Republican City Convention.

The Republicans of this city will meet in mass convention at the Court House, on Saturday Evening, December 4, 1875, for the purpose of placing in nomination suitable candidates to fill the various city offices. As the election is an important one, the general attendance of the Republican voters of the city is desired and requested. By order of

CITY CENTRAL COM. *Albany, Nov. 26, 1875.

CHANGED TO WEDNESDAY EVENING.

The neck-tie party which was to have been held Monday night, has been postponed until Wednesday night, as the ladies having it in charge found it almost impos- the gaudiest of neck-ties and the most elabsible to get everything complete and in readiness by Monday night. Make up your mouths, therefore, fellow citizens, for a right royal banquet on Wednesday night, at the Opera House. Let everybody get there on time-seven o'clock. Everybody invited. Admission free.

LET US NOMINATE GOOD MEN.-If we wish to elect our entire ticket on Monday, we must place good, reliable, competent men on the ticket. It is not so much a question of party fealty in these latter days, especially in a municipal election, as it used to be. The time has gore by when men will go to the polls and vote the ticket blindly, no matter who is named on that ticket. And we are glad that time has gone by. Many a man in the past has been placed upon the ticket of one or the other parties, and elected to fill an office of honor or trust, when he had little more capacity for filling the position to which he was elected than a yellow dog? We repeat it, we are glad those times are passed, and now, to secure an election, the candidate must have something more than the name of always "voting the ticket straight" to secure his election, even should be suceeed, no matter how, in getting the nomination. To sheeed in the coming election especially, the candidates must be men of probity. sobriety, men who possess at least fair business qualifications, full of life and ener live, and thoroughly alive to the wants and men who will improve and make attractive while keeping a steady eye to the health of this municipality, at the same time carefully guarding against any wasteful or unmoney. Many improvements should be inaugurated during the coming year, and it will require the closet watchfulness and the exercise of great good judgment to tell just where to begin and just where to stop in making long deferred but much needed improvements. If these be facts, and we think no one will gainsay them, it is allimportant that the very best men in the party be placed upon the Republican ticket to-morrow night, not only that the party be successful at the polls, but that our city

and the day is certainly ours. REGULAR MEETING .- Next Monday night is the regular monthly meeting of Linn Engine Co. No. 2. At the special meeting last Saturday night a good deal of important business was transacted, a part of which must be ratified at the regular meeting Monday night. Among other things a committee was appointed to arrange for a grand entertainment, to be given about the 8th of January, for the benefit of the Company. No. 2's gossess the necessary talent, and can get up a nall-driving entertainment. A uniform was adopted, and other steps taken to prepare for the early reception of the new steamer. Of course it is desirable that a full attendance of the members be present. Come out at 7 o'clock sharp.

QUE NEW YORK LETTER.-We have made arrangements with Rev. Petroleum Y. Masby, a name familiar to all our readers, for a weekly letter, written from the it is expected, by next week. Messrs. city of New York, the great center of fash- Johnson and John Blevins are managers. ion and commerce. Our readers may expect a rich treat, as Nachy is one of the wittlest and most popular writers of the age. We shall commence the publication of these letters in a week or two.

FIRE. -On sunday night last Mr Wm. Mekechnie's smoke-house was cousumed by fire, destroying the winter's supply of bacon, etc. Loss about \$100, which is rather a serious matter to Mc. The fire was caused by a box of ashes, which was placed in the smoke-house Saturday. The ashes were to make ley, which latter enters into the composition of "soft soap."

RUMOR.—It is rumored that a couple of our handsome, talented and popular young people are to be united in marriage nextwell, say Tuesday. Now we don't know there is any truth in the rumor, but as there may be, we hasten to wish our young friends, in advance, the fullest measure of happiness in their new business arrangeLIST OF LETTERS

Remaining in the Albany Post Office on Dec. 2, 1875. Persons calling for these letters must give the date on which they were advertised. Paul, Miss Mattie F Bennington, Ella

Bennington, Joseph Penington, S M Bloom, Henry Russell, Wm B Bloom, Henry Brooks, Elizabeth Rose, James Cooper, James Conner, Joseph Rice, Carlon Robinson or Fish Scott, Mrs Jane Davis, J C Davis, James Scott, DA Drake, W A 3 Scott, Wm Sano, Wm Gentry, CO Vance, David Lewis, Frank Williams, David Langdon, E W 6

P. H. RAYMOND, P. M.

There are a number of boys in this city who are permitted to roam the streets at all hours of the hight, whooping and yelling, using the most obscene and profane language, and almost constantly engaged in some kind of mischlef, annoying and disturbing the better disposed portion of community. The sooner these hoodlums are taught a lesson by the authorities, the better for the credit of our city. In selecting a candidate for Marshal let us secure a man who will see that the laws are duly respected, not only by adults, but by the younger portion of the community.

