**REPUBLICAN STATE PLATFORM.**

The Republican party of Oregon, in convention assembled, makes this declaration of its principles and policy:

*Resolved*, That in this Centennial year of American Independence we again affirm our devotion to those fundamental principles upon which the republic and the Republican party were founded. Among these are:

1. Unswerving fidelity to the constitution and the perpetuity of the Union.
2. The preservation of the liberties and equal rights of all citizens throughout the nation, and the impartial administration of the laws in every part of the country, for the protection and enforcement of public and private rights and the punishment of violence and crimes.
3. Pure and economical administration of every department of the government, State and national, and we pledge the support of the Republican party to all measures honestly proposed and wisely designed to promote the moral and material prosperity of the people.
4. That a well instructed people alone can be permanently free, it is therefore essential that the public school system shall be maintained in order that every child may receive such education as will fit him for useful citizenship, and we are unalterably opposed to any division of public school money for any purpose whatever.
5. That while we are in favor of a revenue for the support of the general government by duties upon imports, sound policy requires such adjustment of those imposts as to encourage the development of the industrial interest of the whole country, and we commend that policy of national exchange which secures to the working men liberal wages, to agriculture remunerative prices, to mechanics and manufacturers an adequate reward for their skill, labor and enterprise, and to the nation commercial prosperity and independence.
6. That the best interests of all citizens of every condition and pursuit imperatively demand the speediest return to a specie basis of values and currency, and we hail with gratification the act of a Republican Congress definitely providing for that end.
7. That we are in favor of untiring prosecution and punishment of public fraud and crime, straw-bidding and speculation in office, wherever existing, and we repeat the injunction, "Let no guilty man escape."
8. We demand that our national candidates shall be men of tried integrity, who will carry out this policy of reform, and preserve inviolate the great results of the war.
9. We arraign the present State administration and its supporters as corrupt and profligate. They have robbed the common school fund; they have been guilty of partizan legislation; they have squandered our patrimony in lands, and heaped upon us a debt of over \$300,000 in direct violation of the constitution.
