Stormy weather. Camp night. Biz.

Men were at work repairing the Canal on Thursday.

Circuit Court adjourned last Saturday to meet on Monday next. The stock in the new steam fire engine

is being gobbled up. A new invoice of fresh drugs at Bell &

Parker's, in the new brick. Titus & Bros. have complete outfits for sewing machines.

The tax gatherer will commence his annual round in December.

County Court has been in session during the week. Hiram Smith, of Harrisburg, was in the

city Tuesday. The weather has been cloudy and gloomy

all the week, pretty much. Dr. Geary, of Eugene, was in the city on Monday.

Butter quote-I at 30c, with a prospect of going higher if the present storm continues. Willamette is rising gradually, caused

by the "continual cease" of rain. The Thursday night prayermeetings at

the M.E.Church are increasing in interest. A family named Cooper, just from the East, are sick and destitute, we are

M. Morgan, the jury brought in a verdict of not guilty. Good enough. Our wheat buyers are offering 85c per

bushel, with little prospect of advancing their figures soon. Don't forget the Concert, for the benefit

of the Sunday School, at the M. E. Church next Friday night. We are now using a superior article of

rag paper-a better article than is generaly used by newspapers. We know of somebody not very far

distant-that got somewhat bilked out of a sum of money. Beware of such friends. Eggs 373/c per dozen, and the market not crowded with the commodity by any means, and not likely to be.

Look in on Baker, grasp his honest hand, loan him a half, and be happy in the doing oj a virtuous act.

A dance is announced at the Opera House this evening, under charge of the free thinkers, to which all well-behaved parties are invited.

Christmas is coming and Baker will be ready, at the Dollar Store, with a grand lot. of goods, toys, etc., specially adapted to the

Judge Garretson, of lows, arrived in the city on Monday, not in best of health, we are corry to see. Judge G. brought a portion of his family, and calculates to stay

The present storm gives some show for ad flood this winter to be realizthe predicted food this winter to be realiz-ed. If we can secure Cannon's omnibus we shall have a pretty fair ark.

The prediction made by the "oldest inhabitant," to the effect that the Willamette Valley will be visited by a great flood this year, should he a warning to all parties interested to get their arks in readiness.

THANKSGIVING FAIR.—We are informed that the Ladies Aid Society of this city propose giving a Fair on Thanksgiving evening, the proceds, of course, to be used will be well patronized.

The late severe storms have retarded building operations greatly. The farmer, also, lias felt the "pressure," and unless we have a "discontinuance," there'll be less ground plowed than usual.

In a recent prayermeeting, prayers were offered for the editor of the Democrat. There's just where people get foolish in religion-they expect entirely too much

Jesse Parrish has a chair that has been in the Parrish family about one hundred and seventy-five years-a good, honest chair, certainly.

Our old and much esteemed friend, Mr. S. M. Pennington, for years a resident of this county, now a resident of Umatilla county, gave us a cill on Thursday. He reports his estimable family in good heaith.

It is announced that Judge N. W. Garretson will soon assume the active duties of Editor-in-Chief of the Granger. We welcome the Judge into the profession of journalism, and wish him abundant sucess.

Every old subscriber who wishes us well can easily secure five new subscribers, and every such subscriber bringing us five new subscriptions with the "kale seed"-\$12 50-will receive the sixth copy one year free.

CHRISTMAS BALL .- A grand ball is to be given at Harrisburg, in Odd Fellows Hall, on Friday night, December 24th, 1875. The boys at Harrisburg always do these occasions full justice.

MARRIED .- On Thursday, October 28th, at Port Townsend, Washington Territory, Judge G. H. Baber, of this city, was united in marriage to Miss W. Krouse, of that burg. We congratulate the Judge on the happy event.

CARPET STRETCHER .-A late patent in the way of carpet stretcher, a splendid thing by the way, is to be had at Fred Graff's. If you want to put

one if you have but one carpet to put down. We shall have our new style blanks, such as Deeds and Mortgages, in readiness, if possible, the coming week, when we can supply all who wish first class papers of the very latest and most approved forms.

RELIGIOUS NOTICE.-Divine service at St. Paul's M. E. Church South, next Sabbath at H A. M. and 6 P. M. The public are invited. Theme of morning discourse: "Unpardonable sin." Sunday School at 914 A. M. T. B. WHITE, Pastor.

The Lebanon folks held a grand jollification on Thursday, ending with a ball at night, over the completion of the magnificent bridge over the Santiam at that place. The bridge is one of the fluest on the coast, and is a masterpiece of mechanical skil and architectural beauty-a credit both to the builder and the liberality of the people of Linn county.