The neck-tie party is engaging the attention of the young ladies just now, to the exclusion of almost everything else, and their nimble fingers have been engaged during the entire week in manufacturing orate of aprons, baking cake, etc., for the grand event. There'll be more genuine, old-fashloned fun at the Opera House next Monday evening than ever witnessed there before at any one party, we venture.

WILL REBUILD .- Ans. Marshall will rebuild his livery stable just as soon as the lumber can be obtained. He has secured a small amount of lumber, which is now on the ground, and will make a begincment just so soon as there's lumber enough for a starter. We are glad to see that, although the fire cleaned Ans. out pretty well financially, yet he has the nerve and energy to pitch in again and make an eftort to retrieve what he has lost by the fire.

GOOD HUNTERS .- Mr. Arthur Marshall, who lives about eight miles east of the city. came down from the mountains beyond Greenhorn, on Monday, after additional teams to pull out the venison secured by himself, L. C. Marshall and Mart. Miller. They had only been bunting a few days, and had secured twenty-two large, fat deer. Arth, says they are the largest bucks he ever saw. These three are either excellent untists or else deer are very plentiful about Blue Mountain.

GONE to SAWMILLING .- Ike Conn has nurchased a half interest in the sawmil ont at Sweet Home, owned by Clement & gy, fully abreast of the age in which we | Corum, and will doubtless soon move out there to look after his new purchase. Ike interests of our thriving and progressive is a rusher, and whatever he takes hold of city. We want, especially in the Council, is pretty certain to pac out well. Success

The office of City Marshal is a most important one, and it is growing more and necessary expenditure of the people's more important as our city grows in years. We want an active, live, working man for the office-a man who will do his duty without fear or favor. Let us have such a man if he can be found in the city, and we think he can.

The only two names we have heard mentioned for the office of Mayor are Capt. Humphrey, on the part of the Republicans. and M. V. Brown, by the Democrats. As Capt. H. could get away wity Mart. easy enough, we are rather inclined to the opinion Mart. won't go for the nomination.

Geo. W. Hobart will sell at auction, on the 6th day of December, his elegant resievery Republican voter in the city he in atdence and handsome building lots, in Daltendance at the Convention at the Court las, on easy terms. He also has some fine House to-morrow night, and help to place breed fowls, such as brahmas, cochins, legtrust the interests of the city for the comhorns, etc.

FOR CALIFORNIA.-Chas. Bourgardes is talking of removing soon to California, probably the southern portion of that State. We shall miss Charley and his estimable wife should they go from us, but we yet hope that he may see that it is to his interest to remain here.

At the neck-tie party Wednesday night, there'll be the most gorgeous fun, besides oysters, peaches and cream, and sich, all at a nominal expenditure of chickamin. Lots of fun at a small cost of coin, is what we are all after.

We hear every night or two of attempts made to enter private dwellings. In one instance the burglars went so far as to remove the catch or fastening from the upper sash of one Window, but seem to have been scared off before effecting their object.

GRANGER STORE .- The Granger store, on the corner of First and Washington streets, is receiving and opening a large stock of goods. The store will be in full operation, Look out for cheap prices in dry goods.

It has been written that Messrs. Bell & Parker have as full and complete an assortment of drugs, medicines, etc., at their new place of business, as are to be found anywhere, and there is no dispute as to the gentlemanity and courteous treatment of all who call upon them.

Andy Carothers has been setting up, adding to and refitting his new purchase on the

corner of Ellsworth and First streets. Mrs. Paxton came up from Portland on Wednesday. The "Little Monitor" goes

off like hot cakes, under her management. Mrs. Stevens still has more of those elegant, rich, late style bonnets and hats, at her place in Fromans brick block.

Remember the neck-tie party Wednesday night. It will be the festiviest and jolliest party of the winter.

From the talk now, there is to be no end of enjoyment in the way of parties and sociables the coming winter.

Jock Morgan's wife and children, who hvæ been here and at Roseburg, visiting, left for their home in Klickitat valley, W. T., early in the week.

Jack Titus says if he is nominated and elected City Treasurer, he'll sell watches of all kinds and makes, clocks ditto, as well as jewl'ry and things, cheaper'n ever. That's the place to go.

FINANCE AND COMMERCE. Gold in New York, 11416.

Greenbacks, 86@87. The latest advices we have state that

prices are stiffer at about the same figures, for wheat, with prospect of an advance. San Francisco wheat charters are nominally quoted at 52s 6d@55s, with little or no prospect of reduction in the price. Russian wheat shipments of wheat to Great Britain annually aggregate a total value of \$45,000,000 gold, as against \$80,-000,000 from the United States. If accounts be true, Russia, owing to a failure of her wheat crops, becomes a purchaser instead of a seller, which should, and probably will, make a vast difference in the price of

wheat in Great Britain. Wheat has again advanced to 80c per bushel in this market, but as we have had occasion to remark several times heretofore, a very limited amount can be secured at that price, as all demand and expect to se cure \$1 per bushel.
