The total valuation of Eugene City, as assessed is \$400,000.

Hay harvest has commenced, and well it might, with hay at eighteen dollars per ton, at Eugene.

From Baker City on up to Boise and towards the railroad, crickets average from 40 to 50 bushels to the acre and they ain't half hatched out yet.

Last Tuesday one of the employes of Abrams mill sustained severe injuries, by being struck in the face with a vine maple limb, which was held to the ground by a log and was cut off by the party sustaining the injury.

Mr. James Humphrey in company with Frank Hadley returned last Thursday from a trip over the O. C. M. W. Road with a band of cattle. They report snow twentyfive or thirty feet deep on the summit, but rapidly disappearing.

Last summer a man by the name of Walker Harper located in Indian valley, in Union county, and soon after sent for his wife and child, who were living in Hickory county, Missouri. It was soon afterward ascertained that he was a fugitive from justice, an indictment resting against him in Missouri charging him with an assault with intent to kill. A warrant was issued by Gov. Grover and placed in Sheriff Curtis' hands authorizing his arrest. Mr. Curtis made one or two attempts to cause his arrest, but the fugitive eluded his vigilance.

A heart rending accident occurred near Turners Station last Saturday. Mr. Wade who lives near Cold Springs, had been attending a Good Templar picnic at that place with his family, and when starting for home, in turning the wagon round, it crumpled and raised the body up. Mrs. Wade was sitting on the seat beside her husband, and he caught her in time to save her from falling out, but she lost her hold of the child in her arms, a little girl aged one year, and it fell to the ground, the wheels passing over it, injuring it so that it died in about three hours.

A swarm of bees settled, last Sunday, on the oak tree in front of a residence, in Roseburg, which being discovered, soon called together quite a large crowd of men and boys, who after various trials to induce the bees to come down and enter a hive which had been prepared, offered some Chinamen present, \$2 50 to put them in the hive. Up the tree went the Chinamen, and lopping off a small limb, the bees took fright and left for the hills north of town. "No saba bee, big foolee he," said the Chinamen as they slowly slid down the tree and wistfully looked after the retreating cloud.

Mrs. Ben. Jones, on Snake river, discovered a rattlesnake in the house, one day last week. She called to a boy near by who took down a revolver and handed it to her. While he removed a box under the bed, she was holding the revolver down and looking at him, when the revolver went off and shot her in the foot; but when she pulled off her shoe the ball was drawn out by the shoestring; it did not go through her foot. She is now able to walk around, and is doing as well as if forty doctors were in attendance.

**BODY FOUND.**

News reached this city about ten o'clock last night, that the body of Mr. Chris. Ralston, drowned at the Crabtree crossing of the Santiam, about six miles Lebanon, a few days ago, had been recovered. We hope the rumor is true. Search for the body has progressed with scarcely a moment's cessation ever since the sad accident occurred.

Conductor Stroud received the news of the death of his son at Comstock's Mills, Wednesday about 6 p. m. He hired two men, jumped on a hand car and started for this city, a distance of say 75 miles, arriving here about 3 o'clock Thursday morning, when he took the morning Express for Portland.

Comp. D of the fifth cavalry, while scouting on Solomon river, on the 12th were attacked by about two hundred Indians supposed to be Sioux. After skirmishing some time, and exchanging a good many shots at long range, the redskins withdrew and the troops pursued the even tenor of their way.

A man named Andy Myers met with quite a serious accident a few days ago at the Blue Gulch diggings, Idaho, where he was working at the time. His left leg was broken between the knee and the ankle, in consequence of the fall of a body of snow from the height of about thirty feet.

The Masonic Fraternity at Rocky Bar, Idaho, propose to celebrate St. John's Day, June 24th, in a becoming manner. There will be a ball at New-comer's hotel on the evening of the 23, which promises to be a grand affair. An address will be delivered on the following day by Judge Anderson.

Notwithstanding the favorable report of the committee to which the bill was referred, it is believed that the admission of New Mexico will not be passed on by the House at the present session, both Democrats and Republicans opposing it.

Frank Grimes and James Morrison, who were arrested a few days ago, charged with housebreaking, had a preliminary examination in Salem before Judge Peebles, Tuesday, and were discharged.

The excursion train to Gervais Sunday will leave this city at 8 a. m. Returning, will leave Gervais at 5 p. m. Fare to Salem, round trip, \$1 50 Gervais, \$2.

