OUR TICKET.

No one, we think, can fail to be pleased with the nominations made by the Linn County Convention. The names on that ticket are those of our most substantial, solid, competent men, who are in sympathy with the people, in all these respects having the advantage of their opponents on the Democratic ticket.

It is an unexceptionably good ticket, and will meet the hearty approval of Republicans, while we can confidently appeal to the honest and sober element of the Democratic party to support the ticket because of its superior excellence, in every respect, over the ticket put up for them by the old and corrupt ring that has so long had control of county affairs.

It will not be an easy matter to find out what becomes of the immense amount of taxes annually collected in Linn county, until that ring is broken up. With competent, sober, honest men, such as those heading our ticket, we cannot but be successful, if each citizen, who desires that rigid economy and unwavering honesty shall hereafter rule in county affairs, will do his duty from now until the evening of election, Hurray for the Linn County Republican ticket, and let each man use every honest endeavor to secure a change for the better in county affairs, by the election of every man whose name appears on the ticket.

THE DEMOCRATIC STATE CONVENTION—Met at Salem on Wednesday. Following are the nominations: For Congress, Lafayette Lane, Presidential electors, H. Klippel, W. B. Laswell, E. A. Cronin; Delegates to the National Convention, M. V. Brown, R. R. Thompson, J. H. Turner, J. C. Braley, Thomas Milliron, H. H. Gilfray; Hanna, prosecuting attorney, 1st district, John Thompson, judge, S. H. Hazard, attorney, 2d district; B. F. Bonham, judge, W. M. Ramsey, attorney, 3d district; Strong, attorney, 4th district; L. L. McArthur, judge, L. Ison, attorney, 5th district.

We earnestly urge our friends throughout the county to wake up to the real importance of the pending effort, and by energetic work to render certain a Republican victory. Such a victory is not to be won by supineness, and folding the hands in careless neglect of the great issues at stake. Victory, if won, must be sought and not waited for. Active, energetic, unflinching effort is essential to assured success.

Every citizen should vote. To fail in this sacred duty is to put in peril wise laws and good government. There is so much ignorance to contend against in this country that neglect of the franchise, on the part of intelligent citizens, becomes an unpardonable sin.

The most deplorable and disgusting feature of the Black Hills excitement, says the Denver News, is the efforts of the parties who are coining money out of the folly of the victims of the furore to lure them on by systematic false representations.

Cheyenne, Omaha, Sioux City, and other sporting points are especially culpable in this respect. Barren wreckers, who by false lights on the shore used to decoy homeward-bound ships to destruction among the breakers, were guilty of no blacker turpitude than that of the wretches who are now seeking to make money out of the utter shipwreck of the credulous people in their artful, systematically contrived lying representations.

The somewhat famous "New World case" has again been settled in the district court at Olympia. The suit arose about the movements of the steamer Neo World. When she was sold by the California S. N. Co., to the Oregon S. N. Co., it was stipulated by a bond of \$75,000 that the vessel should be kept in California waters. The O. S. N. Co. took the same bond from Hale, Windsor & Co., that she should be kept in California waters and not waters. Later she was sold to Capt. D. B. Finch, who soon afterwards took her to San Francisco, had her repaired and run to Seattle, where she was sold to the California S. N. Co. and recovered judgment, and the Oregon company pursued the same course against the latter but failed to obtain a judgment, the latter had endeavored to obtain a like judgment against Capt. Finch. But the jury, without retiring to the jury room, found in favor of the California S. N. Co., and on Thursday, last week, while out hunting near Dallas, Leonard Livermore met with a very painful accident. He and Wm. Cook were going through the brush, Cook in the rear, when the latter's gun went off, owing to the hammer being caught in the brush, the ball entering Mr. Livermore's chest, and he died in a few minutes. There is a gentleman aged 84 years, living on Pine creek, Wasco county, who has been married five times and has 25 children, is hale and hearty, and bids fair to live 20 or 25 years longer and have two or three more wives! He also has a cow, a pig, a sheep, a horse, a pig, and grinds his own grain, his women spin and weave, and make their own clothes; and, in short, the old fellow is really a model of a man.
