LANTERNS.—The latest and best at the dollar store. Get one and be happy.

Have you seen those new style umbrellas Go to the \$1 store and ask for one.

Ben Kohn has opened out in Froman's brick block.

Election news comes in slowly, and the more it comes in the less Lane likes it.

Wheat was quoted at 85c per bushel on Wednesday.

Perry Spink has bought out A. B. Morrison in the drying business. You can't keep Perry idle long.

Chas. Wilson has bought out Mr. Williams in the Webfoot meat market. Charles is a gay butcher boy, you bet.

Why is the letter q the handiest in the alphabet? Because when its in use you always find it before u.

FOR WASHINGTON.—Senator Mitchell passed south on a special train Sunday, en route, we suppose, for Washington.

The sausage crop has been partially gathered, and the sound of the grinder is heard in the land.

Congress meets next month, when the odious postal law of last session will doubtless be repealed.

MARRIED.—October 23, at the residence of the bride's parents near Peoria, by Rev. S. G. Irvine, D. D., Mr. Thomas L. Porter and Miss Eleanor Clingman.

It is reported that the Grangers have secured the brick on the corner of Washington and First, where they will soon open out a stock of goods.

The Good Templars had a grand old time Tuesday night, installing officers, so sociable, etc. It was near midnight before the affair broke up.

Waters, of the Salem Statesman, is a brick. He claims for his paper that it is the only religious paper in Salem. Who disputes it, eh? Salem has long needed a missionary to look after Gov. Watkins, Gilfry, Grover, et al omne genus.

PERSONAL.—Mr. E. Cheney, of Keosauqua, Iowa, gave us a friendly call on Wednesday. Mr. Cheney comes with high testimonials as a young man of excellent business talents and steady habits, and we are in hopes will receive sufficient inducement to remain among us.

THE SOCIABLE.—Friday night, at the residence of Mr. Jas. H. Foster, was largely attended, and proved to be one of the most agreeable parties of the season. The U. P. Church, in whose interest the sociable was held, was benefitted between twenty and thirty dollars.

MILITARY.—Mrs. Stephens, accompanied by her sister, Miss French, went to Portland on Tuesday's train to purchase a stock of millinery, with which, upon their return, they will open a new millinery establishment in Froman's new brick, First street. Success attend the new firm.

Enough Republicans neglected to vote on the day of election, in Linn county alone, to have turned the scales in favor of Warren. Linn county to-day, on a strict party vote, is Republican, as the next election will prove. The death knell of Democracy has been sounded in Linn. Put that in your pipe.

So far as returns have been received, up to Wednesday, Lane's plurality in the State was 218, with Curry, Grant and Tillamook to bear from. Wednesday night it was reported that Curry had given Warren 33 majority, which would still leave Lane 185 votes ahead. If elected, Lane's majority, as the present returns indicate, will be very small indeed.

Messrs. John H. Burkhardt and J. G. Evans, the latter business man of the Deacons, on Tuesday were arrested charged with taking a large sum of money from the fire-proof vault in the County Clerk's office at the Court House, some weeks ago, a full account of which was given in the Register at the time. Each gave bail in the sum of \$3,000, and were released. The arrest was very unexpected, and of course created the greatest excitement, as both young men stood high in the esteem of the community. The trial will probably come on to-day.

GREENHORN.—A change has taken place in the proprietorship of the Greenhorn Gold Mines, Frank Woods and Geo. F. Sellmeier now owning the entire eight claims (180 acres) and the water-right. Frank Woods will go to the mines as soon as the weather moderates a little, and improve the mines by enlarging and strengthening the ditch carrying water to the diggings, adding considerable more pipe, enlarging the reservoir, etc., and get the diggings in good shape for work next season. Frank is confident there is rich vein in that immense bed of gravel, and he intends to get it out. Success to the Greenhorns.

BEHIND.—We got terribly behind with our paper last week, owing to the non reception of a supply of paper until the middle of the week. Sometimes things get crosswise, no matter how much diligence you use. We did not go to press until Friday, therefore were too late for Sweet Home and other points. It shall be our endeavor not to be so far behind in the future.

