harper's health has been failing since her trip to the Sound, she is making arrangements to go to Southern California, in the hope that the change may prove beneficial.

A party started for the mountains on Tuesday, intending to remain two months. One of the boys declared that he would not return until he had got away with a score of deer.

The new M. E. Church South has a splendid bell, which was duly tried on Tuesday. The continued ringing of the bell on that day alarmed quite a number of our citizens, who took it to be a fire alarm.

A slight shower Wednesday night, with lowering weather yesterday. There is a large amount of grain standing in the fields to be cut, dead-ripe, that a day or two's hard rain might effectually destroy.

Fair time will soon be here, and to make it successful every one should have some article of merit to exhibit. If our people take the necessary pride in it, the next annual fair will be the best ever held in Linn county.

At the meeting of the City Council Tuesday night, that body proposed to donate at least $1,000, and more if possible, to aid in purchasing a steamer for Engine Co. No. 2.

J. H. Foster & Co.'s new warehouse is ready to receive grain. It is but a few feet south of the mill, and is one of the strongest and most complete buildings in the city, with a capacity of one hundred thousand bushels.

The appointments made by the Conference of the Methodist Church South, now in session in this city, will be read from the pulpit of the church on Sunday evening. The Conference has been holding daily sessions from 9 to 12 each morning, the afternoon being used in committee business, with preaching at night.

All those indebted to us for advertising, job work or subscription are requested to pay up, that we may play a similal joke on our long-suffering and patient creditors. This number closes the volume and the year—the seventh year of publication—and is the appropriate and proper time to pay the printer. Come right up.

The roads leading to this city, we are told, are not only enthusiastically dusty, but are thoroughly cut and gashed and carved into patriotic ruts and side issues—an invention of the enemy in favor of blacksmiths and wagon makers, but operating injuriously upon all kinds of four-wheeled vehicles, often causing large and unpretty drafts upon the exchequer of the agriculturist.

We were pleased to grasp the hand of our old friend, S. M. D. Hindman, of Camp Polk, who arrived in the city on Wednesday. Mr. H is a prosperous farmer of that region, owning one of the best improved and most eligible ranches on the Cascades Mountain Wagon Road, about forty-six miles this side of Prineville, Ochoco. He has an elegant and comfortable home right in the wilderness, made so principally through the taste and superior management of Mrs. Hindman, one of the best butter-makers and housekeepers in Oregon. If you want to see what a whole-souled, energetic woman can do towards creating a lovable and handsome home in the wilderness, when efficiently aided by her husband, go out to Mr. Hindman's farm near Camp Polk, and enjoy a hospitality that will make you feel at once that you are welcome and at home.

Mr Paxton returned from Portland the first of the week, where he has been to look after the construction of the new rotary steam engine recently patented by Paxton and Rubarts. The engine will probably be completed early next week, when it will be given a thorough and complete trial. The inventors and their friends have the utmost confidence in its complete success.

Fire Engine Co. No. 2 met last evening, but as we go to press about the same time, we cannot give the action of the Company with regard to the purchase of a steamer. If a steamer is secured however, for the use of the Company, it will have to be purchased through the liberality of the members and our citizens.

Wheat nominally commands seven bits per bushel, but of course no sales are made at that figure.

G. W. Young has sold his elegant residence, on corner of Baker and Third streets, to Dr. E. O. Smith.

An immense thing in stone and earthenware at P. C. Harper & Co's.

Thanks to Mr. Schmeer, for melons.

## FINANCE AND COMMERCE.

Gold in New York, 117.
Legal tenders 87½@88½.

Notwithstanding grasshoppers and severe storms in the so-called Northwestern States, there seems to be a greater surplus of grain there this season than ever raised there before. A prominent railroad official says that in the territory penetrated by the Northwestern and the Milwaukee and St. Paul railroads there will be 12,000,000 more bushels of wheat brought to market than ever came from the same territory before. This insures a prosperous business in the northwest this fall, wheat selling now at $1 per bushel.

Exporters are not anxious to buy wheat at $1 per bushel, and as our farmers as a general rule will not sell for less, no sales are made, and money continues scarce.

We quote wheat in San Francisco at $2@2 05 for best quality. In this city seven bits is the figure, with no sales at any price to report.

## New To-Day.

SUMMONS.

In the Circuit Court of the State of Oregon for the county of Linn.

Thomas Clemmens, plaintiff, vs. Martha Clemmens, defendant:

Suit for divorce.

