> OFFICERS ELECTED - BIG DIVY .- On Tuesday the annual election for Directors of the Albany Farmers' Company transpired, resulting in the re-election of the entire old Bonrd, viz: Dr. G. F. Crawford, M. II. Wilds, A. Whealdon, Thos. Froman, G. W. Vernon, W. P. Anderson and G. F. Simpson. At the meeting of the new Board on 2d of June, officers for the coming year will be elected. A dividend of thirty per cent. on the capital stock, was declared-an indication that the warehouse is a paying investment.

PANORAMA.-Col. Reed's magnificent panorama was exhibited in this city at the Opera House on Monday night, to a fair audlence, not as large, however, as the really splendid paintings deserved. The panorama contains some of the finest views we ever saw put on capvas, and those with which we are acquainted are perfect could not be truer to nature. Col. Reed s one of the greatest landscape painters in the world.

HONOR WELL BESTOWED. -The annual communication of the Grand Encampment of Oregon met in Portland last Monday evening. We see that our fellow citizen, J. F. Backensto, Esq., Representative elect of Orgeana Encampment No. 5, was elected Most Worthy Grand Patriarch-an honor most worthly bestowed. The other officers elect are : M E G H Priest, L. A. We judge, too, that he is a universal favorite in Portland, from the way the fire boys down there are going for his scalp. Let us have pence!

The Mechanic's Brass Band discoursed excellent music on Monday night, at the Opera House. The boys have received their new uniform, which, by the way, is very becoming. We have one of the best bands in the State, and our citizens should teel proud of it. While they cannot afford to play for everything that comes along, free of charge, yet their charges are reasonable, and we are among those who believe that the laborer is worthy of his hire. To attain their present proficiency, they have not only spent much labor, but money, in the purchase of instruments. music, paying a teacher, etc., and like other people, when they work they should be paid a fair remuneration. You don't expect mechanics to build a fence or erect a house for nothing, neither should you expect men who have spent time and money in acquiring proficiency in the grand science of music, to furnish music on public occasions without some compensation.

FIRE DELEGATES-A meeting of the Board of Fire Delegates was held at J. K. Weatherford's office on the evening of the 16th. All members present except S. Montgomery.