The Eastern election returns all pan out favorably for the Republican party. That "tidal wave" of Democracy which was to sweep over the country, completely wiping out the Republican party, so fondly predicted by our Democratic contemporaries, didn't "sweep" worth a continental, and "constitutional liberty" and the rights of Democrats (to hold office) are trembling on the verge!

IS THERE PHUN AHEAD?—The Statesmen of Sunday that "the name of the manager of the Statesman appears from day to day, and all persons feeling aggrieved concerning any items, will please to call on him—he will argue the point with everybody." That's right, brother Waters. If anybody wants to apologize, it wouldn't be showing a proper christian spirit, specially in a religious paper, not to hear 'em, by no manner o' means.

WRITING SCHOOL.—Prof. W. E. Wells closed one of the largest and most successful writing schools ever held in this city, with a class numbering over fifty scholars, last evening. Prizes were awarded as of reward. At the request of scholars, the Professor will commence another class this (Friday) evening, lowering his price from \$3 to \$2 the term, in expectation of a very large class. As a teacher of penmanship Prof. Wells stands at the head of the profession on this coast, giving such general satisfaction that the better he is known the larger his classes.

A BREAK OUT.—The great pressure of grain in the oldest of the two warehouses owned by the Farmers' Co., of this city, caused the silos to give way in one corner of the building some time Saturday or Sunday night, and for a time it was a case of klonas whether the whole building would not collapse and spill 80,000 or more bushels of wheat out in the rain. However, through the energetic exertions of the Superintendent, several tons of wheat were at once removed from the overloaded building, and the danger was averted. As soon as may be the grain will be removed and the warehouse repaired.

Remaining in the Albany Post Office on Nov. 4th, 1875. Persons calling for these letters must give the date on which they were advertised.

Anderson, Fredell Hunsaker, A. L. Brian, Patrick Hall, Jas. W. Carter, Mrs. R. Howard, Wash'n Combs, Mrs. S. J. Kykman, D. W. Colvin, O. H. Logan, Frank C. Cooley, G. C. Mella, A. J. Dierman, Frank 2. Pichford, W. H. Duncan, Mrs. R. Pursell, N. M. Russell, W. B. Terman, John F. Denney, Miss Lucy F. Terman, John Harmon, Michael 3 Tracy, Benton 2 P. H. RAYMOND, P. M.

HIGH WATER.—The heavy rains of the past two weeks—unprecedented in volume at this season of the year—caused the Callipoda to get way up, the first of the present week the water running over the mill dam clear, making scarcely a ripple. The high stage of water compelled the shutting down of the Magnolia Mills until Wednesday night, when the rain having ceased, the waters fell, and the mill was enabled to commence operations once more. The Willamette also increased its volume, probably eight or ten feet, enabling steamboats to come and go, loaded to the gunds. The probability now is, there will be water enough for all the purposes of navigation in the Willamette until spring.

GOOD TEACHER.—Our public schools are giving better satisfaction now than ever before. In Mr. Roysse our people have one of the best educators in the State. He keeps the best of order during school hours, the scholars like him, and yet he has never had a "switch" or "strap" or "rule" in the school-room, or been called upon to use anything of the kind to enforce obedience to any of his rules for governing the school. Does not this alone speak volumes in his favor? Such teachers are a rarity—and when a community has been so fortunate as to obtain such an one, that community should give him the fullest and heartiest support.

A SUCCESS.—The course of lectures being delivered at the M. E. Church upon Phrenology and the Human System, by Dr. Rice and Prof. McDonald, are well patronized by our citizens. Phrenology and Health Laws will be treated to-night. Tomorrow evening Courtship and Marriage will be discussed. No one should miss it. Those who wish to know themselves phrenologically should call at once upon Prof. McDonald. Dr. Rice gives special attention to the treatment of chronic, obstinate and curable diseases that afflict both sexes—his consultations are free, at the St. Charles Hotel.

