

TO-MORROW.

The Republicans of Linn county will remember that the primaries are to be held to-morrow—Saturday—and every Republican is earnestly requested to be in attendance. The political skies in Old Linn were never more favorable for the election of the Republican ticket provided that ticket is made up of good men. By "good men" we don't mean what is generally accepted by those two words, but men who possess the necessary brains, are thoroughly and reliably honest, with "backbone" stiff enough to do that which they know to be lawful and right at all times and under all circumstances. We must not nominate time-servers or old political hacks, who come seeking with the odor of former political contests. We must have pure men—men above reproach, who are not and will not bend to old party tricks or favoritism, no matter what the pressure. The Democratic party having failed to do this, it depends upon the coming Republican County Convention to present to the voters of Linn county the men demanded by the times. Within the ranks of the Republican party of Linn there is an abundance of the right kind of material, and although in some instances the men selected for office may not desire it, preferring the walks of private life to that of a servant of the people, yet every such one should remember that each citizen of this great Republic has a duty to perform, and when called upon by his neighbors and friends, should be willing to serve them in any capacity for which he is fitted.

With this understanding, let every Republican be in attendance at the primaries to-morrow, and aid in selecting the best men in the party as delegates to the County Convention. With a live delegation, thoroughly aroused and conversant with the wishes and desires of the people in the precincts represented by them, a ticket can be made that will be elected by a rousing majority in June.

Teachers' Institute.

The Teachers' Institute for the Third Judicial District met in this city on Wednesday, April 12th, holding their sessions in the Calvary Church, on corner of Fourth and Ferry. James Walton, of Marion, was elected President, with A. Frazier, of Yamhill, as Vice President. E. P. Smith, of Marion, was elected Secretary; E. A. Lieser, of Yamhill, Assistant. The attendance is large and the interest manifested in the exercises by our citizens complimentary in a high degree. On Wednesday evening Rev. S. G. Irvine delivered the welcoming address, which was responded to by Prof. L. H. Crawford, the church being filled by an attentive and appreciative audience. The session will probably adjourn to-day.

THE ABDICATION SCARE.—It is rumored that the Czar of all the Russias contemplates abdicating the throne in favor of the Czarovitch. It is stated that the Czarovitch dislikes the Germans, that the political policy of Russia would, under his rule, undergo an immediate change, and France would be encouraged and supported in her views, which are known to be hostile to Germany. In the event of all this a gigantic European war would result—such a time of bloodshed and havoc as probably never has yet been witnessed. Hence the scare in Europe. We are inclined to doubt the report of the Czar's intended abdication, but there may be truth in it for all that.

HANDSOME UNIFORM.—The Mechanic's Brass Band sent for a new uniform through Sam'l E. Young, a few weeks ago. The uniform has arrived, and consists of a coat, vest and pants of cadet gray, made in the latest style, and is a light, handsome uniform. The "regulation hats," ordered at the same time, are expected by the next steamer. Our band boys will be way up with all these good clothes on.

FIRE CAPS.—The caps ordered for Linn Engine Co. No. 2, arrived on Wednesday. They are made of Alaskan leather, and are light, handsome and durable. They cost \$3 50 each "laid down in Albany." The boys are proud of their uniform. The new steamer is looked for by the next ocean steamer.

GRAND OCCASION.—On Wednesday evening, April 20th, 1876, the three-linkers of Harrisburg propose to have a grand "promenade all" in commemoration of the 67th anniversary of Odd Fellowship in the United States. It will be a grand occasion, as the brothers always make these occasions pleasant to all who participate.

Democratic County Convention.

The Democratic County Convention assembled in this city on Wednesday. Wm. Cyrus, of Scio, was elected Chairman, and Messrs. A. W. Starnard and G. C. Blakely, Secretaries. The first business of the Convention was the election of eleven delegates to the State Convention. The delegates elect are: S. Montgomery, John Sumner, Joseph Hamilton, B. R. Grimes, J. H. Washburn, G. T. Crawford, J. A. Porter, L. Bilyeu, B. F. Cooper, J. K. Weatherford and A. F. Beard.

After the election of delegates, came the main business of the convention, to-wit: the selection of candidates for the Legislature, and for the different county officers. S. H. Halsey received the nomination, under a suspension of the rules, by acclamation, for State Senator. For Representatives the following vote was cast:

T. L. Porter, 53; A. W. Starnard, 46; J. W. Weatherford, 39; John Sumner, 32; J. T. Crooks, 30; R. H. Grimes, 34; Allen Parker, 28; J. Beard, 25; Jason Wheeler, 23; L. Bilyeu, 22. The first six were declared duly elected.

For County Judge there was placed in nomination S. A. Johns, E. N. Tandy, J. W. Baldwin, L. H. Montanye, J. L. Cowan. On the second ballot, S. A. Johns was declared the nominee. The candidates for County Commissioners were J. K. Charlton, B. R. Holt and Jos. Hamilton; the first two got away with it.

For County Clerk Messrs. T. J. Stites, J. L. Cowan and G. A. Hill were nominated, Stites securing the nomination on the second ballot.