To Martha Clemmens, the defendant above named.

In the name of the State of Oregon: You are hereby required to appear and answer the complaint of the above named plaintiff in the above entitled suit, now on file with the clerk of said court, within ten days after the date of the service of this summons upon you if served in Linn county, Oregon, but if served in any other county within the State, then within twenty days after the date of the service of this summons upon you, or if served by publication of this summons, then you are required to answer the complaint by the first day of the next regular term of said court, to be holden on the fourth Monday, the

25th day of October, 1875,

at Albany in said county and State; and you are notified that if you fail to so appear and answer as above required, for want of answer the plaintiff will apply to the court for the relief demanded in the complaint, which is a dissolution of the marriage contract existing between you and the plaintiff, and for the care and custody of the minor children, Albert McClenahens, John A. Clemmens, Samuel J. Clemmens, E. Clemmens, Thomas Clemmens, Alfred Clemmens and Andrew Clemmens, named in the complaint, to the plaintiff. JOS. HANNON,
Attorney for plaintiff.

Published by order of H. F. Bonham, Judge of said court, which order bears date September 13th, 1875.

New Elevator!

NOW READY FOR THE SEASON'S trade in wheat and oats. We call the attention of farmers to the fact that we have one of the most convenient in the State, and are in a position to handle with dispatch an immense quantity of grain. Our house has a capacity for

200,000 Bushels of Wheat!

at one time. And is located on the many to navigate Willamette River, and provided with side track from the O. & C. R. R., so that shipments may be made daily by rail, and as often by water as boating facilities offer. We have two large elevation fans, in addition to other machinery, and to the house run by water power, and are thus prepared to

CLEAN

all the wheat received. Can take in and clean 10,000 bushels per day. Clean wheat is worth much more in all foreign markets than foul wheat, and none should be shipped without cleaning. Our charges will be five cents a bushel on wheat, and four cents on oats. We have

SIXTY THOUSAND SACKS

to furnish those storing wheat with us, free to those whose wheat we purchase, and at the lowest cash price to those who buy their wheat from our house to other buyers. Persons storing with us are at liberty to sell to whom they please. Those who reside on the west side of the River will have ferriage free. We will be on the market as buyers, and expect to be able to pay the highest possible price. Having prepared ourselves to do a large business, we hope for our share of the public patronage.

Ayer's Ague Cure.

For the Speedy Relief of Those Suffering from Fever and Ague, Fever and Chills, Dumb Ague, Periodical or Bilious Headache, and indeed all the affections which arise from Malarious Poisons, Ayer's Ague Cure is the most effectual remedy that can be employed. Containing no quinine or mineral whatever, its use is unattended by any of the injurious effects which follow the use of that powerful but dangerous drug. While it counteracts the effects of Malaria, it expels the poison from the system, and leaves the patient not weak and debilitated, but with renewed health and vigor. Unlike Quinine, which only palliates the disease, so that no Liver Complaints, Rheumatism, Neuralgia, Dropsy or Debility follow the cure. Indeed, many Disorders of the Liver and Bowels have originated from Miasmatic Poison, it removes the cause, and these complaints soon disappear. For Liver Complaints, it is an excellent remedy.

Ayer's Sarsaparilla,

For Purifying the Blood.

This compound, from the vegetable alterative properties of Stillingia, Yellow Dock, Sarsaparilla, Mandrake, and Iodides of Potassium and Iron, makes one of the most effectual purifiers of the blood and cures of scrofula or scrofulous complaints which are very prevalent and deceptive. It purifies the blood, and thus expels the lurking humors in the system, that otherwise would breed troublesome disorders. Eruptions of the skin, that should be expelled from the blood, boils, carbuncles, sores, and ulcerations of the internal organs, whose action they derange, are but the efforts of the system to throw off the foreign substance they disease and destroy. Ayer's Sarsaparilla will do all this and more. It will cleanse the blood. When that is gone, the disorders it produces disappear, such as Blotches and Pimples on the face, Rheumatism, Gout, Kidney, Liver and Bowel Complaints, Dyspepsia and Indigestion, Pimples, Pustules, Blotches, Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Pain in the Bones, Side and Back, Female Weakness, Sterility, Leucorrhœa, or Whites, Uterine Displacements, and all Irregularities of the Female System, Gravel, Diseases of the Bladder, Dropsy, Erysipelas, Scurvy, General Debility. With these departure from the system, and the vitality restored, these diseases must vanish, for they cannot exist where the blood is pure and full of health.
