THE FOURTH anniversary of the Erodelphian Society at College chapel on Monday evening, was largely attended, and the exercises gave general satisfaction. It was a big time for the Society, which respect quite a little sum, which will be used to re-fit the hall and add new books for their library. We are sorry that we were not able to be present and give an extended report of the evening's entertainment.

A COMPLETE ESTABLISHMENT .- Mrs S. A. Johns has removed her place of business to the second door north of Second street. on Broadalbin, where she has fitted up the completest ladies' emporium in the central valley. She not only has a fine stock of every thing in the millinery line, but has a complete and full assortment of ladies' and children's furnishing goods, and underwear of all kinds, styles and prices. There are hose, collars, sacques, braided and embroidered, handkerchiefs, laces, embroideries, collarettes, muffs and boas for children, kid gloves, and scores of other things novel and useful, never before kept for sale in this city. The ladies will be surprised upon calling to find so full and complete an assortment, comprising every thing they can possibly want. We can't begin to tell a tythe of the beautiful things she can show you. Dress cutting and making is another branch of business that Mrs. Johns is fully prepared to attend to, and do the business up in good shape, too. Call and see her stock of goods, without fail.

TWOSTERS .- A meeting of Linn Engine Co. No. 2 will be held at the hall to-morrow evening. As considerable more than half the stock necessary to purchase the steam engine for the Company has been subscribed, it is necessary that all the members should be present to aid in the transaction Quarterly-meeting at the M. E. Church of important business. Don't let anything to-morrow and Sunday. Elder Nickerson else detain you, but be there at 71/2 o'clock sharp, ready to do your duty. It is desirable that the steamer be procured at an early day, therefore the Company must be prompt. Once more we urge a full attendance of the members.

TYPHOID FEVER .- The prevalent ailment in this county at present seems to be typhoid fever, and we hear of cases in every direction. We learn from the Drapers Trade Jour-nal that a Mauchester firm has begun to import calicoes from the United States. The fact is significant, and as the importers say that the goods are a much better quality and appearance than ours, Manchester, it appears, has found a competitor at last; but that must depend on the price.

And yet, the chances are, the average American lady, or dealer, will give the preference to the English goods. Manufacturers are often like prophets-they have the least reputation in their own country.

PERSONAL .- Late news from Mrs. P. C. Harper, who went from this city to Heaklsburg, California, some weeks ago, hoping to regain her health by the change, is of rather doubtful import. Mrs. Harper says she is feeling much better, but she has almost entirely lost her voice and is unable to drink; but as she has a good appetite, and is increasing in weight, she indulges the hope of a full and entire recovery from her illness. Her many friends here are hoping for the best.

WINTERISH .- It begins to look sorter winter-like when you get up in the "morning and find the mud on street and sidewalk frozen stiff, and long lines of little birds sitting on the telegraph line, entirely unable to get off their morning sneeze for the large icicles hanging to their bills!
