### Home Matters.

LADIES' AND SOCIETY-GRAND THANKS-GIVING FAIR.-The Ladles' Aid Society of this city propose giving a grand fair-festival on Thursday evening next, November 25th, at the Pacific Opera House. There will be music and flowers, fee cream and cakes, candy and nuts-and in fact everything will be done to make the affair pleasant to all who attend and profitable to the Society. The money secured by the fairs given by the Society, as all know, is used in alleviating want and suffering wherever found in our midst, and this fact alone should induce the general attendance of our citizens, both old and young. Let everybody be there, and while enjoying the evening, swell the receipts of the Society.

BOREAS ON A TEAR .- A small hurricane visited this part of the country Tuesday afternoon, blowing a pretty stiff breeze during the afternoon and until late in the night. The first blast was probably the heaviest, and it lifted the tin roof from the brick building occupied by Messrs. Clark & Wyatt, and flung it into the street. Wm. Gird's cloth side awning was torn into shreds in a jiffy, signs were blown down, houses were rocked to and fro by the strength of the blasts, and for a few moments a good many people held their breath and asked "what next?"

CONCERT AND ICE CREAM FESTIVAL .-The Erodelphian Society gives a concert and ice cream festival at the College, next Monday evening, November 22d, to which an invitation is extended to all our citizens. Tickets 25e-ice cream extra. The entertainments given by this Society have always proven very interesting, and we are satisfied the coming concert will prove no excention to the general rule. Those of our folks who wish to see and be seen, and enjoy a pleasant evening, all for the small outlay of 25c, should be on hand ear- Remaining in the Albany Post Office on ly in the evening, if they wish to secure good seats.

CHRISTMAS IS COMING-And friend Foshay is getting ready to entertain and please the young as well as the more mature in years, with a display of Christ- Bowie, John mas goods calculated to fit the desires and wants of each. He has ordered a splendid stock of books, annuals, albums, and scores of other nice leters suitable for Christmas and New Years presents, which will soon be open for inspection at the Post Office Book and Drug Store. Save up your spare coin for some of Foshay's novelties.

NEW MILLINERY STORE.-Mrs. D. Stevens has enemed a millinery store in Froman's new brick (up stairs), where she has a fine display of bonnets, hats and millinery goods in general. Mrs. Steveas has large experience in the business, and being possessed of good judgment and most excellent taste, will not fail to give the fullest satisfaction to the ladies of this city and vicinity who patronize her. Call and see her.

THE RAILROAD TO BE COMPLETED TO JUNCTION.—Ben Hollady asserts that there is not now nor has there been any negotiations entered into for the sale of either the O. & C. or Oregon Central railroads. He asserts, on the contrary, that arrangements have about been completed looking to the early completion of the Westside road to Junction City. This latter is good news, and we hope will be realized at an early

NEW PATENTS .- Through dispatahes to Dewey & Co., Patent Agents, S. F., we received the following advance list of U.S. Patents granted to Pacific Coast inventors, viz: H. P. Garland, S. F., sewing machine for sewing bags, etc; H. Sea, S. F., brick machine; A. S. Wadleigh, S. F., socket coupling; B. Wallman, S. F., padlock; S. P. Randolph, Tehama, Cal., reissue, cutter head; Consolidated Tobacco Company, S. F., trademark for cigars; Lee Ping and Pou Jib, S. F., trademark

ADDITIONAL MAIL SERVICE.—Petitions were in circulation the forepart of the week iu this city, asking for additional mail service, on the Oregon & California railway, between this city and Portland, said mail to be carried by the "Albany Express" train. Two mails a day would be quite an accommodation to the people along the line of the road, and need not necessarily cost the Government a very large sum. If such service can be secured, at a reasonable expense, we are in favor of scouring it at

MARGIED.-On Sunday last Mr. Star Mealey was united in marriage to Miss Emma Settle. The ceremony was performed by Rev. S. S. Vandersol, at the ticulars enquire of Bart. Allen, at Halsey. residence of the bride's fither, Uncle Jackey Settle, in Lebanon. In the afternoon, the newly wedded, accompanied by Rev. Mr. Vandersol, returned to this city, their tuture residence. It was a stormy day, and the roads were fearfully muddy. Just betore reaching the city a partial break-down occurred to the vehicle, which was fixed up by some of the parties getting their clothing somewhat soiled. Mr. and Mrs. Mealey have the best wishes of a large circle of high water. The loss will probably foot friends for a long lite of happiness and use- up about \$1,000.

SETLIGHT GONE IN .- The high winds, the other day, caused the sky-light on Froman's new brick to cave in. The sky-light was a large one, and was built for Mr. Paxtou's picture gallery,

IN THE LAST DITCH .- A young and handsome friend of ours, accompanied by an estimable young lady, last Sunday night, started to attend services at one of the churches of our city. They got along very nicely through the mud until they came to a ditch crossing, when the young lady neither were in suitable plight to attend church, and they formed a somewhat melancholy procession as they solemnly returned home.