It is stated that there will be more gold taken out within a radius of twenty miles of Pierce City in the next ten years than in the whole of the Black Hills.

Clifford D. Stroud, son of our worthy Conductor on the Albany express, died at Portland on the 21st, after a long illness, aged about 18 years.

The King of the little Kingdom of gets the handsome little salary of \$360, 800 gold per annum.

The high water at Portland has stopped the freight trains over the O. & C. Railroad.

Thursday evening the water at Portland was four inches higher than in 1862, and still slowly rising.

These striped stockings, now so fashionable, are creating havoc among the children, numerous cases of poisoning having been reported, caused by wearing them. Chemists have discovered that the coloring in the stripes contain a large quantity of arsenic.

A chief of the Cimarron Utes was shot and killed a few days ago. His slayer is Mexican sheep herder, and the shooting occurred on Dry Cimarron creek. The chief, a big brute who bullied it over the stockmen in that section, was in the act of driving off some sheep when shot by the herder. The red rufian was in such bad odor with his own band and tribe that his death has called out expressions of thankfulness to his slayer instead of provoking disturbance and hostility.

Last week on Friday, E. B. Moorlock and J. W. No. ville, acting under authority of Sheriff Curtis, succeeded in arresting Harper. They took him to the house of N. Baker, Harper's uncle, and placed him under guard, ironed and handcuffed. During the night the prisoner succeeded in removing his irons, and securing a six shooter made his escape, since which time he has not been heard from.

Several men are working busily in removing the jams in the Skagit river. They secure a great many good logs, but not enough to pay for their labor, so subscription papers are circulating to secure funds to enable them to continue the work.

Experienced persons estimate that the surplus crop for shipment in Walla Walla valley this year will be equal to 1,000,000 bushels. Evidently there will be work for the railroad and all the teams in the country.

Within a range of 100 miles in extent along the Platte, above and below Julesburg, are twenty-seven herds of cattle numbering about 76,900 head.

Travel between Corinne and Montana has been interrupted by high water and the washing away of the bridge across Prickly Pear creek.

The stage between Salt Lake and Bingham, runs at the rate of 12 miles an hour.

The Idaho Statesman of the 17th says that the Boise river is as high as it has been this spring, and is still rising.

Del Smith left on yesterday's noon train on a visit somewhere.

**Ayer's Cathartic Pills.**

**CURING** Constiveness, Indigestion, Dyspepsia, Biliousness, Liver Complaint, Headache, Piles, Rheumatism, Eruptions on the Skin, Dropsy, Torpidity of the Liver, and all the ailments which arise from impure blood. They are the most perfect and most abundant purgative yet discovered. They cure not only the every day complaints of every body, but the most dangerous diseases. Most skillful physicians, eminent clergymen, and the most celebrated reformers of our age, have derived from these Pills. They are the safest and best physic for children, because mild as well as efficient. Being sugar coated, they are easy to take, and being purely vegetable, they are entirely harmless.

**Ayer's Ague Cure.**  
For the Speedy Relief of  
Fever and Ague, Intermittent  
Fever, Chill Fever,  
Remittent Fever, Dumb  
Ague, Periodical or Bilious  
Fever, &c., and indeed all  
febrile affections, which arise  
from malarious, marsh, or  
mineral poisons. Has been widely used,  
during the last twenty-five years, in the treatment  
of these distressing diseases, and with  
such unvarying success that it has gained the  
reputation of being infallible. The shivers, or  
chills, once broken by it, do not return, until  
the disease is contracted again. This has made  
it an accepted remedy, and trusted specific  
for the Fever and Ague of the West, and the  
Chills and Fever of the South.  
Ayer's Ague Cure eradicates the noxious  
poison from the system, and leaves the patient  
as well as before the attack. It  
thoroughly expels the disease, so that no Liver  
Complaint, Rheumatism, Neuralgia, Dysentery  
or Debility follow the cure. Indeed, where  
Disorders of the Liver and Bowels have occurred  
from Miasmatic Poison, it removes the cause  
of them and they disappear. Not only is it an  
effective cure, but, if taken occasionally by  
patients exposed to malaria, it will expel the  
poison and protect them from attack. Trav-  
ellers and temporary residents in every and all  
Ague localities are thus enabled to defy the  
disease. The general Debility which is so apt  
to ensue from continued exposure to Malaria  
and Miasm, has no speedier remedy. For  
**Liver Complaints**, it is an excellent remedy.