Next came Sheriff, for which Messrs. J. R. Herren, John Bryant, I. D. Miller, W. K. Price and L. C. Rice, were nominated. On the fifth ballot J. R. Herren was nominated.

For Treasurer there were three candidates: Jacob Norcross, James Shields and Philip Grigby. On the third ballot Mr. Grigby was "nominated." Phil Smith, H. S. Williams and George Christie were contestants for the Assessorship, but Phil got away with it on the first round.

Larkin Bilyeu and J. B. McFarland went for the School Superintendency, but Bilyeu got it, while Hubbard (no relation of old Mother) Bryant was set up for Surveyor unanimously.

R. Jacobs is to be offered as a sacrifice for the office of Coroner.

As soon as the space and time are afforded us we will "discuss" the above named candidates, giving them the full benefit of a careful and honest analysis in these columns.

When we see men who for four years did their best to destroy the Government and deluge the land with the blood of patriots, and who stand responsible for the thousands of millions of debt that now burdens the nation, holding up their hands in holy horror because the wife of a Republican official took money that she ought to have refused, we are led to believe that Republican virtue is so clearly established that a single departure from it shocks the world, or that these ex-Confederate gentlemen are oblivious to the crimes they have committed in the past in comparison to which the crime they condemn is as white as the snow.

Keeping the pay of a few Government officials so close to their noses as to fail to see larger public interests beyond is the present policy of the Democratic leaders in the House of Representatives. While Democracy is striving to save a few millions by cutting down needed appropriations, hundreds of millions are being lost for the want of necessary legislation to revive public industry.

A Boston paper says of an actress there that "she was taken ill yesterday, and threw up six years' engagement at Wallack's." We wouldn't have supposed that she could have done it, even with the combined help of a pint of ipecac and a patent stomach pump.

DANGEROUSLY ILL.—Two of Salem's physicians were in the city on Wednesday, in consultation with Dr. Wilcox, in regard to Mrs. Dr. Griffin. We are informed that they came to the conclusion that there was little or no hope of her recovery.

NEW CAMP.—A brand new encampment of Odd Fellows is to be instituted at Harrisburg next Monday evening, to which patriots of No. 4, and others, are invited. No. 4 has been selected to produce the orator, and she'll do it. A way up time will be had. Let's all go.

A. Carothers & Co.'s pile remedy is gaining a splendid reputation.

'Ror!—Invitation from the Centennial Executive Committee, Portland, to attend the celebration ceremonies in that city on the 4th of July next, received. Thank you, gentlemen, you may expect to see our handsome person on that occasion.

A number of wheat buyers of Portland have gone out of the market for the present. As all vessels loaded with grain for Europe hereafter will not reach Liverpool until the harvest in that country, few are willing to send cargoes at even present low prices and take the chances of profit. It is more than probable that transactions in wheat for this season are closed. Wheat quoted at \$1.65 per 100 lbs. in Portland.

Times are hard and money scarce, but new subscribers are coming in and the REGISTER has a much larger circulation to-day than ever before. Of course we feel correspondingly encouraged, and if our friends will still continue their kindness in our behalf, we will work all the harder to deserve their continued favor.

The Republicans of Jersey City elected the Mayor—the first time for twelve years—by 800 majority. The Council is a tie—a heavy Republican gain.

Mr. R. F. Yantia, living near Peoria, and compel their employees to manage their own affairs, but they don't want them again in Oregon? We should greatly fear they would.

Now it is not strange that when young men have been obliged to break the fourth commandment, they soon learn to break the eighth also, and steal. Indeed it would be strange if it were not so. Break down a young man's conscience at the outset, and compel him to set at defiance his mother's Bible and his mother's God and how long will he remain either temperate or honest? We western men have seen enough of this, and do not want our sons ruined.

We hope every editor and preacher will cry out: that every citizen will vote against it, and that all good people everywhere will pray that such wickedness be not done in our Centennial city. It might bring a curse, and the last of that city, and of this great nation, worse than the first."

It is by no means certain that a second Centennial (in 1876) will ever be celebrated; at any rate, an array of wicked men are doing all they can to prevent it.

Of course it is easy to sneer at these things; but let Christians read the twenty-sixth chapter of Leviticus and beware: let the city fathers read the thirteenth of Nehemiah and do like him and let John Welsh do his utmost to keep the buildings and grounds about.

The Democracy held a ratification meeting on Wednesday night, at which the usual speeches were made and congratulations extended.

A. T. Stewart, the merchant prince of New York, died on the 10th inst., of inflammation of the bowels.

It is reported that Boss Tweed is in Italy traveling as the "American Baron."

Our three-linker friend, Mr. Grimes, of Harrisburg, called yesterday. Come again.

A Remarkable Death. A correspondent to the Dallas Tribune, writing from Prineville, Wasco county, March 28th, says: "Mr. John Lee, living about five miles below this place, while hunting recently, found the remains of a human being, evidently those of a white man, and the circumstances led to the belief that his end was a tragical one. The unfortunate man had sat down beneath a ledge of rocks, when a large flat rock slid down from above, striking across the right thigh and pinned him down forever."