THANKSGIVING DINNER AT SHEDD .-There will be a public thanksgiving dinner at Shedd, Linn county, on Thursday, November 25th, for the purpose of raising funds to complete the M. E. Church at that place, and to pay the parsonage debt. The pastor, Rev. Mr. Doane, has invited Rev. Mr. Stration, of this city, to be present if possible, and deliver an address on the occasion. A good time may be expected, as the good people of Shedd never fail in enterprises of this kind. All within reach are cordially invited to be present, to ald and participate. An admission fee of 50c, children 25c, will be charged. The committees appointed are as tollows: Committee of Arrangements-Mrs. N. Doane, Mrs. Wm. Powers, Mrs. C. P. Hogue, Mrs. W. L. Wade, and Messrs. D. P. Porter, F. M. Rinehart and W. H. Gaston. Committee on Refreshments-Miss Minnie Porter, Miss Ina Rankin, Miss Maria A. Thompson. Committee on Music-W. H. Gaston.

MORE DAMAGE.-The high winds of Tuesday damaged a number of unfinished houses in various portions of the city. A fine residence in the course of erection in the eastern suburbs, near Hackleman's grove, belonging to Mr. Clark, was blown turn out. over. We were unable to ascertain the amount of damages sustained. The handsome dwelling in the course of erection by Mr. George Patterson, near Prof. Warren's. was moved from its foundations and considerably racked. Another dwelling in the vicinity of the College, sided up, but upon which the roof had not been placed, was taken from its pins almost in the twinklin's of an eye. A number of other buildings were shaken up pretty lively, but no great damage reported. It was the liveliest little zephyr we remember to have ever seen in

NEW FIRM. -Sam Miller has bought the Wag New Firm.—Sam Miller has bought the Wagon and Smithshop heretofore occapied by Peters & Speidel, together with the material end unfinished work, and is now prepared to furnish anything in his line, consisting of Carriages, Buggies, Lumber Wagons, Hacks, &c., and general smithing neatly and with dispatch. I employ none but the best of mechanics, and insure salisfaction. All work warranted. I think I can make it an object for you to buy of me, in price, style and durability of work. I use the best of material, hickory and oak, from the Eastern States. Call and evamine for yourselves; all I want is a fair trial. I have had several years of experience on this coast, and with the knowledge thus gained, am certain I can please you. I guarantee to sell for cash as low as can be bought in this city. A large lot of lumber wagons, side and end spring carriages and backs on hand. Patronize home manufactory—do not send your money off out of the country. Act the part of wise men, and build up your own State, and you will prosper

ACQUITTED .- The trial of Mr. John H. Burkhart, charged with taking \$1,000, belonging to Sheriff Rice, from the fire-proof vault in the County Clerk's office, which commenced on Monday, was concluded on P. M. Atter an absence of a very few minutes the jury returned with a verdict of-'not guilty." Thereupon the case of J. G. Evans, arraigned in the same indictment, was dismissed. We congratulate the boys on their honorable acquittal.

FUNERAL:-The corpse of the late J. B. Sprenger, formely a resident of this city, arrived here on Tuesday, when it was taken charge of by the Masonic fraternity, and the rites of burial performed. Mr. Sprenger died at his brother-in-laws's at or near Hubbard, Marion county, of consumption,

A FOOLISH ASSERTION .- A few days ago the Call of this city asserted that its editor had consulted with steamboat cantains on the river, who told him that the Government Snag Puller hadn't removed to exceed a half dozen snags during the season; that the work had been merely run over, the persons in charge having had a jolly good time, drawing their pay with great regularity during the time. That in this manner had the \$25,000 appropriated by Government for the improvement of the Willamette been expended-every dollar gone-and no work done. After consulting several steamboat captains we find that not one of them ever gave any such information. Upon further investigation, we find that \$16,000 of the appropriation was set aside for building wing-dams, and could not have been gobbled up by the officers in charge of the Snag Puller, even had they been so inclined. We alse have it from the best of authority, that the Snag Puller has taken out over seventeen hundred snags during the season thus far, besides blasting the rocks from Humphrey's rapids, and cleaning out Union Bar and four other large sloughs, so that boats can run up or down them at the lowest stage of water, and a large amount of other work which we have not time nor space to enumerate. The otficers of the Snag Puller have received high commendation for the large amount of honest work performed by them during the season, and never a word of censure from any one acquainted with the work done, or is competent to judge of its value to navigation. We might further add that, if the General Government always favors us with as competent, faithful and honest men as Gen. Michler at the head of river improvements, and as faithful and competent subordinates as Capt. Geo. G. Smith to execute his orders, work on our rivers will be retarded only by the elements themselves, or the meagre appropriations made by Con-

The city election will soon be here, and as it is very important that we have the right kind of men to fill the several offices. our citizens should set themselves to work selecting men who have the qualifications necessary to fit them for the high and honorable positions. Our city is growing and rapidly extending her borders, requiring more and more legislation each year at the hands of the members of the City Council. With the growth of the city increases the If you smoke, of course you want a good demands for greater and more lasting improvements, among the foremost of which is the adoption of a thorough system of drainage. For the health of the city some system looking to the carrying away and thoroughly draining our city of surplus water is imperatively demanded. Men of sound judgment and an honest purpose to serve the city to the best of their ability and to the best interests of the city, should be selected to embellish the City Board. High water damaged the trestle-work on Men should be selected, too, who are wilsponsible if not lucrative positions. We throw out these suggestions for the consideration of the honest voter, who wishes to be well governed, at the same time wishes the finances of the city handled as economically as they have in the past.

Indeed the CHERRY PECTORAL has really robbed these dangerous diseases of their terrors, to a great extent, and given a feeling of immunity from their fatal effects, that is well founded, if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely protection. The prudent should not neglect it, and the wise will not. Keep it, by you for the protection is affords by its timely use in sudden attacks.