S. S. CONCERT-At the M. E. Church. on Friday evening, November 19th, for the benefit of the Sunday School. Those in charge of the concert are among our most talented musicians, and in addition to contributing to a worthy object, those who attend may expect a rich musical treat. Everybody is invited.

A traveler, being at a coffee-house with some gentlemen, was largely drawing on the credulity of the company. "Where did you say all these wonders happened sir?" asked a gentleman present. "I really can't exactly say," replied the traveler; "but it was somewhere in Europe-Russia, I think." "I should rather think It-a-ly-," returned his opponent.

ALL ALONE.-Fred Graf is now alone in the furniture business, having purchased the interest of his late partner in and to the same. Fred has a fine assortment of of furniture, specially in the line of bedroom and parlor sets, which are hard to excel either in quality or price at which they are afforded. Fred is one of the best mechanies on the coast, and anything ordered of him will be well executed.

Those of our sheep-breeders who have Leicesters may be interested to know that at a recent sale of well-bred rams of that breed at Melton market, England, by Mr. Boulton, a noted breeder, the price for forty head averaged about \$35 per head. The best lot, of five, sold for \$90 each ; the next best for \$61; and so on down to \$25 per head for the lowest. There was a large attendance of breeders and dealers, and the bidding was spirited.

FAULTY BRIDGES .- Complaints still come in with regard to the bad condition of many of our county bridges. If these bridges ate not attended to and properly repaired, the county may be called upon to pay the cost or such repairs many times over in damages sustained by individuals and their property. We have heretofore called attention to these complaints, and liope the proper steps will be taken at once to eradicate the evil complained of.

FURNITURE.-If you wish to see a good display of beautiful furniture, call in at the new store of Mr. F. S. Dunning, on First street, in the room lately occupied by Dr. Plummer. He has some of the neatest bedroom and parlor sets that ever went anywhere, which he will sell at reasonable prices. Mr. Dunning is a thoroughly practical man and gentleman who will do the square, honest thing by all who trade with him. Try him a whack.

ODD FELLOWS LIBRARY .- Albany Lodge No. 4, I. O. O. F., is gradually building up a splendid library, contributions being constantly received from various sources The last contributions reported are Paley's Natural Theology, The Koran, Life of Confucius, and Character of Christ (the latter in two finely bound volumes), by in alleviating distress in our city. Of Schenkel, Protessor of Theology at Heidelcourse, for so worthy an object, the Fair berg, Germany. The above are all stand-

#### Thanksgiving Proclamation.

In becoming acknowledgment of the abounding blessings and mercles of the hand of an Allwise Providence, vouchsafed to us as a State during the year now drawing to a close, making all to rejoice in seedtime and harvest, preserving us from the ravages of pestilence, fire, floods, and storms, and meting out to us the full fruits of all our common industires, as if were to a peculiar people; I do hereby appoint the 25th day of November, 1875, to be observed as a day of thanksgiving and praise to Almighty God, "who maketh peace in thy borders, and filleth thee with the finest of the wheat." Given under my hand at Salem this 5th day of November, A. D. L. F. GROVER.

EXTENSIVE ROBBERIES IN EUGENE.-About 3 o'clock on Monday morning the Methodist parsonage at Eugene City was entered and about eight dollars and the watch of the pastor, Rev. I. Wilson, taken. An entrance was effected into the parsonage through a window. One of the burglars made his appearance in the bedroom where Mr. Wilson and wife were sleeping, and making a slight noise in rummaging through a stand near the head of the bed, awakened the occupants. Mr. Wilson rose up in bed, whilst Mrs. Wilson gave a pierc ing shrick that startled the burglar and crused him to decamp instanter; but he returned almost instantly, and presenting a revolver threatened instant death if any disturbance was made. The burglar was a desperate looking rascal, and not knowing how many burglars there were in the house, Mr. W. thought best to keep quiet. The burglars ransacked Friendley's residence, near the parsonage, the same night, but didn't succeed in getting anything valnable beyond a good supper. They visited the residence of Dr. Nicklin, just across the street, where they secured a watch and a \$20 greenback. Nine residences, in all, were visited on the night in question, but the amount obtained won't make milliondown carpet, get one; it'll pay you to get aires of them. At last accounts no arrests had been made. When burglars get to robbing parsons, we may look out for our churches and graveyards. If those rascals are making their way down the valley we hope some one will set the whole kit and bilin' up in the lead mine business.