The silos of the Farmers' Warehouse did not spill, as at first reported, we are informed by Superintendent Simpson, but the building had canted and caused by the foundation sinking at one corner some inches. As soon as a sufficient amount of grain had been removed all danger was obviated, and although the whole building "leans towards Jones", three to five hundred dollars will set things to rights once more. Not a timber was broken or even cracked in the whole building. Mr. Simpson informs us, and no wheat was lost or damaged.

FUNERAL.—The funeral services of the late L. C. Burkhardt will take place at the St. Paul M. E. Church South to-day at 1 o'clock P. M. All are invited to attend.

Mr. Clark, assisted by fifteen men, laid the track of the O. & C. Railroad between Halsey and Harrisburg last Sunday, with new rail. A big day's work on a good day.

DIED.—Mr. L. C. Burkhardt, one of our oldest and most respected citizens, died at his residence, less than a mile east of this city, on Wednesday evening. Deceased leaves a wife and six children and hosts of friends to mourn his loss. He leaves a large property, accumulated by years of toil and honest industry.

We this week commence issuing invitation cards to those of our friends who are in arrears on subscription, etc. We are compelled to collect what is due us, or suspend and let the Sheriff do it for us. This is the reason why we send out invitations to all who owe us to pay up.

FRUIT.—As the fruit crops in California was a partial failure at least this season, those of our farmers who have an abundance of fruit should not let it go to waste, as it will all be saleable at good prices before the Winter is over. Look after the fruit as there's money in it.

FINE LAY OUT.—In the way of jewelry, watches, clocks, spectacles, silver-steel table knives and silver forks and spoons, pocket cutlery, etc., always to be seen at Titus Bros., in their elegant new store in Froman's brick block on First street. For Christmas presents there's the place.

JUST SO.—If you wish to make a lady your everlasting friend, go to Bell & Parker's drug store and purchase some of the tasty toilet goods or elegant perfumery there on sale, and present it to her with your compliments. It will catch 'em every time, when nothing else will.

SCARCE.—Notwithstanding this is Court week, items of an interesting character absolutely and entirely wanting. We have inquired diligently and energetically of every man we have met from his parts during the week for news from his reply for our patrons, "nuthin' stirrin' in our parts." Of course this kind of thing can't continue any great length of time, and our only fear now is, that when things begin to "stir" there'll be a second deluge, and we shan't have room to spread ourself as we should like. However, let 'em come.

LECTURES.—Prof. McDonald and Dr. Rice have been delivering a course of lectures at the M. E. Church during the week, on the laws of life, etc., drawing good audiences.

Mr. Jos. C. Blain, at last accounts was comfortably domiciled at Warsaw, Indiana. We shouldn't be at all surprised if Joe concluded to "double up" before returning to his home in beautiful Oregon.

GOOD VEHICLES.—Sam Miller is putting up some excellent work in the way of express and lumber wagons. Sam is not only a good workman, but one of the best men in the Webfoot nation.

Steamboats now navigate the roaring and dashing Willamette, and the sound of their whistles disturb the air at almost all hours. Times are beginning to liven up.

WHEAT MOVING.—Full trains are reported over the railroad to Portland, from Junction and other points south, loaded with grain, daily.

Stamping, for braiding and embroidery, done at this office, at short notice, and at as high rates as anybody. A new lot of stamps just received.

If you want to buy the latest style of lady's Rubber Boots, go to Jake Fleischer, on First and Broadalbin streets. 61f

Cash paid for Eggs, at J. Fleischer's, corner of First and Broadalbin streets. 61f

PAINT.—A. Carothers & Co. are selling large quantities of the Averil Chemical Paint, and it seems to give the best of satisfaction.

FINE.—Those new window shades at Bell & Parker's and Titus Bros. They are elegant, and set off the store nicely.

A most elegant assortment of searching pills, at Bell & Parker's—warranted ferruginous.

The interest in the Circuit Court is still unabated, and lawyers and jurymen still frequent our many pleasant resorts.
