WOMEN'S CENTENNIAL BOARD .- There will be a meeting held on Monday, Nov. 1st, at 2 P. M. at the Court House in Albany, for the purpose of soliciting contri-butions to represent to the world the productions, arts, and natural curiosities of our country at the great Centennial exhibition. There will be committees appointed for the several precints. Both ladies and gen-

tlemen are invited to attend. By order of MRS. L. E. BLAIN, Com. for Linn County.

PARTY AND SUPPER TUESDAY NIGHT .-Dr. York, having concluded his series of lectures, on Tuesday night last gave a sociable and dance at the Opera House, at which a large number of our citizens enjoyed themselves. It is asserted by those present that it was the gayest party gotten up in this city for a long time. The best of paired to the American Exchange Hotel, where an elegant repast had been prepared. Everybody was pleased with the supper, and high encomiums were passed upon Mr. Eddy and his excellent lady, for the skill and taste displayed in getting up such a splendid "lay out" upon such short notice. Dr. York went to Corvallis from this city, and, on his return, may give one or more lectures in the Opera House.

FIRE AT VIRGINIA CITY .- Virginia City, Nevada, was destroyed by fire on Tuesday. It is claimed that 10,000 people were made homeless by the fire. The near approach | man of energy and nerve. of winter, such winters as they have in Nevada, too, makes the disaster still more terrible. Two million dollars worth of property was destroyed, the great proportion of which falls upon those the least able to bear it. This is indeed a case that calls upon the people of the Pacific slope in the udest tones for aid, and that, too, at once. It will not do to postpone such aid as our people are able to give, be it little or much; it should be given at once. Let some goodhearted Samaritan lead off in the matter without delay.

FIRE MEETING .- The members of Linu Engine Company No. 2 will not torget that next Monday evening is the regular monthly meeting night. The hour is seven o'clock, and the place Parrish Hall. A tull attendance is requested as business of the utmost interest and importance will be presented to the attention of the Company for immediate action. Let every member bear this in mind, and be promptly on hand at the hour of seven o'clock P. M.

MUTATION .- Dr. Pluminer has moved into his new purchase (the brick lately occupled by Messrs. Bell & Parker), where he is arranging his goods with his usual good taste. It will be some days before Doc gets things righted to suit him, but when he does, we predict he will have one of the neatest and most tastily arranged drug stores in the State.

U. P. SOCIABLE.-A Sociable will be given at the residence of Mr. Jas. H. Foster, on Friday night (this evening), to which all are invited. Mrs. Foster is noted for her hespitality, and all who go will enjoy themselves. We predict a large turn

At the electoin on Monday there were two polls opened at the Court House. At poll No. 1, Warren got 223; Lane, 221. At poll No. 2 Warren got 99; Lane, 112. At the two polls Dimmick got 11 votes, while Whitney received 2. Lane's majority over Warren, 14. A number of votes were polled here from Benton and other counties, and outside precincts.

The vote in Lebanon was: Warren, 67; Lane, 98-Lane's majority, 31. Two Republican and four Democratic votes were rejected, two being mutilated, and four being double. Quite a number of Republicans in this precinct did not go to the polls at all, and a mumber of Democrats from other precincts voted at Lebanon.

DIED .- Mrs. Emma Byland, youngest daughter of J. W. Bell, of Lebanon, died at the residence of her parents in Lebanon, on Sunday, after a Hugering illness, of consumption. Two children and a husband are left to mourn the loss of a wife and mother's care.

Last Friday night at Salem, the jury in the case of S. J. L. Whiteman brought in a verdict of guilty, recommending him to the mercy of the court. The penalty in his case is from one to twenty years in the penitentiary. Counsel for detense made a motion for a new trial, but as Court has until next month

ELEGANT STORE.—The new store in Froman's brick, occupied jointly by Messrs. Bell & Parker and Titus Brothers, is one of the most handsomely arranged store-rooms in the city. Both firms have added largely to their stocks, taking advantage of the dullness in the San Francisco and Eastern markets to get goods when they rule lowest, and are therefore better prepared than ever to supply the wants of customers at fair rates. For watches, clocks, extra fine cutlery or jewelry, go to the new store; and if you need medicine or drugs of any kind, paint, chemicals, superior tollet goods or perfumery, coal oil or gasoline, pills or an extra good cigar, go to the same place.

Some people howl, and blow, and let off a tremendous amount of gas, just because some second hand politician or other gets a tew more votes than it was expected he would: but we want it understood we are not one "o' those." And even if we did want to illustrate our columns with roosters and things, we couldn't do it because those dratted inksling ers on Democratic journals have created a corner in the rooster business, and we couldn't even obtain a feather. But then we don't want and wouldn't have a rooster cut in these pure pages for no money-not for \$2 50.

On Thursday night of last week the stage was stopped by two foot-pads six miles from Umatilla City, and Wells, Fargo & Co's, treasure box taken. It's a pity that Wells, Fargo & Co. can't get a messenger to accompany the stage when they have anything worth stealing in the treasure box who has nerve enough to at least make an attempt to let daylight through one or more of these fellows who are continually getting away with them. It would be such a change, you know, and the public so like variety. This continual robbing and always getting away, is getting so stale. Give us a change,

Since 1867 the Chinese in California have consumed 5,870 boxes of opinm, at a cost of \$2,412,735. During the years between 1837 and 1870 the amount tell off steadily, but since the latter date it has grown to an normous figure.