When found the skeleton was sitting in an upright position with the edge of the rock still resting upon the thigh bone, the latter being badly crushed. There were no traces left which would lead to the identity of the person.—Who he was, from whence he came, or whether he was going must forever remain a mystery. Lone, wandering, and perhaps lost, he had probably seated himself to rest, and falling asleep, only awoke to the grim realities of death. His prayers, screams and dying groans were lost upon the wind as it sighed through the lone sage brush plains and died on the hollow distance. But no human aid was near, and his piteous wails only served to frighten away the famished birds with their black, gloomy, noiseless wings, and wolves, hovering near, already assured of their feast, but impatient of their prey. Perhaps fond and loving friends in some far-away home are still waiting, watching, praying for his coming—unconscious of his doom, yet ever hoping—hope, alas! which can never be realized by them.

Centennial Sabbath Breaking—A Re-membrance from the West.

BY ADDRESS JONES, SALEM, OREGON.

"During last year, Sunday excursion trains were run to the Centennial exhibition grounds." A few weeks ago a petition was in circulation in New Jersey asking the Legislature to stop those trains. If they refuse to do it, and the Sunday trains run again this year, other roads will probably do the same, and Sabbath-breakers from Baltimore, Washington, and a multitude of smaller towns will pour into Philadelphia until the Quaker city will be inundated.

We protest. Even Quakers have some rights which other men ought to respect; and though we are in far-off Oregon, we have a right to complain; for bad examples are contagious, and we are parties concerned. The most obscure family, getting water from a hydrant, would have a right to cry out if some bad men should build a tannery or a slaughter-house at the head of the reservoir from which they must drink; wealth, perhaps, to the perpetrators, but death to the victims.

Philadelphia is an influential city. Her religious books and missionaries go everywhere. Corrupt that fountain, and we all suffer. How much would the gamblers and Sabbath-breakers of the West be influenced hereafter by a colporteur from a city which had banished cast-off of the Sabbath?

But worse than that. Other bad men, seeing money in the plan, and determined to ruin it brings, would also run their Sunday trains all over the country, and compel their employees to manage their own affairs, but they don't want them again in Oregon? We should greatly fear they would.

Now it is not strange that when young men have been obliged to break the fourth commandment, they soon learn to break the eighth also, and steal. Indeed it would be strange if it were not so. Break down a young man's conscience at the outset, and compel him to set at defiance his mother's Bible and his mother's God and how long will he remain either temperate or honest? We western men have seen enough of this, and do not want our sons ruined.

We hope every editor and preacher will cry out: that every citizen will vote against it, and that all good people everywhere will pray that such wickedness be not done in our Centennial city. It might bring a curse, and the last of that city, and of this great nation, worse than the first."

HORSE MEN, LOOK TO YOUR INTERESTS.

I WILL MAKE THE INCOMING SEASON, from April 15th to July 15th, with

WHITE PRINCE, AND PRIDE OF PERCHE, one of the stallions brought out from the East last winter.

Will be at the stable of BEAN & DAVISON, corner of Broadway & N. Ferry streets, Albany, Oregon, on Wednesdays p. m., Wednesdays p. m., and Thursdays p. m., of each week during the season, at the stable of F. H. MANNING, 111 N. Ferry street, Albany, Oregon. PRIDE OF PERCHE came out from France in 1874, and made the season of '75 in Wisconsin. He has dark dapple gray, well formed, and style, good disposition, with a graceful, easy action, that I have never seen equalled in any horse of his size; will weigh, in good condition, 1400 pounds.

It has long been my ambition to be able to supply the horse breeders of Oregon with a breed of large horses and concentrated reproduction, which could be bred, when crossed upon the common natures of the country, a uniform class of horses—compact, symmetrical in form, coupled with style, action and stamina. To supply the above want, after a careful examination of the various large breeds known, I selected the Percheron family. The oldest sires from White Princes are now coming 4 years old, with the younger ones showing that they are all uniform in general make-up, and show the stock to be in a greater degree than the produce of any other horse in the State, whether bred in this or any other State. The Percheron, good American or the Indian pony makes, all show the peculiarities of the Percheron race.

In selecting the very best of the above horses, the breeder of Oregon, it is not an untiring task, and a demonstrated fact of their value, as it is 25 years since their introduction into this, and years in this State, and where introduced they are giving the best of satisfaction. This season, I have secured a stock of stock of the country, and the breeders of this State are unable to supply the demand for them. There is now, and will be for some time to come, a demand for the colts at good prices for stock purposes. TERMS: \$30 the season, or four mare for \$100 in U. S. gold coin, except White Princes—these to be bred by special agreement. A. H. MYER, Ashland, Or., March 31, 1876-28 \$5 to \$20 per day at home. Samples worth 10c sent. STRONG & CO., Portland, Me. SEND me to G. F. ROWELL & CO., New York, the number of no name, containing all newspapers, and estimates showing cost of advertising. Every \$12 a day at home. Agents wanted. Outfit \$12 terms free.
