SOCTABLE .- The U. P's, hold their second sociable at the residence of Dr. J. P. Tate, this (Friday) evening. The public generally are invited to attend.

THE COMING FOURTH .- Do our people intend celebrating the coming 4th of July ? Let's talk this matter up before everybody clse gets ahead of us.

LEASED.-Councilman Harris has leased the corner lot on Ellsworth and First Sts., opposite Johnny Schmeer's, and will place buildings upon it immediately.

A wedding occurred at the St. Charles Hotel Tuesday night. The parties were Mr. Woodcock and Mrs. Smith, both of Harrisburg.

Jas. Sherrill, of Harrisburg, dropped in on Tuesday evening. Mr. Sherrill came down on the City of Sulem, on his way to Polk county.

Ex-Mayor Froman is rushing along with the improvements to the Pacific Opera House, and will probably have everything complete and snug by the last of the coming week.

GOING EAST .- Miss Rova Alexander,

eldest daughter of Dr. W. F. Alexander, is making preparations for a visit to the Eastern States. She will probably not return until September.

MOVED .- Mrs. Stevens moved into the room lately occupied by Mrs. C. C. English, on First street, adjoining A. Carothers & Co., on Monday, where those in need of millinery or new dresses should call.

AT CORVALLIS .- Rev. T B. White, M. E. Church South of this city, commenced a series of religious meetings at Corvallis on Sunday last. May the greatest success attend his effort.

A GOOD OFFICER .- Marshal Westfall is making a very efficient, painstaking officer. Under his supervision the street-crossings are kept clean, and the sidewalks properly repaired. Hoodiumism is not so rampart as it was.

THIEVES ABOUT .-- On Saturday night some one got into Mr. Wm. Hale's smokehouse and carried off a number of five hams. It is to be hoped the clue now in e felt in the welcoming hand, the cordlal hands of the Marshall may lead to the arrest of the thief.

A GENIUS,-James Sherrill, of Harris-

Claypool and Miss Jennie E. Cline.

PERSONAL .- Mr. John H. Burkhart arrived home in this city from the East with his bride on Monday, looking as happy and smilling as people do who are enjoying their honey-moon. May their lives be one continued honey-moon.

Mr. Hirzm Smead, we are glad to see,

is able to be about again, after several weeks close confinement to his house, caused by injuries received last tall when his team backed off the bridge over the Calipoola at Brownsville.

REVIVAL MEETINGS .- Meetings have been held each atternoon at night during the week at the M. E. Church, Several have been forward for prayers, the interest is increasing, and we expect to see a grand and glorious revival of religion in this city.

REGULAR MEETING .- Next Monday evening is the regular monthly meeting night of Linn Engine Company, No. 2. As it will be, probably, the last meeting before the entertainment to be given on the 23d, a full attendance is requested.

CENSUS .- It has been suggested that, as Mr. A. N. Arnold, School Clerk, will soon commence canvassing the city for the purpose of enrolling the school children, it inight be well for the city authorities to employ him to take the city census.

READY PAY .-- We learn that the restoration of the ready pay system in his business, by Wheeler, at Shedd, is already having a very happy effect on the minds of his outcomers. They are fascinated with the idea of spending their money for good, substantial goods instead of being always paying for dead horse.

OH. THE RASCAL,-The following is good : A young gentleman got neatly out of a fine ascape with his intended. She taxed him with having kissed two young ladies at some party at which she was no present. He owned up to it, but said that their united ages only made twenty-one. The simple minded girl thought of ten and eleven, so langhed off her pont. He did not explain that one was nineteen and the other two years of age. Wasn't is artful ?

NEW WHEEL,-During the week Mr. J. F. Backensto has put in a new Ha 30-inch water wheel for Messre, Allen & Roger's saw-mill, at the foot of Montgomery street. It takes the place of a \$6-inch Moore & Paker wheel. This new wheel will greatly increase the working espacity of the mill, and there will doubtiess be less complaint, during the coming season, about not being abla to obtain lumber for building purpeses.
